Cogic Womens Manual:

Women in the Church of God in Christ Anthea Butler, 2012-01-01 The Church of God in Christ COGIC an African American Pentecostal denomination founded in 1896 has become the largest Pentecostal denomination in the United States today In this first major study of the church Anthea Butler examines the religious and social lives of the women in the COGIC Women s Department from its founding in 1911 through the mid 1960s She finds that the sanctification or spiritual purity that these women sought earned them social power both in the church and in the black community Offering rich lively accounts of the activities of the Women s Department founders and other members Butler shows that the COGIC women of the early decades were able to challenge gender roles and to transcend the limited responsibilities that otherwise would have been assigned to them both by churchmen and by white dominated society The Great Depression World War II and the civil rights movement brought increased social and political involvement and the Women s Department worked to make the sanctified world of the church interact with the broader American society More than just a community of church mothers says Butler COGIC women utilized their spiritual authority power and agency to further their contestation and negotiation of gender roles in the church and beyond

Silkey on Ida B Wells Antoinette G van Zelm on women emancipation and freedom celebrations Elton H Weaver III on Church of God in Christ women in Tennessee early 1900s 1950s **Dress Code** Shirley Holmes Sulton, 2019-06-17 I pray that writing this book will inspire Believers as well as none Believers to really study their Bibles more searching the scriptures and coming to a realization that the Words in it are the Words of our Creator God instead of believing the myths we see in the movies of how men dressed during the Bible days wearing kilts skirts Well even if they did the women yet wore dresses dragging the ground then However we see from our studies that men wore breeches Know that our clothes dictates who we are and how we are viewed by others Think when you see a police officer you don't have to wonder if he or she is an officer Moreover if you see a Nun you recognize them by their dress code as well So if you dress exposing yourself it dictates what you are representing whether it is a pimp lady of the evening or child of the King etc When dressed inappropriately it could be a stumbling block for others as well So remember what we wear we are making a statement without words by the way we dress Let that statement say that we are dressed appropriately both men and women pleasing to our Lord and Savior Jesus Christ My Bible said it I believe it and that settles it Deuteronomy 22 5 A woman shall not wear that which pertains unto a man neither shall a man put on a woman's garment for all that do so are an abomination unto the Lord thy God I Timothy 2 9 10 Women should adorn themselves in modest apparel with shamefacedness and sobriety not with braided hair or gold or pearls or costly array But with becometh women professing godliness with good works **Philip's Daughters** Estrela Y. Alexander, Amos Yong, 2009-01-01 This volume brings together twelve scholars from a variety of scholarly fields including biblical studies history theology sociology anthropology and missiology in a multi disciplinary exploration of themes related to women's leadership within the three branches of the renewal movement Holiness Pentecostal and Charismatic traditions These scholars women and men from both within and outside the traditions draw on various methodologies including hermeneutics ethnography critical theory and historical analysis to explore the experiences and contributions of women from the movement's inception to the present They keep before us the challenges that still impact women's full participation as equal partners in ministry and leadership on both the American and global scene The volume looks at the multiple roots of women's marginalization within the renewal movement while suggesting progressive solutions that take seriously the social locations of Pentecostal and Charismatic congregations and the theological foundations on which the movement has been built At the same time it locates these discussions within the broader postmodern realities facing the church as it attempts to faithfully live out its witness to the biblical truth that both male and female are created in the God's image and endowed with the capacity to work creatively toward the unfolding of the Kingdom **Divine Callings** Richard N. Pitt, 2012-02 One of the unique aspects of the religious profession is the high percentage of those who claim to be called by God to do their work This call is particularly important within African American Christian traditions Divine Callings offers a rare sociological examination of this markedly understudied phenomenon within black ministry Richard N Pitt draws on over 100 in depth

interviews with Black Pentecostal ministers in the Church of God in Christ both those ordained and licensed and those aspiring to examine how these men and women experience and pursue the call Viewing divine calling as much as a social process as it is a spiritual one Pitt delves into the personal stories of these individuals to explore their work as active agents in the process of fulfilling their calling In some cases those called cannot find pastoral work due to gender discrimination lack of clergy positions and educational deficiencies Pitt looks specifically at how those who have not obtained clergy positions understand their call exploring the influences of psychological experience the congregational acceptance of their call and their response to the training process He emphasizes how those called reconceptualize clericalism in terms of who can be called how that call has to be certified and what those called are meant to do offering insight into how social actors adjust to structural constraints

