Work in the Digital Age Max Neufeind, Jacqueline O'Reilly, Florian Ranft, 2018-06-01 Shining a light on the very different experiences of work in the digital age this book provides a unique contribution to the reform discussion on the consequences of the fourth industrial revolution Drawing on a

wide range of international expertise contributors examine important policy challenges arising from the transformation of work as a result of the introduction of digital technology at work Authors in this volume discuss the effects of automation platform business models stagnating productivity increasing regional disparities and rising levels of inequality within and between countries They consider how to unlock the vast economic and social potential of new technologies and the implications for policy reform to meet these challenges Mastering them requires developing a new inclusive narrative and progressive reform agenda Such an agenda would be economic and political and not determined universally by technology The narrative is not only about what policymakers need to do which is rather a lot It is also about reforming established organisations and institutions understanding new emerging players and supporting disaffected citizens in how the effects of these changes are going to affect their lives The authors clearly pinpoint what needs to be done to support the transition to work in the digital era

New Forms of Employment in Europe Roger Blanpain, Frank Hendrickx, Bernd

Waas, 2016-11-30 The full time job is no longer an option for many people seeking employment It has been replaced by an ever expanding plethora of atypical employment relationships designed by employers to streamline their operations and or take advantage of information communications technology Numerous labour law issues arise demanding urgent attention How should law and policy best address these challenges This incomparable and timely book explores this contentious topic in depth presenting ten penetrating essays on aspects of the topic by leading European authorities followed by reports on new forms of employment in thirty five European countries Full scale analysis of new forms of employment their characteristics and their effects on working conditions and the labour market includes such issues as the following employment relationships with more than one employer discontinuous and or intermittent work work based on networking arrangements labour pooling crowdworking and crowdsourcing lack of worker representation rights for vulnerable migrant workers removal of wage and hours threshold false self employment non payment of small amounts e g holiday pay portage salarial voucher based work ICT based mobile work organizations offering specific administrative services need for safety nets for workers and existing and potential monitoring and control mechanisms Relevant EU Directives and national legal frameworks regarding new forms of employment are fully discussed with an emphasis on recent trends and proposed solutions This volume raises awareness of the problems generated by new emerging forms of employment and provides some answers and insights including lessons to be learned from current developments In particular the authors bringing to light of issues that have not been sufficiently addressed so far under European law will be welcomed by labour law practitioners company legal counsel human resources professionals and academics in the field

Everyday Transgressions Adelle Blackett, 2019-04-15 The book s breadth and grounding in labor law make it most accessible and useful to a professional audience but even nonspecialists and lay readers will appreciate Blackett s insights about law and domestic work and provocative issues such as social stratification and immigration Choice Adelle Blackett tells the story behind the International

Labour Organization's ILO Decent Work for Domestic Workers Convention No 189 and its accompanying Recommendation No 201 which in 2011 created the first comprehensive international standards to extend fundamental protections and rights to the millions of domestic workers laboring in other people's homes throughout the world. As the principal legal architect, Blackett is able to take us behind the scenes to show us how Convention No 189 transgresses the everyday law of the household workplace to embrace domestic workers' human rights claim to be both workers like any other and workers like no other. In doing so, she discusses the importance of understanding historical forms of invisibility, recognizes the influence of the domestic workers themselves and weaves in poignant experiences infusing the discussion of laws and standards with intimate examples and sophisticated analyses. Looking to the future, she ponders how international institutions such as the ILO will address labor market informality alongside national and regional law reform. Regardless of what comes next, *Everyday Transgressions* establishes that domestic workers' victory is a victory for the ILO and for all those who struggle for an inclusive transnational vision of labor law rooted in social justice.

50 fiches d'actualité et de culture générale - Société, économie, politique, géopolitique Nazet Michel, 2018-04-04. La finalité de la culture générale aujourd'hui comme hier est avant tout de permettre chacun de se doter d'une représentation globale, raisonnée et cohérente du monde dans lequel il vit. Dans cette optique, le présent ouvrage a d'abord pour finalité de préparer aux concours administratifs et des grandes écoles qui exigent dans leur preuve dite de culture générale une argumentation rigoureuse tirée par des connaissances actualisées. Il a pour ambition aussi en s'adressant à un public plus large de montrer comment nos représentations politiques, économiques et sociales ainsi que nos modes de vie et de pensée c'est-à-dire nos systèmes de valeurs sont en cours de mutation profonde sous le coup des accélérations de ce que nous appelons depuis quelques décennies et faute de mieux la mondialisation.

