War Crimes Trials in the Wake of Decolonization and Cold War in Asia, 1945-1956 Kerstin von Lingen, 2016-11-04. This book investigates the political context and intentions behind the trialling of Japanese war criminals in the wake of World War Two. After the Second World War in Asia the victorious Allies placed around 5 700 Japanese on trial for war crimes. Ostensibly crafted to bring perpetrators to justice the trials intersected

in complex ways with the great issues of the day They were meant to finish off the business of World War Two and to consolidate United States hegemony over Japan in the Pacific but they lost impetus as Japan morphed into an ally of the West in the Cold War Embattled colonial powers used the trials to bolster their authority against nationalist revolutionaries but they found the principles of international humanitarian law were sharply at odds with the inequalities embodied in colonialism Within nationalist movements local enmities often overshadowed the reckoning with Japan And hovering over the trials was the critical question just what was justice for the Japanese in a world where all sides had committed atrocities

Travaux préparatoires du code de procédure pénale : rapports faits à la Chambre des représentants Belgium. Parlement. Chambre des représentants. Commission chargée de la revision du Code de procédure pénale, Jean-Joseph Thonissen, 1885

Royaume de Belgique. Travaux préparatoires du Code de procédure pénale Jean-Joseph Thonissen, 1885 **The Law of the Sea** Laura Pineschi, Tullio Treves, 2021-09-27 The United Nations Convention on the Law of the Sea of 10 December 1982 entered into force on 16 November 1994 Since this date a single binding instrument has regulated the rights and duties of States at sea and regarding the sea New concepts such as the exclusive economic zone archipelagic waters transit passage through straits and the International Seabed Area are now fully recognized The fifteen member States of the European Union are a significant sample for analyzing the practice of States or at least that of the Western industrialized States as regards the law of the sea They include major and small maritime powers coastal and land locked States States with coasts on the Atlantic Ocean and States with coasts on semi enclosed seas such as the Baltic and the Mediterranean States with and without involvement in deep seabed mining and States with different interests as regards fisheries The fact that they all belong to the European Union is a very important common feature which amply justifies the choice made to study them together The book's aim is to give through essays prepared by well known specialists a detailed survey of the attitudes and practice concerning the law of the sea of the member States of the European Union and of the European Community as such The common positions of the member States and the results of their coordinated action also emerge from these essays The fact that the member States and the European Community are now actively engaged in the process of becoming parties to the Law of the Sea Convention is certainly a major contribution to the consolidation of the Convention as a universal instrument or at least as an instrument widely ratified by States of all continents and economic and political interests

La présentation sans égal ce jour de près de vingt rapports nationaux permettra de mieux apprécier l'effectivité de la protection juridictionnelle dont disposent les justiciables via le renvoi judiciaire. L'intérêt de cet ouvrage est d'autant plus vif que l'adhésion prochaine de l'Union européenne à la Convention européenne des droits de l'homme se traduira vraisemblablement par une revitalisation des dispositions permettant de sanctionner une violation de l'obligation de renvoi judiciaire. Cet ouvrage s'adresse principalement aux magistrats et aux avocats ainsi qu'aux universitaires spécialisés dans l'étude du droit processuel.