Bishop Charles H. Mason in the Age of Jim Crow Elton H. Weaver III, 2020-11-17 Bishop Charles H. Mason in the Age of Jim Crow profiles the life and career of Charles Harrison Mason Mason was the founder of the Church of God in Christ COGIC which from its Memphis roots grew into the most significant black Pentecostal denomination in the United States with profound theological and political ramifications for poor and working class black Memphians Bishop Charles H. Mason in the Age of Jim Crow is grounded in the history of the Jim Crow era The book traces the origins of COGIC in Memphis it reveals just how Mason's new black Pentecostal denomination grew gained social and political power and earned a permanent place in Memphis's black religious pantheon This book tells how a son of slaves transformed a rural migrant movement into an urban phenomenon how unusual religious demonstrations exemplified infrapolitical religious protests and how these rituals of resistance changed black lives and helped strengthen and sustain blacks fighting for freedom in segregated Memphis The author reveals why Charles H. Mason was an important pre civil rights religious leader who laid the groundwork for integrated churches

If it Wasn't for the Women-- Cheryl Gilkes, 2001 These collected essays examine the roles of women in their churches and communities the implication of those roles for African American culture and the tensions and stereotypes that shape societal responses to these roles Gilkes examines the ways black women and their experience shape the culture and consciousness of the black religious experience and reflects on some of the crises and conflicts that attend this experience

representing the international scholarship of the Pentecostal Charismatic and Renewal communities reflect on the significance of the movement now and for the future *The Ballad of "Blind" Willie Johnson* Shane Ford,2025-05-30 In 1977 when the Voyager deep space probes were launched on their journey into interstellar space they each carried a gold record containing music from a wide variety of cultures Of the four selections of American music chosen one was a recording of Texas street evangelist Blind Willie Johnson s haunting gospel song Dark Was the Night Cold Was the Ground Despite Johnson s recording taking its place among the works intended to represent human culture to the cosmos his life has long remained shrouded in anonymity and conjecture Like many African American musicians in the segregated South of the early twentieth century he managed a precarious existence that hardly lent itself to extensive documentation Now after intensive research both in the field and in archives across the region author Shane Ford fills in many of the blanks in what may be known or deduced about the life of a musician whose work he describes as transcendent Along the way he corrects the many errors that have arisen around Johnson and his career errors that have unfortunately been repeated so often that they have come to be accepted as fact Beginning with the earliest roots of the blues amid the moans and field hollers of enslaved persons and proceeding with imagination and meticulous regard for the available albeit sparse documentation of the life of the artist Ford paints a picture of Blind Willie Johnson and his times that allows us to perceive him in greater detail than ever before The Ballad of Blind Willie Johnson offers readers a deeper appreciation of one of the most unique voices in the history of American music *Women in Pentecostal and Charismatic Ministry* ,2016-11-01 Women in Pentecostal and Charismatic Ministry Informing a Dialogue on Gender Church and Ministry co edited by Margaret English de Alminana and Lois E Olena concerns women and Pentecostalism It introduces the way the Pentecostal charismatic movement has been shaped by and has shaped women from its beginning and offers a wide variety of responses to the opportunities and limitations women have experienced in their commitment to religious service Scholars activists leaders and exemplars from a variety of disciplines reflect on the question How have women responded to a religious context that has depended upon their gifts while at the same time limited their voices and perspectives This volume offers missing and or silent voices an important corrective and a way forward to shape gender focused discussions Contributors are Estrela Yvonne Alexander Peter Althouse Linda M Ambrose Melissa L Archer Amy C Artman Denise A Austin Kate Bowler Barbara Cavaness Parks Loralie Robinson Crabtree Naomi Dowdy Margaret English de Alminana Beth A Elizabeth Grant Jacqueline Grey Mimi R Haddad Jennifer A Miskov Stephanie L Nance Lois E Olena Ava Kate Oleson Joy E A Qualls and Zachary Michael Tackett [Official Handbook for Department of Women \(New and Updated 2021\)](#) Church Of God In Christ Department of Women,2021 **The Westminster Handbook to Women in American Religious History** Susan Hill Lindley,Eleanor J. Gender Paradox Joseph Lee Dutko, 2023-11-16 The distinct subjects of eschatology and gender equality have seen an explosion of interest in recent decades particularly within Pentecostal scholarship Pentecostalism is regarded ideally as both an eschatological and egalitarian movement However many Pentecostals have lamented the inconsistency between the early egalitarian impulse of the movement and its current restrictive practices This situation has been described as the so called Pentecostal gender paradox referring to the conflicting freedoms and limitations experienced by Pentecostal women Pentecostals have also recognized the waning eschatological fervor within the movement and its shifting eschatological convictions leading to calls to rediscover the eschatological heart of the movement Despite the renewed interest in both eschatology and women s equality little research has been done to put these two areas into conversation with each other eschatological convictions are often absent in the debate on gender roles in the church For Pentecostals eschatology has often been about urgency in saving souls rather than attending to social issues but could Pentecostal eschatology be the key to re-discovering greater equality for women in the church Is the waning of both eschatology and women s equality within Pentecostalism potentially interrelated For over one hundred years the role of women in Pentecostalism has been debated without a firm consensus By examining gender solely through an eschatological lens in history Scripture and praxis this work provides a valuable and creative contribution to one of the most important theological and global issues of our time women s in equality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women s inequality begins with fidelity to the future eschaton of gender equality

