Democracy A Very Short Introduction:

Democracy: A Very Short Introduction Bernard Crick, 2002-10-10 This book is a short account of the history of the doctrine practices and institutions of democracy from Ancient Greece and Rome through the American French and Russian revolutions and its varieties and conditions in the modern world It argues that democracy is a necessary but not a sufficient condition for good government and that ideas of the rule of law and of human rights and the claims and liberties of groups within society must often limit the will of democratic majorities

Political Philosophy David Miller, 2003-06-26 This book introduces readers to the concepts of political philosophy It starts by explaining why the subject is important and how it tackles basic ethical questions such as how should we live together in society It looks at political authority the reasons why we need politics at all the limitations of politics and whether there are areas of life that shouldn't be governed by politics It explores the connections between political authority and justice a constant theme in political philosophy and the ways in which social justice can be used to regulate rather than destroy a market economy David Miller discusses why nations are the natural units of government and whether the rise of multiculturalism and transnational co operation will change this will we ever see the formation of a world government

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Democracy Naomi Zack, 2023-08-29 Very Short Introductions Brilliant Sharp Inspiring Democracy refers to both ideal and real forms of government The concept of democracy means that those governed the demos have a say in government But different conceptions of democracy have left many out Naomi Zack provides here a fresh treatment of the history of this idea and its key conceptions In the ancient world direct and representative democracy in Athens and Rome privileged elites as did democratic deliberative bodies in Africa India the Middle East and China Plato Aristotle and Cicero were sceptical of mob rule dangers of democracy The medieval and renaissance periods saw legislative checks on monarchy notably the Magna Carta The social contract theories of Thomas Hobbes John Locke and Jean Jacques Rousseau matched political expectations that national government be based on consent for the benefit of those governed The American Revolution established a new sovereignty based on British government tradition By contrast the French Revolution heralded universal humanitarian ideals In the nineteenth century Jeremy Bentham John Stuart Mill Immanuel Kant and Karl Marx focused on the democratization of society Mary Wollstonecraft had championed women's education and rights and Mill advocated further for that cause Movements for the abolition of slavery women's suffrage and labour unionization were organized World War II brought a reset in the twentieth century with new democratic governments for many countries including India and South Africa and new ideals Karl Popper Hannah Arendt and John Rawls emphasized orderly government transition inclusion and fairness Equalitarian goals have concerned racial and

ethnic minorities as well as women The twenty first century has brought fresh challenges including disasters and uninformed electorates Democracy among nations is a future goal ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Politics Kenneth Minogue,2000-02-24 In this provocative but balanced essay Kenneth Minogue discusses the development of politics from the ancient world to the twentieth century He prompts us to consider why political systems evolve how politics offers both power and order in our society whether democracy is always a good thing and what future politics may have in the twenty first century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Socialism: A Very Short Introduction Michael Newman,2005-07-28 Many people now think of socialism as an outdated ideology In this Very Short Introduction Michael Newman seeks to contextualise it explaining the evolution of socialist ideas from the French Revolution to the present day and examining why past attempts to implement socialism might have failed This fresh approach offers a unique understanding of both the theory and practice involved and how closely the two are related In addition to providing readers with a strong sense of socialism s relevance in today s world the author emphasises the inevitable close ties between socialism and notions of democracy freedom and equality

American Politics: A Very Short Introduction Richard M. Valelly,2013-03-28 This concise volume fills a long standing need for a sophisticated brief primer on American national politics A major theme of the book is the interplay between constitutional and extra constitutional institutions and political processes It provides engaging and exceptionally instructive treatments of the nuts and bolts of how American politics works and of the strengths of American democracy while candidly considering gaps in representation and the issue of increasing income inequality

Governance Mark Bevir,2012-10-25 The word governance is ubiquitous The World Bank and the International Monetary Fund make loans conditional on good governance Climate change and avian flu appear as issues of global governance The European Union issues a White Paper on Governance The U S Forest Service calls for collaborative governance What accounts for the pervasive use of the term governance and to what does it refer It has a bewildering set of answers The word governance is used in a variety of contexts but at a general level it refers to all forms of social coordination and patterns of rule In this Very Short Introduction Mark Bevir considers not only the main theories of governance but also their impact in a variety of areas including corporate public and global affairs ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new

