The Grand Illusion Sadhu Swarup Singh, 2010-07 In *The Grand Illusion* professor Singh offers unbiased comments from the rationalist's point of view on the concepts of God belief customs and ceremonies which we collectively call religion His comments are quite comprehensive embracing worship prayer holy books and places miracles and salvation as well as the theory of karma attributes of God and life's purpose The author's goal is to shed light on the absurdity of certain ideas attitudes and activities in the spiritual realm of religion and faith thus helping mankind free its thinking from the stifling grip of irrationality i.e. to become its own helper and savior His reasoning demonstrates that just as religious followers believe that God only helps those who help themselves it is humankind and not God who is responsible for saving itself In other words a spiritual entity saving mankind is an historical absurdity humanity must be its own savior The author wants to awaken humanity from its spiritual slumber and open its eyes so that people see for themselves how their behavior is steeped in irrationality Man is a rational being and his cognition and behavior should confirm and justify rationality Unfortunately in any conflict between emotions and intellect the former invariably wins Why is that Emotion irrationality is as old as life itself whereas intellect rationality is comparatively an infant on the life's evolutionary scale Humanity must recognize and nourish this infant so that it develops and becomes our dependable guide It is not the author's intention to criticize or condemn any religion religion stands condemned by the behavior of its own followers In truth religion has failed in raising man to any higher level and humanity has remained unsaved despite a horde of saviors The path to progress enlightenment or further evolutionary growth without a doubt lies through reason and rationality not through religious fervor The only religion worthy of mankind is Rationalism and Humanism

Eon Dennis Glawe, 2016-03-31 He was the only survivor at Roswell in 47 They moved him to Area 51 in order to retro engineer his spacecraft and squeeze as much information out of him as they could And they thought they had everything under control as construction of his unique aircraft neared completion sixty eight years later But they were wrong Autopsies on his crewmates showed that he had no vocal cords He couldn't speak but then he didn't have to he could read human thoughts From day one he knew what they were thinking He could tell that they were never going to let him go So he planned his escape While they were studying his scientific advances he was putting together a small team to help him bust out of Area 51 With only four humans with whom he could communicate telepathically he inched closer to freedom But escape wasn't the only problem He had to prevent the US Military and the CIA from pursuing him after his escape Even worse they might follow him home in his own designed spacecraft In order to prevent that he would have to steal their almost completed spaceship and bring down the force behind the military and CIA the United States Government

Impossible Of course not With help from the Master it was even probable His escape would change the world just like the death of his half brother Jesus Christ over 2000 years ago They would have much to talk about when he got home

distinction in the Seven Years War and became one of the best fencers in Europe so good in fact that none would fight a duel with him After the war he was appointed as a secretary to the royal court of England where he soon became embroiled with the French Ambassador D Eon was a person of great charm wit and scholarship and played a leading role in court and London society Although plunging more and more heavily in debt d Eon always remained loyal to the French King guarding his secrets carefully Finally the feud with the Ambassador led to an unsuccessful attempt at d Eon s assassination and lawsuits and imbroglios coupled with unanswered questions about his gender on which huge wagers were laid kept him a public figure Eventually on specific orders from the new French King Louis XVI d Eon resumed feminine attire and spent the last 33 years of his life in that guise This is one of the most extraordinary stories of intrigue ever written and all of it is true Biographer Edna Nixon with great discernment has pieced together the whole history so that for the first time we have an intimate picture of this unbelievable character the mystery of whose gender was not finally resolved until after his death
