*Cobble Circles and Standing Stones* Jeffrey Quilter, 2004-04 In this first person tale of archaeological adventure in the tropical forest Jeffrey Quilter tells the story of his excavation of Rivas a great ceremonial center at the foot of the Talamanca Mountain range which flourished between A D 900 and 1300 and its fabled gold filled cemetery the Pante n de La Reina Beginning with the 1992 field season and ending with the last excavations in 1998 Quilter discusses Rivas builders and users theories on chiefdom societies and the daily interactions and surprises of modern archaeological fieldwork Writing in the first person with a balance between informal language and academic theory Quilter concludes that Rivas was a ceremonial center for mortuary rituals to bury chiefly elite on the Pante n Through use of his narrative technique he provides the reader with accounts of discoveries as they occurred in fieldwork and the development of interpretations to explain the ancient refuse and cobble architecture his team uncovered As his story progresses amid the enchantment of the Costa Rican landscape research plans are adjusted and sometimes completely overturned as new discoveries often serendipitous ones are made Such changing circumstances lead to new insights into the rise and fall of the people who built the cobble circles and raised the standing stones at Rivas a thousand years ago The only book in English that focuses on a single archaeological site in Costa Rica which continues to develop as a destination for archaeological tourism Cobble Stones and Standing Circles will appeal to laypeople and professionals alike

*The Taking and Displaying of Human Body Parts as Trophies by Amerindians* Richard J. Chacon, David H. Dye, 2007-08-21 This edited volume mainly focuses on the practice of taking and displaying various body parts as trophies in both North and South America The editors and contributors which include Native Peoples from both continents examine the evidence and causes of Amerindian trophy taking Additionally they present objectively and discuss dispassionately the topic of human proclivity toward ritual violence This book fills the gap in literature on this subject

*Settlement Ecology of the Ancient Americas* Lucas C. Kellett, Eric Jones, 2016-10-04 In this exciting new volume several leading researchers use settlement ecology an emerging approach to the study of archaeological settlements to examine the spatial arrangement of prehistoric settlement patterns across the Americas Positioned at the intersection of geography human ecology anthropology economics and archaeology this diverse collection showcases successful applications of the settlement ecology approach in archaeological studies and also discusses associated techniques such as GIS remote sensing and statistical and modeling applications Using these methodological advancements the contributors investigate the specific social cultural and environmental factors which mediated the placement and arrangement of different sites Of particular relevance to scholars of landscape and settlement archaeology *Settlement Ecology of the Ancient Americas* provides fresh insights not only into past societies but also present and future populations in a rapidly changing world [Remote Sensing in Archaeology](#) James R. Wiseman, Farouk El-Baz, 2007-04-03 Archaeology has been transformed by technology that allows one to see below the surface of the earth This work illustrates the uses of advanced technology in archaeological

investigation It deals with hand held instruments that probe the subsurface of the earth to unveil layering and associated sites underwater exploration and photography of submerged sites and artifacts and the utilization of imaging from aircraft and spacecraft to reveal the regional setting of archaeological sites and to assist in cultural resource management

*Early New World Monumentality* Richard L. Burger, Robert M. Rosenswig, 2012-05-20 In studies of ancient civilizations the focus is often on the temples palaces and buildings created and then left behind both because they survive and because of the awe they still inspire today From the Mississippian mounds in the United States to the early pyramids of Peru these monuments have been well documented but less attention has been paid to analyzing the logistical complexity involved in their creation In this collection prominent archaeologists explore the sophisticated political and logistical organizations that were required to plan and complete these architectural marvels They discuss the long term political social and military impacts these projects had on their respective civilizations and illuminate the significance of

monumentality among early complex societies in the Americas Early New World Monumentality is ultimately a study of labor and its mobilization as well as the long term spiritual awe and political organization that motivated and were enhanced by such undertakings Mounds and other impressive monuments left behind by earlier civilizations continue to reveal their secrets offering profound insights into the development of complex societies throughout the New World *The Indigenous Peoples of Mesoamerica and Central America* Robert M. Carmack, 2017-08-29 In *The Indigenous Peoples of Mesoamerica and Central America* Robert Carmack focuses on Kiche natives of Guatemala Masayan peoples of Nicaragua and the native peoples of Buenos Aires and Costa Rica Starting with Christopher Columbus proclaimed discovery of Central America Carmack illustrates the Central American native peoples dramatic struggles for survival native languages and unique communities and states Carmack draws on the fieldwork that he has conducted over the past fifty years to highlight the diversity of the Central American peoples cultures and histories and to explain their significance relative to other native peoples of the world This book is recommended for scholars of anthropology Latin American studies history and sociology
