Dental Charting Manual And Computerised:

Basic Guide to Dental Procedures Carole Hollins, 2015-06-18 Basic Guide to Dental Procedures Second Edition provides an essential introduction to the core preventative and restorative treatments routinely carried out in the modern dental practice. Written as a guide for the whole dental team, before and after colour photographs enable the reader to understand and explain the procedures to their patient with confidence. Each section is clearly structured to cover the reasoning behind the treatment, described the relevant dental background, the basics of how each procedure is carried out, and any necessary aftercare information. Key features include Colour photographs throughout combined with concise text to highlight the crucial points of each procedure. Suitable for the whole dental team, from office support staff to the dentist explaining procedures to a patient. Thoroughly updated and revised in line with the substantial changes to the role and professional obligations of the dental nurse, including a new chapter detailing extended duties. The new images of tray set ups means it is an ideal companion for trainee dental nurses studying for the NEBDN OSCE exam. **Dental Assistant's Manual - E-Book Epub** Dental Assistants Association of Austral, 2024-04-19 The Dental Assistants Manual 4th edition is a reference manual catering for all aspects of dental assisting. It supports and is aligned to important Australian government standards including the National Competency Standards, part of the recently endorsed Health Training Package, NHMRC Guidelines for Infection Control, Occupational Health Safety Standards put down by Worksafe Australia, and Australian New Zealand Standards 4815 Office based health care facilities not involved in Complex Patient Procedures. Processes Adherence to these standards ensures that the Dental Assistants Manual is not only a valuable reference for students, it can also be used right across Australia and New Zealand as a reference tool in any dental surgeries, clinics or laboratories. The Dental Assistants Manual is intended to provide the required knowledge for achieving the newly endorsed National Competency Standards for the Certificate III in Dental Assisting, endorsed by ANTA Australian National Training Authority in January 2002, which forms the basis for further study in Certificate IV courses in areas such as Dental Technology, Dental Health Education, Dental Assisting Radiology, and Dental Technician. It provides step by step instructions on how to carry out certain practical components and requirements of the competencies. No other reference tool in Australia or New Zealand addresses any of the implications of these standards for dental assistants in the workplace. Addresses the National Competency Standards in the recently endorsed National Training Package. Contains most recent NHMRC guidelines for Infection Control. Includes latest Occupational Health Safety Standards put down by Worksafe Australia. Covers ANZ standards 4815 Office based health care facilities not involved in Complex Patient Procedures.
