WOLDU, 2009-01-08 In studying the realm of demons we desperately need knowledge of the Word of God This is due to the fact that we ought to treat the subject in a spiritually balanced way Unbalanced teaching will be in danger of falling to one of the two extremes it will either ignore demons or attach everything to demons A born again Christian drives out demons they don t enter him her Thus we Christians should lead a life of holiness love and humility and grow in God s Word and Spirit As a result we should go from faith to faith from power to power and from glory to ever increasing glory Although demons don t enter born again Christians the devil will fight against Christians through his flaming arrows We should take up and put on the full armor of God in order to tackle the enemy s fiery darts

S. A. Lloyd,2013-08-31 This volume demonstrates the enduring relevance of the philosophy of Thomas Hobbes for the political and social problems we face today **The Problem of Evil and the Power of God** Atle Ottesen Søvik,2011-05-23 The problem of evil can be defined theoretically as the apparent inconsistency between on the one hand belief in the existence of a perfectly good and omnipotent God and on the other hand the existence of evil This book discusses four different solutions to this problem provided by Richard Swinburne Keith Ward David Griffin and Johan Hygen with the goal of finding the most coherent solution The author makes several suggestions for improvement and concludes that there is a coherent answer to the problem of evil While the focus is on Christian approaches to the problem many of the approaches and solutions are applicable to other religions as well **Deliverance From Demons** Zacharias Tanee Fomum,2016-10-08 This book on deliverance talks about demons their origin nature manifestation and expulsion The author Z T Fomum who has personally carried out several deliverance sessions and led many people to freedom from the grip of demons clearly shows with Biblical examples the different forms and manifestations of demons and the Biblical ways taught in the Scriptures to cast out demons and free their captives This book is also rich in instructions and steps that can help anyone deliver themselves from demons and terminate with the past This book if made a handbook can make you a minister of deliverance and help protect you from the influence of demons 1 shi qingyao,2024-11-19 If dogs don t bark I ll be helpless and I won t have to work in the sun for two days I mvery satisfied The Demonic in the Political Thought of Eusebius of Caesarea Hazel Johannessen,2016-09-15 The Demonic in the Political Thought of Eusebius of Caesarea explores how Eusebius of Caesarea s ideas about demons interacted with and helped to shape his thought on other topics particularly political topics Hazel Johannessen builds on and complements recent work on early Christian and early modern demonology Eusebius political thought has long drawn the attention of scholars who have identified in some of his works the foundations of later Byzantine theories of kingship However Eusebius political thought has not previously been examined in the light of his views on demons Moreover despite frequent references to demons throughout many of Eusebius works there has been no comprehensive study of Eusebius views on demons until now as expressed throughout a range of his works The originality of this study lies both in an initial examination of Eusebius views on demons and their place in his cosmology and in the application of the insights derived from this to consideration of his political thought As a result of this new perspective Johannessen challenges scholars traditional characterization of Eusebius as a triumphal optimist Instead she draws attention to his concerns about a continuing demonic threat capable of disrupting humankind s salvation and presents Eusebius as a more cautious figure than the one familiar to late antique scholarship *The Works of the Enemy(Satan and His Demonic*

