## **Epidemiology A Research Manual Of South Africa:**

**Epidemiology** Rodney Ehrlich, Georgina Joubert, 2014 What is the nature of epidemiology Why is epidemiology so important in the context of health and particularly public health in South Africa How can it help us answer important questions in clinical medicine and public health *Epidemiology A Research Manual for South Africa 3e* provides lecturers with useful resources on which to base introductory Epidemiology and Research Methods courses and helps to answer these questions Written by South African experts *Epidemiology A Research Manual for South Africa 3e* is aimed at undergraduate or postgraduate students encountering epidemiology and more generally quantitative public health research methods for the first time Epidemiology is taught within the following programmes MBChB BCur Diploma Primary Health Care and National Diploma Environmental Health It enables readers to evaluate data critically and to report their findings lucidly and accurately *Epidemiology* Rodney Ehrlich, Georgina Joubert, 2008-01-31 *Epidemiology A Research Manual for South Africa* maintains the focus on epidemiology as a discipline and incorporates the changes in policy as well as new findings and research methodologies The only South African book dealing with epidemiology as a discipline **Epidemiology** Georgina Joubert, Landon Myer, 2021 *Epidemiology A Research Manual for South Africa* offers an applied introduction to epidemiological research methods for students of various health science disciplines who are required to conduct or reference epidemiological research Directed at readers who are new to epidemiological theory and practice the text explains fundamental concepts and methods in a manner that is clear and accessible The text offers a step by step guide to the development of a research protocol and the application of epidemiological methods and addresses specific content areas and methodologies that are important in contemporary epidemiological research Examples focus on the South African setting highlighting regional conditions diseases and health services This fourth edition is comprehensively revised to reflect current knowledge and practice and reflects greater emphasis on the complex burden of disease in South Africa as well as the use of routinely available health data for research purposes The text includes new chapters on reproductive and perinatal epidemiology as well as injury epidemiology and offers many new local examples *Epidemiology* Judy M. Katzenellenbogen, Georgina Joubert, S. S. Abdool Karim, 1997 *An Introduction to Global Health Ethics* Andrew Pinto, Ross Upshur, 2013-03-05 The field of global health is expanding rapidly An increasing number of trainees are studying and working with marginalized populations often within low and middle income countries Such endeavours are beset by ethical dilemmas mitigating power differentials addressing cultural differences in how health and illness are viewed and obtaining individual and community consent in research This introductory textbook supports students to understand and work through key areas of concern assisting them in moving towards a more critical view of global health practise Divided into two sections covering the theory and practice of global health ethics the text begins by looking at definitions of global health and the field's historical context It draws on anti colonial perspectives concepts developing social justice and solidarity as key principles to

guide students The second part focuses on ethical challenges students may face in clinical experiences or research Topics such as working with indigenous communities the politics of global health governance and the ethical challenges of advocacy are explored using a case study approach An Introduction to Global Health Ethics includes recommended resources and further readings and is ideal for students from a range of disciplines including public health medicine nursing law and development studies who are undertaking undergraduate and graduate courses in ethics or placements overseas
