Demographic Engineering Population Strategies In Ethnic Conflict International Population Studies:

Demographic Engineering Paul Morland, 2014-10-01 Offering a new way of thinking about demographic engineering hard demography versus soft demography and how ethnic groups in conflict deploy demographic strategies this book will have a broad appeal to demographers geographers and political scientists It asks how policies have been framed and implemented to change the demography of ethnic groups on the ground in their own interests It also examines how successful these policies have been focusing on the cases of Sri Lanka Israel Palestine Northern Ireland and the U S A

Demographic Engineering Paul Morland (Dr), 2014 Offering a new way of thinking about demographic engineering hard demography versus soft demography and how ethnic groups in conflict deploy demographic strategies this book will have a broad appeal to demographers geographers and political scientists It asks how policies have been framed and implemented to change the demography of ethnic groups on the ground in their own interests It also examines how successful these policies have been focusing on the cases of Sri Lanka Israel Palestine Northern Ireland and the USA

Demographic Engineering: Population Strategies in Ethnic Conflict Paul Morland, 2016-05-23 Demography has always mattered in conflict but with conflict increasingly of an inter ethnic nature with sharper demographic differences between ethnic groups and with the spread of democracy numbers count in conflict now more than ever This book argues for and develops a framework for demographic engineering which provides a fresh perspective for looking at political events in countries where ethnicity matters It asks how policies have been framed and implemented to change the demography of ethnic groups on the ground in their own interests It also examines how successful these policies have been focusing on the cases of Sri Lanka Israel Palestine Northern Ireland and the USA Often these policies are hidden but author Paul Morland teases them out with skill both from the statistics and documentary records and through conversations with participants Offering a new way of thinking about demographic engineering hard demography versus soft demography and how ethnic groups in conflict deploy demographic strategies this book will have a broad appeal to demographers geographers and political scientists

Internal Migration Darren P. Smith, Nissa Finney, Nigel Walford, 2016-03-09 Over the last two decades there have been numerous profound changes in UK society which have had an impact on the scale geographies meaning and experiences of internal migration Providing a critical appraisal of migration scholarship from the perspective of Geography reviewing theory substantive foci and method this book demonstrates how sub national migration in the UK gives rise to and reflects new patterns of population housing economies and cultures Each chapter is written by a Population Geographer together with a scholar representing another Human Geography sub discipline thus providing a cross disciplinary perspective on a specific aspect of migration Critically reviewing and setting an agenda for internal migration scholarship from a spatial perspective this book will be of interest to academics and students of Geography and other disciplines concerned with migration both within the UK and further afield

The New Handbook of Political Sociology Thomas Janoski, Cedric de Leon, Joya

Misra, Isaac William Martin, 2020-03-05 Political sociology is a large and expanding field with many new developments and The New Handbook of Political Sociology supplies the knowledge necessary to keep up with this exciting field Written by a distinguished group of leading scholars in sociology this volume provides a survey of this vibrant and growing field in the new millennium The Handbook presents the field in six parts theories of political sociology the information and knowledge explosion the state and political parties civil society and citizenship the varieties of state policies and globalization and how it affects politics Covering all subareas of the field with both theoretical orientations and empirical studies it directly connects scholars with current research in the field A total reconceptualization of the first edition the new handbook features nine additional chapters and highlights the impact of the media and big data

Whiteshift Eric Kaufmann, 2019-02-05 This ambitious and provocative work delves into white anxiety about the demographic decline of white populations in Western nations Publishers Weekly Whiteshift is defined as the turbulent journey from a world of racially homogeneous white majorities to one of racially hybrid majorities In this data driven study political scientist Eric Kaufmann explores how these demographic changes across Western societies are transforming their politics The early stages of this transformation have led to a populist disruption tearing a path through the usual politics of left and right If we want to avoid more radical political divisions Kaufmann argues we have to enable white conservatives as well as cosmopolitans to view whiteshift as a positive development Kaufmann examines the evidence to explore ethnic change in North American and Western Europe Tracing four ways of dealing with this transformation fight repress flight and join he makes a persuasive call to move beyond empty talk about national identity Deeply thought provoking enriched with illustrative stories and drawing on detailed and extraordinary survey demographic and electoral data Whiteshift will redefine the way we discuss race in the twenty first century