ideas and enthusiasm to make interesting and challenging topics highly readable *James Harrington* Rachel Hammersley, 2019-10-03 Despite not being an active participant in the English Civil War seventeenth century political thinker James Harrington exercised an important influence on the ideas and politics of that crucial period of history In *The Commonwealth of Oceana* he sought to explain why civil war had broken out in 1642 to put the case for commonwealth government and to offer a detailed constitutional blueprint for a new and successful English government In this intellectual biography of Harrington Rachel Hammersley sets a fresh analysis of this and Harrington's other writings against the background of his life and the turbulent period in which he lived In doing so this study seeks to move beyond the conventional view of Harrington as primarily a republican thinker offering a broader and more comprehensive account of him which addresses the complexity of his republicanism as well as exploring his contributions to economic historical religious philosophical and scientific debates his experimentation with vocabulary and literary form and the relationship between his life and thought Harrington is presented as an innovative political thinker committed to democracy social mobility and meritocracy Ultimately this broader examination of Harrington's life and work opens a window on political economic religious and scientific issues which serve to complicate understandings of the English Revolution and sheds fresh light on the relevance of seventeenth century ideas to the modern world **Democracy's Paradox** Bruce Kapferer, Dimitrios Theodossopoulos, 2019-04-02 Does populism indicate a radical crisis in Western democratic political systems Is it a revolt by those who feel they have too little voice in the affairs of state or are otherwise marginalized or oppressed Or are populist movements part of the democratic process Bringing together different anthropological experiences of current populist movements this volume makes a timely contribution to these questions Contrary to more conventional interpretations of populism as crisis the authors instead recognize populism as integral to Western democratic systems In doing so the volume provides an important critique that exposes the exclusionary essentialisms spread by populist rhetoric while also directing attention to local views of political accountability and historical consciousness that are key to understanding this paradox of democracy Turpin and Tomkins' British Government and the Constitution Alison L. Young, 2021-04-01 A lot has happened to the UK Constitution in the last seven years We've witnessed the UK's exit from the EU further devolution to Scotland and Wales a number of prominent cases by the Supreme Court two early parliamentary general elections major governmental defeats and two Prime Ministerial resignations Alison Young has built on the text of Colin Turpin and Adam Tomkins earlier edition keeping their unique historical and contextual approach whilst bringing the material up to date with more contemporary examples including references to Brexit the recent prorogation and Brexit case law and the Covid 19 pandemic The book continues to include substantial extracts from parliamentary and other political sources as well as from legislation and case law It also provides a full yet accessible account of the British constitution at the culmination of a series of dramatic events on the threshold of possible further constitutional reform *Confiscating the common good* Edward J.

Woell,2022-08-02 Comprising five microhistories this book proposes that the French Revolution's religious politics in small towns weakened democratic society to such an extent that it precluded political democracy It details two revolutionary dynamics that damaged the civic life of small towns social polarisation and the loss of local institutions that had been a source of social capital as well as a common good Detailed narratives about Pont Mousson Gournay en Bray Vienne Haguenau and Is sur Tille also reveal that contrary to the view upheld by many scholars small town religious politics extended far beyond the pivotal Ecclesiastical Oath of 1791 Other developments the nationalisation of Church property the dissolution of religious orders and the elimination of bishoprics chapters parishes and collegial churches also adversely affected the wellbeing of these small urban communities not only in the Revolution but also in the two centuries that followed

Brexit, Union, and Disunion Sionaidh Douglas-Scott,2023-11-09 This book provides a critical analysis of Brexit placing it in the broader context of the historical development of the British Constitution and earlier disputes as to the meaning of statehood sovereignty and territorial boundaries Some of the greatest challenges posed by the UK's withdrawal from the EU are those it places on the British Constitution which is already unsettled and under strain This book investigates this impact but also uniquely locates Brexit in the broader context of historically significant British acts of union or disunion such as the loss of former US colonies and British Empire and the place of Scotland and Ireland in the Union These precedents help us understand how a British constitutional identity has been shaped or dismantled by legal concepts of union or sovereignty

Pearson Edexcel A Level UK Government and Politics Seventh Edition Neil McNaughton,Toby Cooper,2024-04-26 Build subject knowledge develop critical understanding and help students practise the skills they need to succeed in their study of UK Government and Politics This fully updated textbook for Pearson Edexcel A level Politics will help students develop understand and engage in the latest developments in UK Government and Politics Written by Neil McNaughton and revised by Toby Cooper this new edition is specially designed to reflect the Pearson Edexcel specification and let students approach complex topics with confidence Comprehensively covers Government of the UK and Politics of the UK Places recent developments in a historical context throughout to show the influence of political history on current events Builds subject confidence by highlighting key terms and explaining synoptic links between different topics in the specification Develops analysis and evaluation skills through debates and practice questions Provides answer guidance for practice questions online at www.hoddereducation.com/EdexcelUKPolitics7E

