Cnn Killed By Police 2014:

Bearing Witness While Black Allissa V. Richardson, 2020 *Bearing Witness While Black* tells the story of this century's most powerful Black social movement through the eyes of 15 activists who documented it. At the height of the Black Lives Matter uprisings, African Americans filmed and tweeted evidence of fatal police encounters in dozens of US cities using little more than the device in their pockets. Their urgent dispatches from the frontlines spurred a global debate on excessive police force which claimed the lives of African American men, women, and children at disproportionate rates. This groundbreaking book reveals how the perfect storm of smartphones, social media, and social justice empowered Black activists to create their own news outlets which continued a centuries-long African American tradition of using the news to challenge racism. *Bearing Witness While Black* is the first book of its kind to identify three overlapping eras of domestic terror against African American people: slavery, lynching, and police brutality, and explain how storytellers during each period documented its atrocities through journalism. What results is a stunning genealogy of how the slave narratives of the 1700s inspired the Abolitionist movement, how the black newspapers of the 1800s galvanized the anti-lynching and Civil Rights movements, and how the smartphones of today have powered the anti-police brutality movement. This lineage of black witnessing, Allissa V. Richardson argues, is formidable and forever evolving. Richardson's own activism as an award-winning pioneer of smartphone journalism informs this text. Weaving in personal accounts of her teaching in the US and Africa and of her own brushes with police brutality, Richardson shares how she has inspired black youth to use mobile devices to speak up from the margins. It is from this vantage point as participant-observer that she urges us not to become numb to the tragic imagery that African Americans have documented. Instead, *Bearing Witness While Black* conveys a crucial need to protect our right to look into the forbidden space of violence against black bodies and to continue to regard the smartphone as an instrument of moral suasion and social change.

[America's Original Sin](#) Jim Wallis, 2016-01-12 America's problem with race has deep roots with the country's foundation tied to the near extermination of one race of people and the enslavement of another. Racism is truly our nation's original sin. It's time we right this unacceptable wrong, says bestselling author and leading Christian activist Jim Wallis. Fifty years ago, Wallis was driven away from his faith by a white church that considered dealing with racism to be taboo. His participation in the civil rights movement brought him back when he discovered a faith that commands racial justice. Yet as recent tragedies confirm, we continue to suffer from the legacy of racism. The old patterns of white privilege are colliding with the changing demographics of a diverse nation. The church has been slow to respond, and Sunday morning is still the most segregated hour of the week. In *America's Original Sin*, Wallis offers a prophetic and deeply personal call to action in overcoming the racism so ingrained in American society. He speaks candidly to Christians, particularly white Christians, urging them to cross a new bridge toward racial justice and healing. Whenever divided cultures and gridlocked power structures fail to end systemic sin, faith communities can help lead the way to grassroots change. Probing yet positive

