Coffee No Sugar No Cream Just Black:

The Mutilators Robert L. Foster, 2014-11-03 Randy Johnson a former green beret platoon leader in Vietnam has now settled into the peaceful life of an Idaho rancher It holds a kind of a magic a new freedom a relief from a cunning invisible enemy left behind in the dangerous jungles of Vietnam He s good with a gun fast on a horse and as tough and smart as the next man but he s about to meet a new enemy more cunning and illusive than the one he left in Vietnam Idaho s television stations issue Breaking News alerts almost hourly providing the latest gruesome statistical details of newly discovered mutilated cattle many found on ranches adjacent to Randy s and that concerns Randy Five hours later the mutilators strike Randy Johnson s isolated horse ranch and all hell breaks loose It is up to law enforcement to find the answer and solve the mystery Can they do it

Cherish the Magic Giacchino Giampapa, 2000-07 DENY THEM THE NIGHT Credo of a little known fighting force half of which spent their combat career without pay without complaint and until now with little if any praise Cherish The Magic brings home those who were left behind in a gripping novel of men tasked with doing the right thing In a war where high technology and military might dominated the daylight pajama clad peasants and pith helmeted North Vietnamese regulars were masters of the darkness and in that darkness the fate of downed American flyers lay Gianni Giancarlo a Fort Lauderdale teenager too scared to join the Army enlists instead in the Air Force where only pilots see combat or so he thought and is thrust into the journey from youthful innocence to the hellish realities of manhood From the sandy beaches of Florida to the jungles of Vietnam partnered with a mule eared German Shepherd named Shadrack Gianni learns that survival can be worse than death and that doing the right thing is the true measure of a man Cherish The Magic is more than a novel it is how we all would like to live

The Guardians F. Thomas Jones, 2024-10-09 Jones offers a combat filled space opera that should pass muster with fans of military sci fi la the original Lorne Greene Battle Star Galactica rather than the new one Several centuries in the future a united space faring humanity now known as the Guardians confronts its deadliest nemesis in the Klingon like Tirgonians members of a militaristic and aggressive empire that believes humanity s penchant for peaceful coexistence an unbearably distasteful notion After years of an uneasy truce a sudden and unprovoked Tirgonian blitzkrieg across the two civilizations Agreed Zone boundary devastates the Guardians worlds and outposts The remaining five hundred plus survivors board the advanced Battleship Hope Gandle Hops Hoppinzorinski a war hero from a previous conflict in Capt Kirk mode has tangled with the Tirgonians before Now he finds himself commanding the Hope and dealing with the unexpected discovery of additional Guardian warships but the defection of one the foremost Tirgonian combat commanders Telebisque Teka Tekas s defection includes himself and the Fighting Star Palup with its entire crew The prose offers up a large amount of square jawed war room talk wasting no time on sentimental mourning for a destroyed Earth slain loved ones or the impending extinction of the human race It s practically all action as the Guardians strive to deploy their new and greatly improved weapons and tactics against a bellicose enemy that consistently outguns but

constantly underestimates the Guardians willingness to fight for their survival and return to their peaceful way of life