Commodity Activism Roopali Mukherjee, Sarah Banet-Weiser, 2012-02-01 Buying RED products from Gap T shirts to Apple to fight AIDS Drinking a Caring Cup of coffee at the Coffee Bean Tea Leaf to support fair trade Driving a Toyota Prius to fight global warming All these commonplace activities point to a central feature of contemporary culture the most common way we participate in social activism is by buying something Roopali Mukherjee and Sarah Banet Weiser have gathered an exemplary group of scholars to explore this new landscape through a series of case studies of commodity activism Drawing from television film consumer activist campaigns and cultures of celebrity and corporate patronage the essays take up examples such as the Dove Real Beauty campaign sex positive retail activism ABC s Extreme Home Makeover and Angelina Jolie as multinational celebrity missionary Exploring the complexities embedded in contemporary political activism Commodity Activism reveals the workings of power and resistance as well as citizenship and subjectivity in the neoliberal era Refusing to simply position politics in opposition to consumerism this collection teases out the relationships between material cultures and political subjectivities arguing that activism may itself be transforming into a branded commodity

Sanctified Imagination Ivan L. Hartsfield, 2023-07-14 The first of its kind this seminal work charts the unlikely

theological quest for Christian holiness by founder Charles Harrison Mason and the Wesleyan Holiness Pentecostal tradition known as the Church of God in Christ COGIC the largest Pentecostal denomination in the United States Through fresh research and critical analysis this book challenges existing assumptions by scholars and reveals how little known black renewal movements informed Mason's theological understanding and that of the movement The rich theological resources of this historically marginalized movement are not primarily accessible in academic journals position papers or theological treatises Instead these resources function as lived religion where the theological presuppositions are embedded in primitive worship ecstatic religious practices and countercultural distinctives By unpacking the lived religion of this self-professed sanctified church this book explores how sanctification and the practice of Christian holiness shaped and empowered the COGIC its people and its practices in creative and profound ways resulting in a radical holiness ethic that emerged from an inexhaustible exilic vitality with personal social and political implications Given the challenge of Christian nationalism today this book provides a framework that informs Christian identity and faithful living for the broader Christian community

Righteous Content Daphne C. Wiggins, 2006-03 Enter most African American congregations and you are likely to see the century-old pattern of a predominantly female audience led by a male pastor How do we explain the dedication of African American women to the church particularly when the church's regard for women has been questioned Following in the footsteps of Evelyn Brooks Higginbotham's pathbreaking work *Righteous Discontent* Daphne Wiggins takes a contemporary look at the religiosity of black women Her ethnographic work explores what is behind black women's intense loyalty to the church bringing to the fore the voices of the female membership of black churches as few have done Wiggins illuminates the spiritual sustenance the church provides black women uncovers their critical assessment of the church's ministry and interprets the consequences of their limited collective activism Wiggins paints a vivid portrait of what lived religion is like in black women's lives today
