Epics in Miniature Trevor R. Fairbanks, Michael Shrum, 2014-04-27 Final Poems 2008 2012 *Routledge Companion to Women, Sex, and Gender in the Early British Colonial World* Kimberly Anne Coles, Eve Keller, 2018-10-03 All of the essays in this volume capture the body in a particular attitude in distress vulnerability pain pleasure labor health reproduction or preparation for death They attend to how the body's transformations affect the social and political arrangements that surround it And they show how apprehension of the body in social and political terms gives it shape **Divine Assemblies in Early Greek and Babylonian Epic** Bernardo Ballesteros, 2024-11-05 In early Greek and Near Eastern myth and religion the gods govern the cosmos In narrative poetry they are frequently portrayed through scenes of divine assembly Did Homer and early Greek poets inherit this feature from their more ancient neighbours And what can comparison tell us besides This book is the first to chart divine assembly scenes in ancient Babylonian and early Greek epic It asks why similarities between the two corpora exist and exploits those similarities to enhance understanding of Mesopotamian and early Greek literature and religion The book discusses Sumerian narrative poems the Akkadian works *Atra-Hasis* *Enma Eriš* and the Epic of Gilgamesh Homer's *Iliad* the *Odyssey* Hesiod's *Theogony* and some Homeric Hymns It studies poetic technique and probes further comparisons with Sanskrit Old Norse Polynesian and Aztec mythology It argues that Greek speakers are unlikely to have inherited the divine assembly from the Near East Still one can posit a long term process of oral contact and communication fostered by common poetic structures and religious affinities In a second part pursuing a mythological and religious comparison the book concentrates on ideas about the cosmos and humankind and on power dynamics within the pantheon as well as between gods and mortals A focus on the head of the pantheon and on concepts of divine prerogatives illuminates culture specific differences which can be related to historical socio political discourses The book develops a systematic approach to questions of cross cultural literary comparison in the ancient world Abused Bodies in Roman Epic Andrew M. McClellan, 2019-07-11 The first full study of corpse mistreatment and funeral violation in Greco Roman epic poetry illuminating many major texts Epic Performances from the Middle Ages Into the Twenty-first Century Fiona Macintosh, Justine McConnell, Stephen Harrison, Claire Kenward, 2018 Greek and Roman epic poetry has always provided creative artists with a rich storehouse of themes this volume is the first systematic attempt to chart its afterlife across a range of diverse performance traditions with analysis ranging widely across time place genre and academic and creative disciplines **Genres Rediscovered** Anna Maria Wasyl, 2011 A reader of the *epyllion* by Dracontius the elegy by Maximianus and the epigram by Luxorius should not expect that these works and these new embodiments of the old genres will be wholly identical with their archetypes Were it so it would mean that we read but second rate versifiers indeed We may expect rather that thanks to the reading of Dracontius's *epyllion* Maximianus's elegy and Luxorius's epigram our understanding of these very genres may become fuller and deeper than if it was narrowed only to the study of the classical

phase of the Roman literature Therefore I have decided to employ in the title of my book the expression genres rediscovered I have found it fair to emphasize that the poets whose works have been studied here merit appreciation for their creativity and indeed courage in reusing and reinterpreting the classical and truly classic literary heritage In addition I have found it similarly fair to stress that for the students of Latin literature the borderline between the classical and the post classical is and should be flexible It is not my intention of course to imply that aesthetic and poetological differences should be ignored or blurred Quite the reverse these differences are profound and multidimensional and as such must be properly understood and explained The main issue is the fact that studies of Latin literature or rather of literature in general and especially generic studies require a proper i e diachronic perspective A description of a certain genre based merely on its most important or generally known representative representatives will always risk becoming incomplete and limited In genology one must be utterly prudent in defining the main and the marginal the relevant and the negligible In this sense an insight into a few genres practiced by some classical and classic Roman poets from the perspective of their post classical followers may be also for a genologist an intriguing rediscovery