Genocide Culture Kaziwa Salih, 2024-10-15 This book considers different stages of Kurdish history oppression and genocide through a critical lens offering an historiography of Iraq and colonialism Divided into two parts the first part conceptualizes the coined term genocide culture and examines dominant Iraqi cultural practices that fostered genocide The second part contextualizes the experiences of the Kurdish community to examine the effects of cultural practices and the role of civilian actors in fueling the extermination of targeted groups Through semi structured interviews primary archival documents and nonparticipant observation the author studies the links between everyday cultural practices and microaggression in general and the nexus between the state and the general population in the implementation of macroaggression and genocide The audience will include scholars and students interested in genocide studies and the relation of both genocide and culture to histories of colonialism as well as those working in the fields of violence and cultural psychology sociology history international relations ethnic conflict and Middle Eastern studies

People Changing Places Isabelle Côté, Matthew I. Mitchell, Monica Duffy Toft, 2018-07-04 While migration and population settlement have always been an important feature of political life throughout the world the dramatic changes in the pace direction and complexity of

contemporary migration flows are undoubtedly unique Despite the economic benefits often associated with global regional and internal migration the arrival of large numbers of migrants can exacerbate tensions and give rise to violent clashes between local populations and recent arrivals This volume takes stock of these trends by canvassing the globe to generate new conceptual empirical and theoretical contributions The analyses ultimately reveal the critical role of the state as both an actor and arena in the migration conflict nexus *Handbook of International Relations* Cameron G. Thies,2025-06-09 This comprehensive Handbook provides an assessment of recent scholarship in the field of International Relations IR Cameron G Thies brings together leading scholars to explore its contested disciplinary foundations as well as the major theoretical and methodological approaches used to explain and understand IR **Queering Multiculturalism** Aret Karademir,2018-09-15 Queering Multiculturalism argues for group specific rights for ethno cultural minorities but without ignoring that such rights may lead to ethnic chauvinism balkanization and the cultural marginalization of minorities within minorities such as ethnic LGBT people Thus it aims to construct a liberal theory of minority rights to accommodate ethno cultural diversity without destroying ethno sexual diversity and without privileging one type of minority group over another *Becoming Good Women* Laura Batatota,2024-11-01 For female Sinhalese students attending a national school in the Central Province of Sri Lanka the school serves as a significant base for cultural production particularly in reproducing ethno religious hegemony under the guise of good Buddhist girls It illustrates that tuition space acts as an important site for placemaking where students play out their cosmopolitan aspirations whilst acquiring educational capital Drawing on theories of social reproduction the book examines young people s aspirations of figuring out their identity and visions of the future in the backdrop of nation building processes within the school **Federalism and Decentralization in the Contemporary Middle East** Aslı Ü. Bâli,Omar M. Dajani,2023-01-05 The first book in English on the law and politics of federalism and decentralization in the MENA region *Political Demography, Demographic Engineering* Myron Weiner,Michael S. Teitelbaum,2001 A timely stimulating and very readable volume Journal of International Migration and Integration Essays in the true sense they are readable wide ranging historically and geographically Population and Development Review The essays are clearly written well reasoned and contain a wealth of examples It will be read with profit by students who are looking for a readable and sensible overview of the field Journal of Ethnic and Migration Studies Over the past decade the impacts of demographic trends on international security and on peaceful relations between and within states have come to the fore in ways not seen since the aftermath of World War II An evolving and more complex set of changes in the size distribution and composition of populations has become the basis for a new look at the security effects of changes in the size distribution and composition of populations This book is an attempt to lay out the new look to take issue with some of the prevailing views on the political consequences of population change and to suggest where the concerns are realistic and where they are not From the Preface This book not only offers a magisterial analysis of the political effects of the dramatic

population changes that are taking place in countries all around the world it also represents the testimony of one of the most distinguished scholars in the field of migration and population studies Myron Weiner former Professor of Political Science at MIT and Chair of the External Research Advisory Committee of the United Nations High Commissioner for Refugees Michael S Teitelbaum a demographer is Program Director at the Alfred P Sloan Foundation in New York

A Research Agenda for Political Demography Sciubba, Jennifer D.,2021-08-27 Exploring how demographic dynamism continues to shape the character of societies this forward looking Research Agenda offers insights into how the human population has undergone fundamental demographic shifts and the impact these have had on how we organize ourselves politically the design of our economic systems and even our societal relationships

