# OTHER SAFETY TIPS AND HINTS

## GARAGE, BASEMENT, WORKROOM

- Store, lock, or remove any power tools, heavy or sharp objects, or machinery
- Store, lock, or remove any chemicals, pesticides, or cleaning solutions
- Ensure that this area is locked when left unattended to prevent wandering or potential injury

## LOCKS

- Locking doors can prevent wandering and other unsafe behaviors
- Make sure to have locks/deadbolts on all doors that lead outside of the home
- Bedroom and bathroom doors should not have locks - they can end up trapping someone inside accidentally

## KITCHEN

- Consider different options in disabling the stove/oven: shut off the gas valve, install an auto-shut off valve, remove dials or heating elements
- Store, lock, or remove any knives, accessories, or other sharp objects
- Access other ways of cooking or preparing food on a daily basis

## ALARMS

- Smoke, fire, and carbon dioxide alarms can alert you, the person with dementia, and neighbors to any dangers
- Routinely check to make sure all alarms are charged, up-to-date, and active
- Have a safety plan in place for when any alarm goes off - a list of police, fire, and paramedics are vital for safety

## BATHROOM

- Consider adding handles to showers, rugs in bathrooms, and other appliances to reduce the risk of falls
- If possible, install walk-in showers or bathtubs: lips or edges present a risk of falling or tripping
- Ensure that faucets or other knobs can be easily turned on or off

## PREVENTING FALLS

- Keep all activities done by the person with dementia on the ground floor - avoid having to move up and down stairs
- Remove any furniture or objects found below waist level to avoid tripping/falling
- Install light strips in hallways to better illuminate them at night and use handrails when necessary

## LIVING PARTNERS

- Living alone can be difficult - consider options to have someone else live with them
- Safety is what matters: if they can't be safe living alone, consider other housing options
- Assisted living or memory care facilities can monitor and assist with those living alone

## MEDICATIONS

- Lock up and safely store medications when not in use
- Auto-dispensers can help regularly dispense scheduled medications and prevent accidental overdoses
- Find a common place to store locations - this can typically be the place where medications are taken throughout the day
