Information Obligations and Disinformation of Consumers Gert Straetmans, 2019-09-05 This book focuses on recent developments in consumer law specifically addressing mandatory disclosures and the topical problem of information overload It provides a comparative analysis based on national reports from countries with common law and civil law traditions in Asia America and Europe and presents the reports in the form of chapters that have been drafted on the basis of a questionnaire and which use the same structure as the questionnaire to allow them to be easily compared The book starts with an analysis of the basic assumptions underlying the current consumer protection models and examines whether and how consumer models adapt to the new market conditions The second part addresses the information obligations themselves first highlighting the differences in the reported countries before narrowing the analysis down to countries with a general pre contractual information duty particularly the transparency requirements that often come with such a duty The next part examines recent developments in the law on food labelling commercial practices and unfair contract terms in order to identify whether similar traits can be found in European and non European jurisdictions The fourth part of the book focuses on specific information obligations in the financial services and e commerce sectors discussing the fact that legislators are experimenting with different forms of summary disclosures in these sectors The final part provides a critical appraisal of the recent developments in consumer information obligations addressing the question of whether the multiple criticisms from behavioural sciences necessitate abandonment or refinement of current consumer information models in favour of new more adequate forms of consumer protection and providing suggestions

costituisce segno tangibile di come la tutela del consumatore sia al centro del dibattito giuridico comunitario. Il volume persegue l'obiettivo di illustrare l'impatto che la direttiva ha sotto molteplici angoli visuali: il rapporto di specialità tra norme appartenenti ai codici di settore, il rapporto tra tutela del consumatore e tutela del mercato, il ruolo delle autorità garanti nella protezione del consumatore, i profili processuali.

Il diritto dei consumatori Cassano Giuseppe - Di Giandomenico Marco Eugenio, 2010-12-09. L'opera vuole offrire un'interpretazione ed una visione organica della materia del diritto dei consumatori anche alla luce delle novità normative e giurisprudenziali degli ultimi anni. La costruzione chiaramente trattatistica dell'opera prende le mosse nel primo tomo dall'inquadramento generale della materia verificando le norme di diritto interno e comunitario ai fini di una sistemazione della disciplina; per poi nel secondo tomo affrontare la materia consumeristica in relazione alle singole problematiche che la Pratica pone. Ricchi infatti sono i richiami alla giurisprudenza più attenta alla tutela del consumatore con la enucleazione costante delle strategie più utili ai fini della tutela e del risarcimento del danno. Un CD Rom completa l'Opera con tutta la giurisprudenza citata disponibile per esteso ed importabile e con un armamentario di formule pronte per la personalizzazione. Il testo aggiornato al Decreto Legislativo 13 agosto 2010 n. 141 in Gazz. Uff. n. 207 del 4 settembre 2010 S. O. n. 212 che dà attuazione alla direttiva 2008/48/CE relativa ai contratti di credito ai consumatori e reca modifiche al titolo VI del T. U. bancario n. 385/1993 in merito alla disciplina dei soggetti operanti nel settore finanziario degli agenti in attività finanziaria e dei mediatori creditizi.
