**Coffee, Tea and Cocoa** ,1951 *Coffee, tea and cocoa: an economic and political analysis* Vernon Dale Wickizer,  
Business Service Bulletin ,1956 *The Global Coffee Economy in Africa, Asia, and Latin America, 1500-1989* William Gervase Clarence-Smith, Steven Topik, 2003-06-16 Coffee beans grown in Brazil Colombia Vietnam or one of the other hundred producing lands on five continents remain a palpable and long standing manifestation of globalization For five hundred years coffee has been grown in tropical countries for consumption in temperate regions This 2003 volume brings together scholars from nine countries who study coffee markets and societies over the last five centuries in fourteen countries on four continents and across the Indian and Pacific Oceans with a special emphasis on the nineteenth and early twentieth centuries The chapters analyse the creation and function of commodity labour and financial markets the role of race ethnicity gender and class in the formation of coffee societies the interaction between technology and ecology and the impact of colonial powers nationalist regimes and the forces of the world economy in the forging of economic development and political democracy

**The Political Economy of Fertility in the British West Indies 1891-1921** Dennis Arthur Brown, 2000 This volume examines the political economy of fertility

**Handbook of Agricultural Economics** Robert E. Evenson, Prabhu Pingali, 2009-10-20 Advances in agriculture offer many countries the best and only chance of reducing poverty Yet economic growth and population increases are driving higher demand for food and rising real prices What solutions have successfully promoted agriculture This volume examines national and international food agriculture policies and how they enhance agricultural productivity growth It provides unique historical reviews on policies and their effects and it clearly articulates both positive and negative lessons for promoting agriculture lead growth With chapters written by international authorities this book recognizes that agriculture is not just about providing food for today but about growing it in an environmentally sustainable way that can help people work their ways out of poverty Chapters cover international macro economic policies and trade farm structure in developing countries regional experiences in agriculture and regional studies on agricultural productivity policies

*Curried Cultures* Krishnendu Ray, Tulasi Srinivas, 2012-05 Although South Asian cookery and gastronomy has transformed contemporary urban foodscape all over the world social scientists have paid scant attention to this phenomenon *Curried Cultures* a wide ranging collection of essays explores the relationship between globalization and South Asia through food covering the cuisine of the colonial period to the contemporary era investigating its material and symbolic meanings *Curried Cultures* challenges disciplinary boundaries in considering South Asian gastronomy by assuming a proximity to dishes and diets that is often missing when food is a lens to investigate other topics The book s established scholarly contributors examine food to comment on a range of cultural activities as they argue that the practice of cooking and eating matter as an important way of knowing the world and acting on it

Managing Plant Genetic Diversity V. Ramanatha Rao, A. H. D. Brown, M. Jackson, 2001-12-13 This book contains edited and revised papers

from a conference on Science and Technology for Managing Plant Genetic Diversity in the 21st Century held in Malaysia in June 2000 organised by the International Plant Genetic Resources Institute IPGRI It includes keynote papers and some 40 additional ones covering ten themes The major scientific challenges to developing a global vision for the next century are identified and key research objectives are also discussed

Ecuador David W. Schodt, 2019-03-05 A country often neglected in discussions of Latin America Ecuador offers intriguing insights into the interwoven patterns of continuity and change characteristic of the region In this introduction to Ecuador Dr Schodt begins with a discussion of culture and geography especially critical for understanding this country where the physical partitioning by the Andes has had profound economic and political consequences and where cultural and linguistic differences further divide the population The author then considers Ecuador's early history emphasizing the importance of patterns imposed by regionalism and structured by the nation's colonial heritage This leads to a discussion of the cacao and banana booms and of the consequences of these periods of economic bonanza for domestic politics that focuses on the expansion of the electorate and the emergence of two competing populist movements In the final chapters Dr Schodt examines the political and economic implications of the petroleum boom emphasizing the growing role of the state in the Ecuadorian economy This analysis of the petroleum period concludes with a discussion of Ecuador's prospects for the future taking account of the conjuncture of the dramatic increase in Ecuador's external indebtedness that took place in the late 1970s and early 1980s the election in 1984 of a government committed to reversing the growth of state intervention in the economy and the sharp decline in 1986 in the world price of petroleum