biblically rooted yet highly practical this book shows people of faith how they can work together to overcome the embedded racism in America galvanizing a movement to cross the bridge to a multiracial church and a new America American Mass Murderers Valrie Plaza,2015-03-02 American Mass Murderers collects nearly 700 pages of information about the most notorious killers in America as well as some of the lesser known murderers *The Presumption* D. Marvin Jones,2024-05-02 This powerful book on racism in the United States argues that a threatening narrative originating in slavery continues to link Black people to inferiority dangerousness and crime causing them to be presumed guilty by society and U S legal systems Why are Black people stopped arrested and shot by police at such a high rate Why are they portrayed in the media as gangbangers and urban thugs D Marvin Jones writes that the problem of race lies in the way Blackness has been inextricably knotted together in our culture with presumptions In the era of segregation this was a presumption of inferiority but in our era it is primarily a presumption of dangerousness or criminality In chapters on slavery urban spaces the drug war media portrayals and white spaces he shows how the presumption of guilt continues to shape the treatment of Black people in the United States Arguing that this presumption is not simply a matter of hate on the part of individuals but instead a social process linked to a widely shared racial ideology *The Presumption* points out the continuation of racial caste in the United States as a crisis for democracy and provides a blueprint for a kind of second Reconstruction The Cambridge Handbook of Policing in the United States Tamara Rice Lave,Eric J. Miller,2019-07-04 A comprehensive collection on police and policing written by experts in political theory sociology criminology economics law public health and critical theory **Progressive Prosecution** Kim Taylor-Thompson,Anthony C. Thompson,2024-09-03 Provides compelling and manageable solutions for how to reform the criminal justice system from the inside out A racial reckoning in the US criminal justice system was long overdue well before the highly publicized murders of George Floyd Breonna Taylor and many others in 2020 Progressive Prosecution argues that prosecutors having helped build our failed system of mass incarceration must now lead the charge to dismantle it With contributions from practicing district attorneys as well as leading scholars in the fields of law and criminal justice Taylor Thompson and Thompson s volume offers an unapologetically ambitious vision for reform The contributors draw from empirical evidence and years of combined research experience to argue that change must happen at the local level with prosecutors choosing to adopt race conscious approaches These prosecutors must do the hard work themselves actively focusing on the ways that race misshapes perceptions of criminality influences discretionary calls affects how we select juries and induces a reliance on punitive responses Progressive Prosecution acts as both a call to action and a practical guide instructing prosecutors on what they need to do to bring about lasting and meaningful change Progressive Prosecution is an urgent work of scholarship a must read for anyone committed to racial equity and meaningful criminal justice reform The Content of Our Caricature Rebecca Wanzo,2020-04-21 Winner 2021 Katherine Singer Kov cs Book Award given by the Society for Cinema and Media Studies Winner 2021 Will Eisner Comic Industry Awards for Best Academic Scholarly Work

Honorable Mention 2021 Harry Shaw and Katrina Hazzard Donald Award for Outstanding Work in African American Popular Culture Studies given by the Popular Culture Association Winner 2020 Charles Hatfield Book Prize given by the Comic Studies Society

Traces the history of racial caricature and the ways that Black cartoonists have turned this visual grammar on its head Revealing the long aesthetic tradition of African American cartoonists who have made use of racist caricature as a black diasporic art practice Rebecca Wanzo demonstrates how these artists have resisted histories of visual imperialism and their legacies Moving beyond binaries of positive and negative representation many black cartoonists have used caricatures to criticize constructions of ideal citizenship in the United States as well as the alienation of African Americans from such imaginaries

The Content of Our Caricature urges readers to recognize how the wide circulation of comic and cartoon art contributes to a common language of both national belonging and exclusion in the United States Historically white artists have rendered white caricatures as virtuous representations of American identity while their caricatures of African Americans are excluded from these kinds of idealized discourses Employing a rich illustration program of color and black and white reproductions Wanzo explores the works of artists such as Sam Milai Larry Fuller Richard Grass Green Brumsic Brandon Jr Jennifer Crut Aaron McGruder Kyle Baker Ollie Harrington and George Herriman all of whom negotiate and navigate this troublesome history of caricature

The Content of Our Caricature arrives at a gateway to understanding how a visual grammar of citizenship and hence American identity itself has been constructed

Enfleshing Theology Michele Saracino, Robert J. Rivera, 2018-10-31

Enfleshing Theology honors and engages the life work of M Shawn Copeland whose theology is groundbreaking and prophetic traversing the fields of Catholic Theology Black Theology Womanist Thought and Semiotics The book opens with a brief introduction and then moves to an interview with Copeland which connects her theology to her life stories The conversation with Copeland also provides a backdrop to the seventeen essays that follow extending Copeland's theological worldview The contributions are divided according to the following sections embodiment discipleship and politics The essays in the section entitled *Engaging Embodiment* critically reflect on the importance of embodiment in Christian theology and contemporary culture Following Copeland's lead authors in this section theorize and theologize the body particularly but not limited to Black women's bodies as a locus theologicus that reveals mediates and shapes the splendor and suffering reality of human existence The next section entitled *Engaging Discipleship* focuses on the concrete challenges of following Jesus in today's world The essays included in this section reflect on Copeland's focus on Jesus particularity in terms of his solidarity with and for others Discipleship is about modeling and mentoring so scholars in this section also comment on Copeland's contribution to teaching and pedagogy The last section entitled *Engaging the Political* interrogates the political implications of the theological It is noteworthy that there are two trajectories of the political here one is Copeland's development of political theology through the lens of Canadian Jesuit theologian Bernard Lonergan The other trajectory focuses on the work of theology in contemporary art and politics These three sections are fluid

