

A stylized, light blue and white globe is positioned in the upper left corner of the slide. The globe shows the outlines of continents and oceans. The background of the slide is a textured, light blue pattern.

Democracy and the Media

A Comparative Perspective

Richard Gunther and Anthony Mughran

Democracy And The Media A Comparative Perspective Communication Society And Politics

Douglas M. McLeod, Dhavan V. Shah

Democracy And The Media A Comparative Perspective Communication Society And Politics:

Democracy and the Media Richard Gunther, Anthony Mughan, 2000-08-28 This book presents a systematic overview and assessment of the impacts of politics on the media and of the media on politics in authoritarian transitional and democratic regimes in Russia Spain Hungary Chile Italy Great Britain Germany Japan the Netherlands and the United States Its analysis of the interactions between macro and micro level factors incorporates the disciplinary perspectives of political science mass communications sociology and social psychology These essays show that media s effects on politics are the product of often complex and contingent interactions among various causal factors including media technologies the structure of the media market the legal and regulatory framework the nature of basic political institutions and the characteristics of individual citizens The authors conclusions challenge a number of conventional wisdoms concerning the political roles and effects of the mass media on regime support and change on the political behavior of citizens and on the quality of democracy

Comparing Political Communication Frank Esser, Barbara Pfetsch, 2004-09-06 This volume assesses comparative political communication research and considers potential ways in which it could and should develop Twenty experts from Europe and the United States offer a unique and comprehensive discussion of the theories cases and challenges of comparative research in political communication The first part discusses the fundamental themes concepts and methods essential to analyze the effects of modernization and globalization of political communication The second part offers a broad range of case studies that illustrate the enormous potential of cross national approaches in many relevant fields of political communication The third part paves the way for future research by describing the most promising concepts and pressing challenges of comparative political communication This book is intended to introduce new students to a crucial dynamic field as well as deepening advanced students knowledge of its principles and perspectives

Civic Hope Roderick P. Hart, 2018-03-22 Civic Hope is a history of what everyday Americans say in their own words about the government overseeing their lives Based on a highly original analysis of 10 000 letters to the editor from 1948 to the present published in twelve US cities the book overcomes the limitations of survey data by revealing the reasons for people s attitudes While Hart identifies worrisome trends including a decline in writers abilities to explain what their opponents believe and their attachment to national touchstones he also shows why the nation still thrives Civic Hope makes a powerful case that the vitality of a democracy lies not in its strengths but in its weaknesses and in the willingness of its people to address those weaknesses without surcease The key Hart argues is to sustain a culture of argument at the grassroots level

New Television, Old Politics Hernan Galperin, 2004-05-24 This book examines the economic political and technological forces that are shaping the future of broadcasting in advanced industrialized nations by comparing the transition from analog to digital TV in the US and Britain Digital TV involves a major reordering of the broadcast sector that requires governments to rethink governance tools for the digital media era By looking at how the transition is unfolding in these nations the book uncovers the political underpinnings

of the emerging governance regime for digital communications and explores the implications of the transition for the development of the Information Society in the US and Europe The findings challenge much conventional wisdom about media deregulation and the globalization of communications The transition to digital TV has not weakened but rather reinforced government control over broadcasting Moreover contrary to what many globalization theories would predict it has reinforced preexisting differences in the organization of media across nations *From Media Systems to Media Cultures* Sabina Mihelj, Simon Huxtable, 2018-08-23 In *From Media Systems to Media Cultures* Understanding Socialist Television Sabina Mihelj and Simon Huxtable delve into the fascinating world of television under communism using it to test a new framework for comparative media analysis To understand the societal consequences of mass communication the authors argue that we need to move beyond the analysis of media systems and instead focus on the role of the media in shaping cultural ideals and narratives everyday practices and routines Drawing on a wealth of original data derived from archival sources programme and schedule analysis and oral history interviews the authors show how communist authorities managed to harness the power of television to shape new habits and rituals yet failed to inspire a deeper belief in communist ideals This book and their analysis contains important implications for the understanding of mass communication in non democratic settings and provides tools for the analysis of media cultures globally *Trump and Us* Roderick P. Hart, 2020-02-14 Trump won the presidency not because of partisanship policy or economic factors but because of how he makes people feel **Media Ethics and Global Justice in the Digital Age** Clifford G. Christians, 2019-03-21 Presents a new theory of media ethics that is explicitly international **IBSS** Compiled by the British Library of Political and Economic Science, 2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *When Politicians Attack* Tim Groeling, 2010-07-19 A study of the consequences of partisan communication on the stability of unified government of the United States **Social Media and Politics in Central and Eastern Europe** Paweł Surowiec, Václav Štětka, 2017-09-05 Social media are increasingly revolutionising the ways in which political communication works and their importance for engaging citizens in politics and public affairs is well understood by political actors This book surveys current developments in social media and politics in a range of Central and Eastern European countries including Ukraine and Russia It explores the process of adoption of social media by politicians journalists and civic activists examines the impact of the different social and cultural backgrounds of the countries studied and discusses specific political situations such as the 2012 protests in Moscow and the 2014 EuroMaidan events in Ukraine where social media played an important role The book concludes by addressing how the relationship between social media and politics is likely to develop and how it might affect the still relatively new democracies in the region **Four Theories of the Press** Maira T. Vaca-Baqueiro, 2017-10-23 The links between distinctive political regimes and media systems are undeniable As Siebert Peterson and Schramm wrote 1956 1 60

years ago the press always takes on the form and coloration of the social and political structures within which it operates Nevertheless today s world and politics are completely different from the bipolar era that inspired the ground breaking Four Theories of the Press What are the main changes and continuities that have driven the study of politics and the media in the last decades How to approach this interaction in the light of the challenges that democracy is facing or the continuing technological revolution that at times hampers the media This provocative book explores the main premises that have guided the study of politics and the media in the last decades In so doing it gives the reader key analytical tools to question the sustainability of past categorizations that no longer match up with current developments of both political regimes and the media In searching for clarification about current discrepancies between democracies and media s distinctive structures or purposes Four Theories of the Press 60 Years and Counting puts forward an alternative premise the political media complex

