## **Cogic Elders Manual:**

The Ministry of the Elder Roderick L. Evans, In this publication we will discuss the ministry of the C O G I C Elder It is our endeavor to help those entering ministry having supplemental support as they navigate the execution of their ministries In addition we will provide basic protocols for the Elder s purpose and function Bishop Charles H. Mason in the Age of Jim Crow Elton H. Weaver III,2020-11-17 Bishop Charles H Mason in the Age of Jim Crow profiles the life and career of Charles Harrison Mason Mason was the founder of the Church of God in Christ COGIC which from its Memphis roots grew into the most significant black Pentecostal denomination in the United States with profound theological and political ramifications for poor and working class black Memphians Bishop Charles H Mason in the Age of Jim Crow is grounded in the history of the Jim Crow era The book traces the origins of COGIC in Memphis it reveals just how Mason s new black Pentecostal denomination grew gained social and political power and earned a permanent place in Memphis s black religious pantheon This book tells how a son of slaves transformed a rural migrant movement into an urban phenomenon how unusual religious demonstrations exemplified infrapolitical religious protests and how these rituals of resistance changed black lives and helped strengthen and sustain blacks fighting for freedom in segregated Memphis The author reveals why Charles H Mason was an important pre civil rights religious leader who laid the groundwork for integrated churches *Divine Callings* Richard N. Pitt,2012-02 One of the unique aspects of the religious profession is the high percentage of those who claim to be called by God to do their work This call is particularly important within African American Christian traditions *Divine Callings* offers a rare sociological examination of this markedly understudied phenomenon within black ministry Richard N Pitt draws on over 100 in depth interviews with Black Pentecostal ministers in the Church of God in Christ both those ordained and licensed and those aspiring to examine how these men and women experience and pursue the call Viewing divine calling as much as a social process as it is a spiritual one Pitt delves into the personal stories of these individuals to explore their work as active agents in the process of fulfilling their calling In some cases those called cannot find pastoral work due to gender discrimination lack of clergy positions and educational deficiencies Pitt looks specifically at how those who have not obtained clergy positions understand their call exploring the influences of psychological experience the congregational acceptance of their call and their response to the training process He emphasizes how those called reconceptualize clericalism in terms of who can be called how that call has to be certified and what those called are meant to do offering insight into how social actors adjust to structural constraints **Never Forget!** Robert R Owens,2002 **Women in the Church of God in Christ** Anthea Butler,2012-01-01 The Church of God in Christ COGIC an African American Pentecostal denomination founded in 1896 has become the largest Pentecostal denomination in the United States today In this first major study of the church Anthea Butler examines the religious and social lives of the women in the COGIC Women s Department from its founding in 1911 through the mid 1960s She finds that the sanctification or spiritual purity that these women sought earned them social

power both in the church and in the black community Offering rich lively accounts of the activities of the Women s Department founders and other members Butler shows that the COGIC women of the early decades were able to challenge gender roles and to transcend the limited responsibilities that otherwise would have been assigned to them both by churchmen and by white dominated society The Great Depression World War II and the civil rights movement brought increased social and political involvement and the Women s Department worked to make the sanctified world of the church interact with the broader American society More than just a community of church mothers says Butler COGIC women utilized their spiritual authority power and agency to further their contestation and negotiation of gender roles in the church and beyond

*Research Anthology on Challenges for Women in Leadership Roles* Management Association, Information Resources,2021-03-19 The role of women in the workplace has rapidly advanced and changed within the previous decade leading to a current position in which women are taking over leadership roles and being offered these positions more than ever before However a gap still exists with the representation of women in the workforce especially in power positions and roles of authority in organizations While the representation of women in leadership roles is impressive and exciting for the future women still face many challenges when taking over these positions of power and face many issues related to gender inclusivity There is also still gender bias and discrimination against women who have been given the opportunity to become authority figures It is essential to acknowledge and discuss these critical issues and challenges that women in leadership roles must handle to better understand the current climate of gender roles across various industries and types of leadership The *Research Anthology on Challenges for Women in Leadership Roles* discusses the role of women in positions of authority across diverse industries and businesses By reviewing the biases struggles discrimination and overall challenges of being a woman in a powerful role women leaders can be better understood for their role in a male dominated world This includes topics of concern such as equal treatment proper implementation of women s policies social justice activism discrimination and sexual harassment in the workplace and the importance of diversity and empowerment of women in leadership positions with chapters pertaining specifically to African American Hispanic Asian and Middle Eastern women This book is ideal for professionals researchers managers executives leaders academicians sociologists policymakers and students in fields that include humanities social sciences women s studies gender studies business management management science health sciences educational studies and political sciences

*Commodity Activism* Roopali Mukherjee,Sarah Banet-Weiser,2012-02-01 Buying RED products from Gap T shirts to Apple to fight AIDS Drinking a Caring Cup of coffee at the Coffee Bean Tea Leaf to support fair trade Driving a Toyota Prius to fight global warming All these commonplace activities point to a central feature of contemporary culture the most common way we participate in social activism is by buying something Roopali Mukherjee and Sarah Banet Weiser have gathered an exemplary group of scholars to explore this new landscape through a series of case studies of commodity activism Drawing from television film consumer activist

campaigns and cultures of celebrity and corporate patronage the essays take up examples such as the Dove Real Beauty campaign sex positive retail activism ABC's Extreme Home Makeover and Angelina Jolie as multinational celebrity missionary Exploring the complexities embedded in contemporary political activism Commodity Activism reveals the workings of power and resistance as well as citizenship and subjectivity in the neoliberal era Refusing to simply position politics in opposition to consumerism this collection teases out the relationships between material cultures and political subjectivities arguing that activism may itself be transforming into a branded commodity