Democracies in America D. Berton Emerson,Gregory Laski,2023 Democracies in America collects twenty five essays from a diverse group of contributors each centred around a keyword from the language we use to discuss democracy The relationship between America and democracy is examined from multi disciplinary angles and at different moments in 19th century history while glancing forward to our time **Democratic Theorists in Conversation** J. Gagnon,2015-12-11 Democracy has changed considerably in recent years to the extent that our contemporary understanding differs greatly from long held democratic values In this collection renowned democratic

theorists from Noam Chomsky to Francis Fukuyama give their thoughts on new democratic theory and its implications for the study and practice of democracy **Democracy's Education** Harry C. Boyte, 2021-04-30 Today Americans feel powerless in the face of problems on every front Such feelings are acute in higher education where educators are experiencing an avalanche of changes cost cutting new technologies and demands that higher education be narrowly geared to the needs of today's workplace College graduates face mounting debt and uncertain job prospects and worry about a coarsening of the mass culture and the erosion of authentic human relationships Higher education is increasingly seen and often portrays itself as a ticket to individual success a private good not a public one Democracy's Education grows from the American Commonwealth Partnership a year long project to revitalize the democratic narrative of higher education that began with an invitation to Harry Boyte from the White House to put together a coalition aimed at strengthening higher education as a public good The project was launched at the beginning of 2012 to mark the 150th anniversary of the Morrill Act which created land grant colleges Beginning with an essay by Harry C Boyte Reinventing Citizenship as Public Work which challenges educators and their partners to claim their power to shape the story of higher education and the civic careers of students the collection brings world famous scholars senior government officials and university presidents together with faculty students staff community organizers and intellectuals from across the United States and South Africa and Japan Contributors describe many constructive responses to change already taking place in different kinds of institutions and present cutting edge ideas like civic science civic studies citizen professionalism and citizen alumni Authors detail practical approaches to making change from new faculty and student roles to changes in curriculum and student life and strategies for everyday citizen empowerment Overall the work develops a democratic story of education urgently needed to address today's challenges from climate change to growing inequality *The Handbook of Israel's Political System* Itzhak Galnoor, Dana Blander, 2018-04-30 There is growing interest in Israel's political system from all parts of the world This Handbook provides a unique comprehensive presentation of political life in Israel from the formative pre state period to the present The themes covered include political heritage and the unresolved issues that have been left to fester the institutional framework the Knesset government judiciary presidency the state comptroller and commissions of inquiry citizens political participation elections political parties civil society and the media the four issues that have bedevilled Israeli democracy since its establishment security state and religion the status of Israel's Arab citizens and economic inequities with concomitant social gaps and the contours of the political culture and its impact on Israel's democracy The authors skilfully integrate detailed basic data with an analysis of structures and processes making the Handbook accessible to both experts and those with a general interest in Israel **The Student's Companion to Social Policy** Pete Alcock, Margaret May, Sharon Wright, 2012-01-30 These essays convey the immediacy of social policy's intellectual and political engagements with the world and its practical applications in research and employment They also provide an overview of resources available to

students **Policy and Governance in Post-Conflict Settings** Puthsodary Tat, 2019-08-13 Post conflict societies are commonly constructed as weak fragile and failed states Economic recovery risks of renewed violent conflict natural resource degradation and poverty alleviation become prioritized agendas of donor countries and international institutions Billions of dollars on development policy and governance reform have been invested However misapplication ineffectiveness and foreign aid dependency have become a controversial debate on whose policy whose governance and whose outcomes To understand the problems the author employs a blend of social constructionism and discourse theory to establish a platform for understanding and discussing hegemonic aid conditionality on recipient governments The theories also help analyze how the meanings of post conflict governance are socially economically and politically constructed and used in state building state apparatuses institutional building and policy making process He reveals that the philosophical and theoretical knowledge that underlies the interface between the mode of governance and policy design create the consensus of values norms and indicators between experts public servants donors and communities in post conflict settings The author also shares illuminating case studies by way of his considerable wealth of experience leading reconstructive efforts in Afghanistan and Cambodia Paradigms in Political Economy Kavous Ardalan, 2015-11-06 Social theory can usefully be conceived in terms of four key paradigms functionalist interpretive radical humanist and radical structuralist The four paradigms are founded upon different assumptions about the nature of social science and the nature of society Each generates theories concepts and analytical tools which are different from those of other paradigms and together they provide a more balanced understanding of the phenomenon under consideration This book demonstrates that an understanding of these different paradigms and how they can be applied leads to a better understanding of the multi faceted nature of political economy Any explanation of a given phenomenon is based on a worldview The premise of this book is that any worldview can be associated with one of the four key paradigms Each chapter of the book takes an important phenomenon i e the state justice freedom democracy liberal democracy media and the great recession and discusses it from the four different viewpoints It emphasizes that the four views expressed are equally scientific and informative They look at the phenomenon from their certain paradigmatic perspective and together provide a more balanced understanding of the phenomenon under consideration The diversity of economics research possibilities referred to in this book is vast While each paradigm advocates a research strategy that is logically coherent in terms of underlying assumptions these vary from paradigm to paradigm The phenomenon to be researched can be conceptualized and studied in many different ways each generating distinctive kinds of insight and understanding This book is for those who study political economy as well as economic theory and philosophy