Rethinking Media Research for Changing Societies Matthew Powers, Adrienne Russell, 2020-08-20 This agenda setting volume brings together leading scholars of media and public life to grapple with how media research can make sense of the massive changes rocking politics and the media world Each author identifies a most pressing question for scholars working at the intersection of journalism politics advocacy and technology The authors then suggest different research approaches designed to highlight real world stakes and offer a path toward responsive productive action Chapters explore our datafied lives journalism s deep responsibilities and daunting challenges media s inclusions and non inclusions the riddle of digital engagement and the obligations scholars must attempt to meet in an era of networked information The result is a rich forum that addresses how media transformations carry serious implications for public life Original provocative and generative this book is international in its orientation and makes a compelling case for public scholarship *News Hole* Danny Hayes, Jennifer L. Lawless, 2021-09-16 Explores how the decline in local political reporting has depressed citizen engagement with local politics in the US **The Oxford Handbook of Political Executives** Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020 This Handbook provides definitive reference work on political executives and their key role in political systems It records the current theoretical and methodological debates and sets the agenda for future research in this prominent and extremely wide ranging field of research **News Frames and National Security** Douglas M. McLeod, Dhavan V. Shah, 2015 This book explores the power of news coverage to render targeted groups suspicious and to spur support for government surveillance It argues that the tendency of journalists to frame stories around individual targets of surveillance shapes citizens judgments leading them to support Big Brother and to limit the civil liberties of groups under scrutiny **The SAGE Handbook of Political Advertising** Lynda Lee Kaid, Christina Holtz-Bacha, 2006-06-14 The SAGE Handbook of Political Advertising provides a comprehensive view of the role political advertising plays in democracies around the world Editors Lynda Lee Kaid and Christina Holtz Bacha along with an international group of contributors examine the differences as well as the similarities of political advertising in established

and evolving democratic governments Key Features Offers an international perspective This Handbook examines the political television advertising process that has evolved in democracies around the world including countries in Asia Europe Australia Africa Latin America and North America In addition a comparative overview addresses the effects of political advertising on the voters and the systems of which it is a part Provides comprehensive coverage For each country presented an analysis is given of its political advertising history its cultural implications the political and regulatory systems related to political advertising the effects of media system structures and the effects of new technologies Includes examples from recent elections The role specific candidate or party controlled television plays in a specific region s electoral process is examined Original research on recent elections confirms the expanding significance of this form of political communication This is an excellent resource for media professionals and practicing journalists as well as a welcome addition to any academic library It can also be used as a textbook for advanced undergraduate and graduate courses on Political Advertising in the fields of Political Science Communication Broadcasting Journalism and International Relations

The Oxford Handbook of Israeli Politics and Society Reuven Y. Hazan, Alan Dowty, Menachem Hofnung, Gideon Rahat, 2021 Few countries receive as much attention as Israel and are at the same time as misunderstood The Oxford Handbook of Israeli Politics and Society brings together leading Israeli and international figures to offer the most wide ranging treatment available of an intriguing country It serves as a comprehensive reference for the growing field of Israel studies and is also a significant resource for students and scholars of comparative politics recognizing that in many ways Israel is not unique but rather a test case of democracy in deeply divided societies and states engaged in intense conflict The handbook presents an overview of the historical development of Israeli democracy through chapters examining the country s history contemporary society political institutions international relations and most pressing political issues It outlines the most relevant developments over time while not shying away from the strife both in and around Israel It presents opposed narratives in full force enabling readers to make their own judgments

Official Program ... Annual Conference of the International Communication Association International Communication Association. Annual Conference, 1999 *The Oxford Handbook of the Radical Right* Jens Rydgren, 2018-02-01 The resurgence of strong radical right wing parties and movements constitutes one of the most significant political changes in democratic states during the past several decades particularly in Europe The radical right s comeback has notably attracted interest from political scientists sociologists and historians although the majority of past research focuses on party and electoral politics In contrast The Oxford Handbook of the Radical Right not only covers existing literature but also shows how the radical right forms movements rather than parties Editor Jens Rydren has gathered an international cast of contributors to cover concepts and definitions ideologies and discourses and a range of contemporary issues such as religion globalization gender and activism Further this volume is one of few to provide a number of cases focusing on areas outside of Europe including Russia the US Australia Israel and Japan By integrating

various strands of scholarship on the radical right that covers different regions and different research perspectives this Handbook provides an authoritative and state of the art overview of the topic and will set the agenda for scholarship on the radical right for years to come Media and Politics in New Democracies Jan Zielonka,2015 How is power being mediated in new democracies Can media function independently in the unstable and polarised political environment experienced after the fall of autocracy Do major shifts in economic and ownership structures help or hinder the quality of the media How much can new media laws alter old journalistic habits and political cultures And how do new technologies impact the media and democracy This book examines these questions drawing on a vast set of data assembled by a large international project

Reviewing **Democracy And The Media A Comparative Perspective Communication Society And Politics**: Unlocking the Spellbinding Force of Linguistics
