Democratizing Biblical Studies Toward An Emancipatory Educational Space:

Democratizing Biblical Studies Elisabeth Schüssler Fiorenza, 2009-01-01 Schüssler Fiorenza addresses such questions as What are the educational practices and procedures that are advocated by traditional educational models and how can they be changed What kinds of educational and communicative practices do biblical studies need to develop in order to fashion an emancipatory democratizing rhetorical space and a forum of many voices To envision articulate debate and practice a radical democratic ethos of biblical studies she identifies emerging didactic models that can foster such a radical democratic style of learning Pbk cover *The Oxford Handbook of Feminist Approaches to the Hebrew Bible* Susanne Scholz, 2020-10-01 The Oxford Handbook of Feminist Approaches to the Hebrew Bible brings together 37 essential essays written by leading international scholars examining crucial points of analysis within the field of feminist Hebrew Bible studies Organized into four major areas globalization neoliberalism media and intersectionality the essays collectively provide vibrant relevant and innovative contributions to the field The topics of analysis focus heavily on gender and queer identity with essays touching on African Korean and European feminist hermeneutics womanist and interreligious readings ecofeminist and animal biblical studies migration biblical studies the role of gender binary voices in evangelical egalitarian approaches and the examination of scripture in light of trans women's voices The volume also includes essays examining the Old Testament as recited in music literature film and video games The Oxford Handbook of Feminist Approaches to the Hebrew Bible charts a culturally hermeneutically and exegetically cutting edge path for the ongoing development of biblical studies grounded in feminist womanist gender and queer perspectives Preaching the Word Karoline M. Lewis, 2023-04-11 The question of what to do with the biblical text in the sermon is perennial Biblical scholarship constantly evolves and grows making it hard even for biblical scholars themselves to apply the latest insights in their preaching The average pastor doesn't have time to keep up with the changes in biblical studies and as a result often defaults to interpretive methods learned in increasingly distant seminary years Preaching the Word addresses those needs by surveying recent developments in biblical studies with an eye to applying them in preaching the Gospel of John Noted New Testament Scholar and homiletician Karoline Lewis lays out these recent interpretive tools and methods demonstrating their application to preaching using specific passages in the Fourth Gospel Performing Early Christian Literature Kelly Iverson, 2021-10-07 Scholars of early Christian literature acknowledge that oral traditions lie behind the New Testament gospels While the concept of orality is widely accepted it has not resulted in a corresponding effort to understand the reception of the gospels within their oral milieu In this book Kelly Iverson reconsiders the experiential context in which early Christian literature was received and interpreted He argues that reading and performance are distinguishable media events and significantly that they produce distinctive interpretive experiences for readers and audiences alike Iverson marshals an array of methodological perspectives demonstrating how performance generates a unique experiential context that shapes and informs the interpretive process Iverson's study

explores the dynamic oral environment in which ancient audiences experienced the gospel stories He shows why an understanding of oral performance has important implications for the study of the NT as well as for several issues that are largely unquestioned by biblical scholars The Hebrew Bible John Barton,2021-08-31 This is a general interest introduction to the Old Testament from many disciplines There are 23 essays with 23 individual reference lists *New Feminist Christianity* Mary E. Profaning Paul Cavan W. Concannon, 2021-12-10. A critical reconsideration of the repeated use of the biblical letters of Paul. The letters of Paul have been used to support and condone a host of evils over the span of more than two millennia: racism, slavery, imperialism, misogyny, and anti-Semitism, to name a few. Despite or in some cases because of this history, readers of Paul have felt compelled to reappropriate his letters to fit liberal or radical politics seeking to set right the evils done in Paul's name. Starting with the language of excrement, refuse, and waste in Paul's letters, *Profaning Paul* looks at how Paul's "shit" is recycled and reconfigured. It asks why readers from liberal Christians to academic biblical scholars to political theorists and philosophers feel compelled to make Paul into a hero, mining his words for wisdom. Following the lead of feminist, queer, and minoritized scholarship, *Profaning Paul* asks what would happen if we stopped recycling Paul's writings. By profaning the status of his letters as sacred texts, we might open up new avenues for imagining political figurations to meet our current and coming political, economic, and ecological challenges.