**A Soldier's Letters to Charming Nellie** Joseph Benjamin Polley, 2008 One of the most cited collections of letters by a Civil War soldier A Soldier s Letters to Charming Nellie was originally published in 1908 A unit history of the 4th Texas Infantry in epistolary form Joseph B Polley s letters make available the correspondence of a soldier who participated in virtually all military action

in the Eastern Theater Polley was an unusually gifted writer with a talent for satire and humor unmatched by most Civil War diarists While the collection met with an enthusiastic audience upon its appearance it has not been without controversy Scholars have debated some of the letters authenticity many appeared in the Confederate Veteran long after the end of the war and questions remain about whether they were all written during the Civil War or if some were composed at the turn of the century or later In this definitive annotated edition Richard B McCaslin has prepared new transcriptions of the letters and compared variant versions of them resolving many of the historiographical puzzles that surround this wonderful collection McCaslin also includes an analysis of when how and why Polley wrote the letters The volume will aid historians interested in the activities of the Army of Northern Virginia and its commanders and especially students of Hood's Texas Brigade

*The Literary Genres in the Flavian Age* Federica Bessone, Marco Fucecchi, 2017-11-07 The construction of a new Latin library between the end of the Republic and the Augustan Principate was anything but an inhibiting factor The literary flourishing of the Flavian age shows that awareness of this canon rather stimulated creative tension In the changing socio-cultural context daring innovations transform the genres of poetry and prose This volume which collects papers by influential scholars of early Imperial literature sheds light on the productive dynamics of the ancient genre system and can also offer insightful perspectives to a non-classicist readership

*Global Dilemmas* Malcolm Hardman, 2017-10-06 No more than there can be time without space can there be history without locality This book takes a road less traveled into a locality that provides fresh insights into our global dilemmas Bolton-le Moors was a global center of cotton coal and engineering whose factory engines were the beating heart of the Victorian world Commanding the widest range of trades of any town in the Empire it specialized in papermaking from pawn tickets to banknotes via newspapers and syndicated fiction Responsive to locality yet world aware its many independent writers shared a creative forum with authors like Wordsworth Tennyson Ruskin Gaskell Charlotte Brontë Tolstoy Whitman Thomas Hardy T.S. Eliot Virginia Woolf Other locals include mathematician Thomas Kirkman father of design theory Thomas Moran painter of the American West Charles Holden the Empire's leading Modern architect Bolton's printed culture was founded on traditions that made it a bulwark of parliamentary puritanism in the days of Reformation and Civil War These traditions increasingly confronted global dilemmas that the town's own inventiveness and entrepreneurship had helped create yet its high moorlands also provided a breathing space to

generate imaginative spiritual political and practical remedies Global Dilemmas completes the account of Bolton writing initiated in *A Kingdom in Two Parishes* and continued in *Classic Soil* an arc of discourse from Thomas Lever 1521-77 whose social experiments provided the model for the Protestant colonization of the New World to his kinsman W H Lever Lord Leverhulme sincere Christian world capitalist progressive social thinker and pursuing the logic of profit exploiter of Conrad's African heart of darkness

**Epic Pastures** Eleni Ntanou, 2025-03-17 Although nearly all scholars acknowledge that the *Metamorphoses* appears to engage with pastoral poetry there has not been a monograph specifically designed to address and explore the interaction between pastoral and epic in the *Metamorphoses* This book fills in this gap building on modern approaches to intertextuality Ovidian and pastoral studies The present book is comprised from five main chapters 1 Pastoral Encounters 2 Female Pastoral 3 Mourning Pastoral 4 Pastoral Ascent in the *Metamorphoses* 5 Pastoral Golden Age and the *Metamorphoses* The chapters are often in dialogue with one another thus offering a more sustained examination of the topic Alongside the lack of comprehensive monograph on pastoral in the *Metamorphoses* the present book's originality and contribution lie on the exploration of pastoral in the *Metamorphoses* through the lenses of fiction heroics and gender notions which are interwoven throughout the chapters This modern approach to generic interaction will be useful for scholars working on Ovid and across the range of Greek and Roman literature as well as for students of Classics