and overlap with one another Several of the articles on embodiment speak to questions of solidarity and a few of the essays on discipleship clearly present as political The ways in which each of the contributions in this volume overlap with each other attests to the complex nature of doing constructive theology today and even more how Copeland s work is at the forefront of that multi layered polyvalent intersectional theological work Endless Holocausts David Michael Smith,2023-01-01 An argument against the myth of American exceptionalism Endless Holocausts Mass Death in the History of the United States Empire helps us to come to terms with what we have long suspected the rise of the U S Empire has relied upon an almost unimaginable loss of life from its inception during the European colonial period to the present And yet in the face of a series of endless holocausts at home and abroad the doctrine of American exceptionalism has plagued the globe for over a century However much the ruling class insists on U S superiority we find ourselves in the midst of a sea change Perpetual wars deteriorating economic conditions the resurgence of white supremacy and the rise of the Far Right have led millions of people to abandon their illusions about this country Never before have so many people rejected or questioned traditional platitudes about the United States In Endless Holocausts author David Michael Smith demolishes the myth of exceptionalism by demonstrating that manifold forms of mass death far from being unfortunate exceptions to an otherwise benign historical record have been indispensable in the rise of the wealthiest and most powerful imperium in the history of the world At the same time Smith points to an extraordinary history of resistance by Indigenous peoples people of African descent people in other nations brutalized by U S imperialism workers and democratic minded people around the world determined to fight for common dignity and the sake of the greater good **Online Terrorist Propaganda, Recruitment, and Radicalization**

professionals terrorism and counterterrorism professionals those researching terrorism funding and policy makers looking to restrict the spread of terrorism propaganda online **Policing Protest** Paul A. Passavant, 2021-06-28 In *Policing Protest* Paul A. Passavant explores how the policing of protest in the United States has become increasingly hostile since the late 1990s moving away from strategies that protect protesters toward militaristic practices designed to suppress protests He identifies reactions to three interrelated crises that converged to institutionalize this new mode of policing the political mobilization of marginalized social groups in the Civil Rights era that led to a perceived crisis of democracy the urban fiscal crisis of the 1970s and a crime crisis that was associated with protests and civil disobedience of the 1960s As Passavant demonstrates these reactions are all haunted by the figure of black insurrection which continues to shape policing of protest and surveillance notably in response to the Black Lives Matter movement Ultimately Passavant argues this trend of violent policing strategies against protesters is evidence of the emergence of a post democratic state in the United States

Dangerous Spaces D. Marvin

Jones, 2016-10-24 An eye opening unapologetic explanation of what racial profiling is in modern day America systematic targeting of communities and placing of suspicion on populations on the basis of not only ethnicity but also certain places that are linked to the social identity of that group In 21st century post civil rights era America race has become complex and

intersectional It is no longer simply a matter of color black versus white contends author D Marvin Jones but equally a matter of space or geographies of fear which he defines as spaces in which different groups are particularly vulnerable to stereotyping by law enforcement blacks in the urban ghetto Mexicans at the functional equivalent of the border Arabs at the airport Dangerous Spaces Beyond the Racial Profile demonstrates how society has constructed a set of threat narratives in which certain widespread problems immigration drugs gangs and terrorism for example have been racialized and explains the historical and social origins of these racializing threat narratives The book identifies how these narratives have led directly to relentless profiling that results in arrest deportation massive surveillance or even death for members of suspect populations Readers will come to understand how the problem of profiling is not merely a problem of institutional bias and individual decision making but also a deeply rooted cultural issue stemming from the processes of meaning making and identity construction
