 proposes that Rastafari represents the most recent reworking of this spiritual ethos referred to as African religiosity The  
 book contributes a new perspective to the literature on Rastafari and through a historical lens corrects the predominant  
 static view of Rastafari women In certain Rastafari manifestations a growing livity developed by RastaMen eventually  
 excluded women from an important ritual called Reasoning a conscious search for existential and ontological truth through

self understanding performed in a group setting Restoring agency to the RastaWoman Christensen argues that RastaWomen intimately in touch with this spiritual ethos challenged oppressive structures within the movement itself They skirted official restrictions speaking out in public and written forums whenever such avenues presented themselves and searched for their own truth through conscious intentional self examination characteristic of the Reasoning ritual With its powerful theoretically informed narrative Rastafari Reasoning and the RastaWoman Gender Constructions in the Shaping of Rastafari Livivity will appeal to students and scholars interested in religious transformation resistance movements gender issues critical race studies and the history and culture of the English speaking Caribbean