The Bible in Culture Larry W. Caldwell, 2025-07-08 How to Read and Interpret Scripture Across Cultures How can believers across cultures faithfully read and apply Scripture in a way that honors both the biblical text and their unique cultural contexts In The Bible in Culture Larry Caldwell introduces ethnohermeneutics a revolutionary yet biblical approach to reading Scripture with rather than for the world Drawing from decades of experience living overseas Caldwell demonstrates that every culture has its own tools for understanding meaning and shows how God uses these to communicate the truth of his word This approach is rooted in observing how Jesus Paul and

others in the early church interpreted Scripture and in following their examples Through real life illustrations interactive activities and case studies readers will discover how they can also read and interpret God s word in their own cultures This book will challenge your assumptions about the interpretive task encouraging and equipping you to rethink how the Bible can be understood across every people group in various cross cultural multicultural and multigenerational contexts

Divine Scripture in Human Understanding Joseph K. Gordon,2019-03-15 In six closely reasoned chapters Joseph Gordon presents a detailed account of a Christian doctrine of Scripture in the fullest context of systematic theology Divine Scripture in Human Understanding addresses the confusing plurality of contemporary approaches to Christian Scripture both within and outside the academy by articulating a traditionally grounded constructive systematic theology of Christian Scripture Utilizing primarily the methodological resources of Bernard Lonergan and traditional Christian doctrines of Scripture recovered by Henri de Lubac it draws upon achievements in historical critical study of Scripture studies of the material history of Christian Scripture reflection on philosophical hermeneutics and philosophical and theological anthropology and other resources to articulate a unified but open horizon for understanding Christian Scripture today Following an overview of the contemporary situation of Christian Scripture Joseph Gordon identifies intellectual precedents for the work in the writings of Irenaeus Origen and Augustine who all locate Scripture in the economic work of the God to whom it bears witness by interpreting it through the Rule of Faith Subsequent chapters draw on Scripture itself classical sources such as Irenaeus Origen Augustine and Aquinas the fruit of recent studies on the history of Scripture and the work of recent scholars and theologians to provide a contemporary Christian articulation of the divine and human locations of Christian Scripture and the material history and intelligibility and purpose of Scripture in those locations The resulting constructive position can serve as a heuristic for affirming the achievements of traditional historical critical and contextual readings of Scripture and provides a basis for addressing issues relatively underemphasized by those respective approaches

Currents in the Interpretation of Paul Neil Elliott,2024-09-05 The apostle Paul has long been championed or criticized as a Christian thinker as a brilliant theological genius or an enthusiastic convert who spun arguments to justify his new allegiances In these essays Neil Elliott engages some of the most provocative currents in contemporary scholarship including Paul and the nature of violence the presumptions of religious cultural or national innocence in particular interpretations of the apostle the recent enthusiasm for Paul in some streams of Marxist thought competing construals of economic realities in Paul s day and our own and questions surrounding Paul s legacy today

Urban Ecclesiology Pascal D. Bazzell,2015-05-21 Pascal D Bazzell brings the marginal ecclesiology of a Filipino ecclesial community facing homelessness FECH into contemporary ecclesiological conversation in order to deepen the ecumenical understanding of today s ecclesial reality He contributes relevant data to support a theory of an ecclesial oriented paradigm that fosters ecclesial communities within homeless populations There is an extensive dialogue occurring between ecclesiologies church planting theories or urban missions and the urban poor Yet the situation with the

homeless population is almost entirely overlooked The majority of urban mission textbooks do not acknowledge an ecclesial oriented state of being and suggest that the street level environment is a place where no discipleship can occur and no church should exist By presenting the FECH s case study Bazzell emphasizes that it is possible to live on the streets and to grow in the faith of God as an ecclesial community To be able to describe the FECH s ecclesial narrative Bazzell develops a local ecclesiological methodology that aims to bridge the gap between more traditional systematic and theoretical ideal ecclesiology and practical oriented ecclesiology e g congregational studies in order to hold together theological and social understandings of the church in its local reality He articulates a theological framework for the FECH to reflect on who they are the essence of identity studies who they are in relationship to God the essence of theological studies and what that means for believers in that community as they relate to God and to each other in ways that are true to who they are and to who God intends them to be the essence of ecclesial studies The research provides a seldom heard empirical tour into the FECH s social world and communal identity The theological findings from the FECH s hermeneutical work on the Gospel of Mark reveal an understanding of church being developed as gathering around Jesus that creates a space for God s presence to be embodied in their ordinary relationships and activities and to invite others to participate in that gathering Moreover it addresses ecclesial issues of the supernatural world honor shame values and further develop the neglected image of the familia Dei in classical ecclesiology that encapsulates well the FECH s nature mission and place