Forces) Robert Antwi,2015-03-12 Satan and his forces are waging a war against humanity but the sad thing is many Christians are not aware of the extent of this warfare This a spiritual warfare and the Bible teaches a lot about the works of the enemy and the spiritual warfare so I decided to write on this topic to bring light to what Satan and his forces are doing in this world The works of the enemy what Satan and his demonic forces are doing are well outlined in this book and I have backed every work of the enemy with the Word of God Satan and his forces are working twenty four hours a day seven days a week four weeks a month and twelve months a year They work all the year without any vacation The major work of the enemy is to get Christians to sin against God and to diminish their faith in God In the world Satan is using money sex and power to keep many people from knowing God through his Son Jesus Christ Money is the root of all evil so many evil and untold hardship come to fruitful in the name of money Satan and his forces are working in all the four corners around the world to keep people away from knowing God One may be praying on a topic for a long time without any answer then the enemy will tell you that your God cannot answer your prayers and if you listen to the enemy then your faith in God will diminish Whatever God hates is what Satan loves for example God says I hate divorce and Satan will say I love divorce Satan may keep you not only in poverty but in debt Satan may take away your health which may come along with sadness and depression Satan is crafty and cunning so we may only attack him in the name which is above any other name in heaven or on earth or under the earth which is Jesus Christ As you read on you are going to see how the enemy is fighting the spiritual warfare with his demonic forces The Bible tells us how Christians will be able to wage this spiritual warfare against Satan and his forces Looking at Ephesians 6 1217 For we wrestle not against flesh and blood but against principalities against powers against the rulers of the darkness of this world against spiritual wickedness in high places Wherefore take unto you the whole armour of God that ye may be able to withstand in the evil day and having done all to stand Stand therefore having your loins girt about with truth and having on the breastplate of righteousness And your feet shod with the preparation of the gospel of peace And above all taking the shield of faith wherewith ye shall be able to quench all the fiery darts of the wicked And take the helmet of salvation and the sword of the Spirit which is the word of God Christians are to put on the armor of truth righteousness the gospel of peace faith helmet of salvation and the Word of God in order to wage the spiritual warfare against Satan and his forces This will be more explained as you read on It is my prayer that you will be able to know more about the works of the enemy and be able to pray effectively to destroy the works of the enemy in your life and the world around you

Christ, Power and Mammon Scott Thomas Prather, 2013-08-15 This book examines the role of the New Testament concept of the principalities and powers in the thought of Karl Barth and John Howard Yoder showing how this biblical concept of power is central to the fundamental theological convictions of each thinker Prather offers a scholarly account of the underexplored theological and ethical import of a major biblical theme and the book addresses questions and concerns from a wide range of academic and lay theological interest He brings Barth and Yoder into dialogue here and examines the three crucial areas the confessional distinction of church and world the demonization of political power and the intrinsic relation between the political and economic powers While other theologians have rightly identified a christocentric connection between the thought of Barth and Yoder no attempt has been made to bring them together through the sustained analysis of a single doctrinal or ethical issue this book does just that

Unmasking the Powers Walter Wink, 1993-03-01 Angels Spirits principalities powers gods Satan these along with all other spiritual realities are the unmentionables of our culture The dominant materialistic worldview has absolutely no place for them But materialism itself is terminally ill and let us hope in process of replacement by a worldview capable of honoring the lasting values of modern science without succumbing to reductionism Therefore we find ourselves returning to the ancient traditions searching for wisdom wherever it may be found We do not capitulate to the past and its superstitions but bring all the gifts our race has acquired along the way as aids in recovering the lost language of our souls In Naming the Powers I developed the thesis that the New Testament's principalities and powers is a generic category referring to the determining forces of physical psychic and social existence In the present volume we will be focusing on just seven of the Powers mentioned in Scripture Their selection out of all the others dealt with in Naming the Powers is partly arbitrary they happen to be ones about which I felt I had something to say But they are also representative and open the way to comprehending the rest They are Satan demons angels of churches angels of nations gods elements and angels of nature

Invading the Realm of Demons, Disease, and Death Carl E. Roemer, 2024-01-29 This study of the miracles attributed to Jesus in the Gospels begins with a survey of the sciences because in our present cultural context materialism is the dominant approach to and understanding of our world of history and of our very selves If the materialist's understanding is true then there is no such thing as miracles because every event must occur as the result of some previous material events Contemporary biblical scholarship mostly approaches the miracle stories from a materialist point of view It questions their historicity because they violate what has now become the entrenched *modus operandi* in our culture and society operating with the idea that the universe is a closed nexus of cause and effect The miracles are understood then as products of the community and not historical reports although according to this line of scholarship they may be based on some vague recollection of Jesus's activity that somehow had healing effects Modern science however as one scientist has put it in climbing the mountain of knowledge has reached its peak and found a theologian at the top The sciences in other words have led to the implication that our universe has a creator and that the universe and the human genome have been designed