*Crossing the Color Line* Carina E. Ray, 2015-10-15 Interracial sex mattered to the British colonial state in West Africa In *Crossing the Color Line* Carina E Ray goes beyond this fact to reveal how Ghanaians shaped and defined these powerfully charged relations The interplay between African and European perspectives and practices argues Ray transformed these relationships into key sites for consolidating colonial rule and for contesting its hierarchies of power With rigorous methodology and innovative analyses Ray brings Ghana and Britain into a single analytic frame to show how intimate relations between black men and white women in the metropole became deeply entangled with those between black women and white men in the colony in ways that were profoundly consequential Based on rich archival evidence and original interviews the book moves across different registers shifting from the micropolitics of individual disciplinary cases brought against colonial officers who kept local women to transatlantic networks of family empire and anticolonial resistance In this way Ray cuts to the heart of how interracial sex became a source of colonial anxiety and nationalist agitation during the first half of the twentieth century

**The Ends of the Earth** Donald Worster, 1988 A unifying discussion of our increasingly integrated global economy higher population levels and greater resource demands

*An Ecological and Historical Perspective on Agricultural Development in Southeast Asia* Y?jir? Hayami, 2000 How location natural resources and different policies toward the elite's preemption of unused land shaped the historical development of different agrarian structures

across Southeast Asia conditioning agricultural growth performance until today      **Taste of War** Lizzie Collingham,2013-07-30 A New York Times Notable Book of 2012 Food and in particular the lack of it was central to the experience of World War II In this richly detailed and engaging history Lizzie Collingham establishes how control of food and its production is crucial to total war How were the imperial ambitions of Germany and Japan ambitions which sowed the seeds of war informed by a desire for self sufficiency in food production How was the outcome of the war affected by the decisions that the Allies and the Axis took over how to feed their troops And how did the distinctive ideologies of the different combatant countries determine their attitudes towards those they had to feed Tracing the interaction between food and strategy on both the military and home fronts this gripping original account demonstrates how the issue of access to food was a driving force within Nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in Europe Focusing on both the winners and losers in the battle for food The Taste of War brings to light the striking fact that war related hunger and famine was not only caused by Nazi Germany and Imperial Japan but was also the result of Allied mismanagement and neglect particularly in India Africa and China American dominance both during and after the war was not only a result of the United States immense industrial production but also of its abundance of food This book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of American food habits and tastes in the post war world A work of great scope The Taste of War connects the broad sweep of history to its intimate impact upon the lives of individuals      *Educating the Middlemen* Jan-Georg Deutsch,2021-10-11 No detailed description available for Educating the Middlemen      **In the Shadows of State and Capital** Steve Striffler,2002 In the Shadows of State and Capital tells the story of how Ecuadorian peasants gained and then lost control of the banana industry      **Europe and the Maritime World** Michael B. Miller,2012-08-20 Europe and the Maritime World A Twentieth Century History offers a framework for understanding globalization over the past century Through a detailed analysis of ports shipping and trading companies whose networks spanned the world Michael B Miller shows how a European maritime infrastructure made modern production and consumer societies possible He argues that the combination of overseas connections and close ties to home ports contributed to globalization Miller also explains how the ability to manage merchant shipping s complex logistics was central to the outcome of both world wars He chronicles transformations in hierarchies culture identities and port city space all of which produced a new and different maritime world by the end of the century      **The Taste of War** Lizzie Collingham,2011-12-21 Food and in particular the lack of it was central to the experience of the Second World War In this richly detailed and engaging history Lizzie Collingham establishes how control of food and its production is crucial to total war How were the imperial ambitions of Germany and Japan ambitions which sowed the seeds of war informed by a desire for self sufficiency in food production How was the outcome of the war affected by the decisions that the Allies and the Axis took over how to feed their troops And how did the distinctive

ideologies of the different combatant countries determine their attitudes towards those they had to feed Tracing the interaction between food and strategy on both the military and home fronts this wide ranging gripping and dazzlingly original account demonstrates how the issue of access to food was a driving force within Nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in Europe Focusing on both the winners and losers in the battle for food this book brings to light the striking fact that war related hunger and famine was not only caused by Nazi Germany and Imperial Japan but was also the result of Allied mismanagement and neglect particularly in India Africa and China American dominance both during and after the war was not only a result of the United States immense industrial production but also of its abundance of food This book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of American food habits and tastes in the post war world A work of great scope The Taste of War connects the broad sweep of history to its intimate impact upon the lives of individuals
