Clede,1997 Since more than 26 states have passed laws requiring training for concealed carrying of firearms citizens and police have a duty to teach the safe and responsible use of the weapons In eight other states that permit concealed carry with no training required men and women have a moral obligation to learn how to carry and use their firearms safely and responsibly This handy little book contains everything a novice gun owner needs to know to start learning the basics of competent and safe pistol use as well as the essentials of using a gun in a potentially violent confrontation with a criminal It is an ideal textbook for state courses required for concealed carry permits While there are many excellent books on handguns marksmanship and self defense all are designed for those who want to be expert in those subjects There are no other books which address the specific concerns of someone who simply wants to carry a concealed firearm safely and responsibly until now Bill Clede serves on the Connecticut State Police Firearms Advisory Committee which determines what training in his state will and will not include A fruitless search for a suitable text is what prompted him to develop this book One of Clede s primary goals is teaching how to avoid discharging the firearm in the first place defusing aggressive behavior without resorting to shooting someone The Practical Pistol Manual brings all these concerns together safety competent shooting and how to deal with violent behavior in one concise and affordable book This is the only book that fills the need of a text for novices that covers safety competent shooting and how to deal with potentially violent encounters **Operator's Manual**

,1992 *The Concealed Handgun Manual* Chris Bird,2002-06 Timely because more states continue to pass concealed carry legislation this comprehensive handbook contains information on current state regulations beginning and advanced shooting instruction and updated safety advice This guide covers everything needed to understand these subjects and offers tips on the importance of self protection selecting and buying a handgun and methods of concealing weapons In light of the current problem of violence in schools this edition also offers detailed instruction on how to avoid all violent encounters Information on the mental ramifications of self defense is included as are actual stories of incidents of concealed carry self defense
