Accueils collectifs de mineurs Hugues Guinot, 2017-06-30 Une longue pratique des accueils collectifs de mineurs. L'ACM marque l'Église catholique en France. L'Église qui dès l'aube du vingtième siècle a activement créé colonies de vacances et patronages. Les mouvements de jeunesse action catholique spécialement le scoutisme ont proposé aux jeunes des activités qui ont fortement marqué les adultes qu'ils sont devenus. Confessionnelles ou non ces structures ont changé. Le secteur de la jeunesse et de l'éducation populaire peut sembler essoufflé. Pourtant des propositions scoutisme par exemple voient bel et bien leurs effectifs progresser. L'éducation complémentaire de l'école et de la famille constitue une préoccupation des collectivités territoriales et aussi de l'Église catholique. Sans prétendre dresser un point complet de la situation il s'agit d'examiner comment en droit français et canonique l'Église peut proposer des ACM. Enfin de graves affaires de pédophilie mettent en évidence la responsabilité des institutions concernées. L'égard des victimes il faut poser des cadres solides pour une vraie protection des mineurs. **L'Entreprise cabinet dentaire** Jean-Paul Vassal, 2024-10-29 La plupart des chirurgiens dentistes exercent leur profession de façon libérale. La création l'acquisition ou la vente d'un cabinet dentaire constitue donc un moment important dans une carrière professionnelle. Pour éviter toutes erreurs d'appréhensions le chirurgien dentiste ne disposait jusqu'à présent que d'un ensemble d'informations parsemées difficiles à réunir et compliquées à interpréter. De toute évidence il manquait un ouvrage synthétique capable de fournir des réponses pratiques et argumentées aux questions les plus fréquentes comme Quel statut protège le mieux mes biens personnels. Dois-je préférer un exercice individuel ou en société. Quelles sont les formalités juridiques et administratives à respecter au moment de mon installation. Quelles sont les modalités d'embauche et de licenciement d'un salarié. Avec ce livre de Jean-Paul Vassal Docteur en droit et avocat la Cour chaque praticien dispose maintenant d'un guide pratique simple et documenté pouvant répondre toutes ses interrogations. **Minimum Wage Laws in Selected Nations**, 1995 **Traité de droit administratif de la République Démocratique du Congo** Jean-Marie Mboko DJ'Andima, Félix Vunduawe te Pemako, 2021-02-02 Comme un appel à la démocratisation d'une réelle démocratie et d'un état de droit en République Démocratique du Congo le présent Traité de droit administratif pose le fondement du droit public congolais en général travers ses bases idéologiques et historiques ses principales sources d'inspiration intellectuelle et ses sources formelles en temps normal dans le cadre de la légalité ordinaire et en circonstances exceptionnelles dans le cadre de la légalité d'exception. De la esclavitud al trabajo asalariado Yann Moulier-Boutang, 2006-11-24 La constitución del trabajo asalariado oculta algunos enigmas históricos de envergadura Con la generalización del trabajo asalariado el capitalismo se presenta en comparación con los sistemas que le precedieran como portador de libertad Sin embargo consagra una dependencia en el plano económico por más que esta se opere entre personas jurídicamente libres La tensión entre capitalismo y democracia se manifiesta desde la acumulación primitiva y reaparece sin cesar Históricamente el trabajo asalariado libre no es por lo demás sino la punta visible del iceberg del trabajo dependiente La esclavitud de las plantaciones la segunda servidumbre el trabajo bajo contrato de los migrantes el trabajo forzado colonial o en campos de concentración son anomalías recurrentes y duraderas No reclamamos el movimiento obrero en sus estatutos la abolición de la esclavitud del trabajo asalariado Como puede explicarse que el desarrollo del capitalismo opere al mismo tiempo en favor de la construcción del contrato normal y de los dispositivos contrarios del esclavismo Este libro propone una respuesta la búsqueda del control de la fuga de los siervos de los esclavos de los engañados y de los pobres representa el principal elemento que determinará el nacimiento del mercado de trabajo La fuga de los trabajadores es el dinamismo de la creación y la destrucción de las instituciones del mercado de trabajo pero también el de la competencia capitalista y de la acumulación La ruptura unilateral de la relación laboral ha de ser explorada si queremos comprender los verdaderos sujetos colectivos de la historias como de la economía y reintegrar la historia de los siglos XVI XVIII en la historia global del capitalismo y de la economía mundo
