Quarles,L. Scott Kellum,2023-06-20 How did the New Testament come to be The writings that comprise the New Testament are critical for understanding the life teachings and impact of Jesus of Nazareth all of which are central to Christianity But how were these texts circulated collected and given their canonical status Is the New Testament a trustworthy source for learning about Jesus and the early church New Testament scholars L Scott Kellum and Charles L Quarles address the most pressing questions regarding the study of New Testament texts their transmission and their collection into the canon such as What happened to the original manuscripts of the New Testament With all the variants can we still speak of inspiration and inerrancy What are the competing views on canon Did the apostles recognize contemporaneous books as Scripture Did the early councils decide the canon 40 Questions About the Text and Canon of the New Testament uses a question and answer format so readers can pursue the issues that interest them most with additional resources at 40questions net [Luke among the Ancient Historians](#) John J. Peters,2022-05-24 For centuries scholars have analyzed the composition of Luke Acts presupposing that the reference to many accounts in Luke s Preface indicates the written texts which served as the author s primary sources of information To justify this portrait of Luke as a text based author scholars have appealed to analogies with the text based authors Dionysius of Halicarnassus Diodorus Siculus Plutarch and Arrian Luke among the Ancient Historians challenges this portrait of Luke s method through surveying the origins and development of ancient Greek historiography in chapters on Herodotus Thucydides Polybius Josephus and Luke By focusing on the values and practices of ancient historians

Peters demonstrates not only that ancient authors following the model of Thucydides regarded the testimony of eyewitnesses as opposed to texts as the proper sources for historians but that Luke emulated the values practices and craft terminology of the contemporary historiographical tradition Taking seriously the self presentation of Luke as a reporter of contemporary events who claims to write on the basis of eyewitnesses from the beginning and personal investigation this book argues against analogies with text based historians who wrote about non contemporary events and instead situates Luke within a portrait of the values and practices of historians of contemporary events

Letters of a Peruvian Woman Françoise de Graffigny, 2009-01-08 It has taken me a long time my dearest Aza to fathom the cause of that contempt in which women are held in this country Zilia an Inca Virgin of the Sun is captured by the Spanish conquistadores and brutally separated from her lover Aza She is rescued and taken to France by D terville a nobleman who is soon captivated by her One of the most popular novels of the eighteenth century the Letters of a Peruvian Woman recounts Zilia s feelings on her separation from both her lover and her culture and her experience of a new and alien society Fran oise de Graffigny s bold and innovative novel clearly appealed to the contemporary taste for the exotic and the timeless appetite for love stories But by fusing sentimental fiction and social commentary she also created a new kind of heroine defined by her intellect as much as her feelings The novel s controversial ending calls into question traditional assumptions about the role of women both in fiction and society and about what constitutes civilization ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more