The Reconstruction of Post-War Labour Markets in The Southern African Development Community Saint José Inaka, Christopher Changwe Nshimbi, Leon Mwamba Tshipaka, 2023-08-12. This book provides a comprehensive overview of post-war labour market reconstructions in the context of a regional bloc whose member states have experienced conflict. Focusing on the Southern African Development Community (SADC) region, the book explores how major conflicts often expose shortcomings in affected countries, particularly on their post-war labour market reconstruction processes. The authors discuss how countries in the SADC region, in particular, are equipped to navigate such processes. This key question drives the overview of relationships between labour market issues and wars of liberation from colonial rule and apartheid, rights to self-determination and racial inequality, and the need to succinctly explain how labour market issues shaped civil wars in some post-independent SADC member states. The book examines the role of the state in reconstruction processes of post-war labour markets and the contribution of labour market institutions to these reconstructions. It further analyses private sector participation in remaking labour markets and workers' experiences in finding employment in labour markets under reconstruction. The book provides specific insights from experiences in the Democratic Republic of the Congo (DRC).

Data

Protection in the Internet Dário Moura Vicente, Sofia de Vasconcelos Casimiro, 2019-12-01 This book identifies and explains the different national approaches to data protection the legal regulation of the collection storage transmission and use of information concerning identified or identifiable individuals and determines the extent to which they could be harmonised in the foreseeable future In recent years data protection has become a major concern in many countries as well as at supranational and international levels In fact the emergence of computing technologies that allow lower cost processing of increasing amounts of information associated with the advent and exponential use of the Internet and other communication networks and the widespread liberalization of the trans border flow of information have enabled the large scale collection and processing of personal data not only for scientific or commercial uses but also for political uses A growing number of governmental and private organizations now possess and use data processing in order to determine predict and influence individual behavior in all fields of human activity This inevitably entails new risks from the perspective of individual privacy but also other fundamental rights such as the right not to be discriminated against fair competition between commercial enterprises and the proper functioning of democratic institutions These phenomena have not been ignored from a legal point of view at the national supranational and international levels an increasing number of regulatory instruments including the European Union s General Data Protection Regulation applicable as of 25 May 2018 have been adopted with the purpose of preventing personal data misuse Nevertheless distinct national approaches still prevail in this domain notably those that separate the comprehensive and detailed protective rules adopted in Europe since the 1995 Directive on the processing of personal data from the more fragmented and liberal attitude of American courts and legislators in this respect In a globalized world in which personal data can instantly circulate and be used simultaneously in communications networks that are ubiquitous by nature these different national and regional approaches are a major source of legal conflict

Yearning to Labor John P. Murphy, 2017 In the first decade of the twenty first century France underwent a particularly turbulent period during which urban riots in 2005 and labor protests in 2006 galvanized people across the country and brought the question of youth unemployment among its poorer multiethnic outer cities into the national spotlight Drawing on more than a year of ethnographic field research in the housing projects of the French city of Limoges *Yearning to Labor* chronicles the everyday struggles of a group of young people as they confront unemployment at more than triple the national rate and the crushing despair it engenders Against the background of this ethnographic context John P Murphy illuminates how the global spread of neoliberal ideologies and practices is experienced firsthand by contemporary urban youths in the process of constructing their identities An original investigation of the social ties that produce this community *Yearning to Labor* explores the ways these young men and women respond to the challenges of economic liberalization deindustrialization and social exclusion At its heart *Yearning to Labor* asks if the French republican model of social integration assimilation and equality before the law remains viable in a context marked by severe economic exclusion in communities of ethnic and religious diversity *Yearning to Labor* is both an ethnographic account of a certain group of French youths as they navigate a suffocating job market and an analysis of the mechanisms underlying the shifting economic inequalities at the beginning of the twenty first century