Population Displacements and Multiple Mobilities in the Late Ottoman Empire ,2023-05-25 The long lasting Ottoman Empire was a theatre of armed conflict and human displacement Whereas military victories in the early modern period enabled its territorial expansion and internal consolidation the later centuries were shaped by military defeat and domestic turmoil setting hundreds of thousands sometimes even millions of people in motion Spanning from Europe to Asia the book reassesses these movements Rather than adopting a teleological approach to the study of the Ottoman defeat it connects late Ottoman history to wider dynamics extending or challenging existing concepts and narratives

Refugees' Roles in Resolving Displacement and Building Peace Megan Bradley,James Milner,Blair Peruniak,2019-06-01 How are refugee crises solved This has become an urgent question as global displacement rates continue to climb and refugee situations now persist for years if not decades The resolution of displacement and the conflicts that force refugees from their homes is often explained as a top down process led and controlled by governments and international organizations This book takes a different approach Through contributions from scholars working in politics anthropology law sociology and philosophy and a wide range of case studies it explores the diverse ways in which refugees themselves interpret create and pursue solutions to their plight It investigates the empirical and normative significance of refugees engagement as agents in these processes and their implications for research policy and practice This book speaks both to academic debates and to the broader community of peacebuilding humanitarian and human rights scholars concerned with the nature and dynamics of agency in contentious political contexts and identifies insights that can inform policy and practice

The Dilemmas of Ethnic Policy John Gaffar La Guerre,2017-01-03 The Dilemmas of Ethnic Policy A Global Perspective argues that ethnic conflict increases or decreases in relation to changes in the social structure and the location and distribution of political power Ethnic grievances derive from lack of access to valued resources and elites play a crucial role in allocating those resources This book examines the experiences of five countries with a history of ethnic conflict former Yugoslavia Bosnia Herzegovina Guyana Trinidad and Tobago and the United States It finds that in many cases solutions adopted to mitigate ethnic conflict have unintended consequences Often supposed solutions confuse cause and effect and in fact worsen ethnic conflict Attempts to address identity issues by pandering to them often led to further ethnic

demands This book argues that based on the experiences of the countries under examination the best course is to adopt policies that encourage alliances between and among ethnic groups *International Handbook of Population Policies* John F. May, Jack A. Goldstone, 2022-07-01 This Handbook offers an array of internationally recognized experts essays that provide a current and comprehensive examination of all dimensions of international population policies The book examines the theoretical foundations the historical and empirical evidence for policy formation the policy levers and modelling as well as the new policy challenges The section Theoretical Foundations reviews population issues today population theories the population policies framework as well as the linkages between population development health food systems and the environment The next section Empirical Evidence discusses international approaches to design and implement population policies on a regional level The section Policy Levers and Modelling reviews the tools and the policy levers that are available to design implement monitor and measure the impact of population policies Finally the section New Policy Challenges examines the recurrent and emerging issues in population policies This section also discusses prospects for demographic sustainability as well as future considerations for population policies As such this Handbook provides an important and structured examination of contemporary population policies their evolution and their prospects *Population Change in Europe, the Middle-East and North Africa* Koenraad Matthijs, Karel Neels, Christiane Timmerman, Jacques Haers, 2016-12-05 Current demographic trends raise new questions challenges and controversies Comparing demographic trends in Europe and the NAME region North Africa and the Middle East this book demonstrates how population change interacts with changing economic landscapes social distinctions and political realities A variety of drivers contribute to demographic change in the various regions and countries considered such as family policies economic realities the impact of educational differentials and the attitudes towards marriage On the macro level the new trends are restructuring the age composition of populations and are reshaping the life courses of individuals and families In turn the impact demographic forces have on the organisation of labour markets on fiscal policies on the care of the elderly on migration flows and on political changes can be quite radical Chapter 1 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 3.0 license https://s3.us-west-2.amazonaws.com/tandfbis-rt-files/docs/Open+Access+Chapters/9781472439543_oachapter1.pdf **The Making of Modern Turkey** Ugur Ümit Üngör, 2012-03 Offers a novel perspective on the establishment of the Turkish nation state and highlights how the Young Turk regime from 1913 to 1950 subjected Eastern Turkey to various forms of nationalist population policies aimed at ethnically homogenizing the region and including it in the Turkish nation state
