Soviet Influence Activities ,1989 **En Cristo** Eleazar Barajas,2023-06-21 Un libro que fue escrito en base a la declaraci n Paulina En Cristo Bendito sea el Dios y Padre de nuestro Se or Jesucristo que nos bendijo con toda bendici n espiritual en los lugares celestiales en Cristo Efesios 1 3 *Dragon in the Tropics* Javier Corrales,Michael Penfold,2015-02-25 This new and expanded edition of *Dragon in the Tropics* the widely acclaimed account of how president Hugo Ch vez 1999 2013 revamped Venezuela s political economy examines the electoral decline of Chavismo after Chavez s death and the policies adopted by his successor Nicol s Maduro to cope with the economic chaos inherited from previous radical populist policies Corrales and Penfold argue that Maduro has had to struggle with the inherent contradictions of a large and heterogeneous social coalition a declining oil sector the strength of entrenched military interests and fewer resources to appease international allies which have strenghtened the autocratic features of an already consolidated hybrid regime In examining the new political realities of Venezuela the authors offer lessons on the dynamics of succession in hybrid regimes This book is a must read for scholars and analysts of Latin America **The Road to the Land of the Mother of God** Stephen G. Perz,Jorge Luis Castillo Hurtado,2023-05 The Interoceanic Highway is many things to many people an emblematic project during a period focused on integration a dream realized for an isolated region a symbol of the profound fragility of state institutions a key cause of political corruption and a major driver of ecological and cultural devastation This highway links the Andean highlands with the Amazonian lowlands in southern Peru offering an outlet for Brazil s emergent economy While it finally brought an end to the isolation of Madre de Dios and other parts of southern Peru and the western Amazon it was made possible by political corruption revealed in the Lava Jato scandal and it permitted the spread of criminal business activities But the Interoceanic Highway s deeper history must be appreciated in order to fully understand why it was built and the impacts it has generated *The Road to the Land of the Mother of God* explores more than five hundred years of the history of Peru s Interoceanic Highway showing how the purposes portrayals and importance of roads change fundamentally over time and thus how roads bring significantly more impacts and costs than their advocates and critics generally anticipate By taking a deeper look at infrastructure history Stephen G Perz and Jorge Luis Castillo Hurtado portray infrastructure as an integrative optic for understanding changes in local livelihoods regional development and social conflicts News Media Yellow Book ,2001 **Policy Styles and Trust in the Age of Pandemics** Nikolaos Zahariadis,Evangelia Petridou,Theofanis Exadaktylos,Jörgen Sparf,2022-04-07 This book explores the reasons behind the variation in national responses to the COVID 19 pandemic In doing so it furthers the policy studies scholarship through an examination of the effects of policy styles on national responses to the pandemic Despite governments being faced with the same threat significant variation in national responses frequently of contradictory nature has been observed Implications about responses inform a broader class of crises beyond this specific context The authors argue that trust in government interacts with policy

styles resulting in different responses and that the acute turbulence uncertainty and urgency of crises complicate the ability of policymakers to make sense of the problem Finally the book posits that unless there is high trust between society and the state a decentralized response will likely be disastrous and concludes that while national responses to crises aim to save lives they also serve to project political power and protect the status quo This text will be of key interest to scholars and students of public policy public administration political science sociology public health and crisis management disaster management studies
