Clarity A Shenandoah Mystery:

Clarity Jim McAuley, 2015-03-28 How do you identify and stop a serial killer This problem is difficult enough when the villain follows the usual patterns of selecting similar victims or murdering his prey in the same manner or killing in a limited geographic area But it becomes infinitely more difficult when an intelligent criminal expert someone who has written a book on deadly crimes and how to investigate them is responsible Jack Goodman the serial killer is cunning enough to hide his heinous activities in plain site by making them appear to be accidents gang killings suicides robberies gone wrong and drug overdoses He also murders victims over a large geographic area He can do this because he has developed an avocation that allows him to move around freely while identifying and casing targets without drawing suspicion His methods and meticulous planning explain why Goodman a wealthy resident of Staunton Virginia has successfully accomplished his killings throughout Augusta and Rockingham counties Goodman s wealth came through an inheritance when his wife died under suspicious circumstances After settling into Staunton and working for years to develop his plan he began his south valley campaign just six months ago During this brief time he has built up a staggeringly large number of victims without the least bit of suspicion that a serial killer is operating in the area When the supervisors of both counties hold public hearings addressing the slightly higher death rates in their regions they vote to establish an intergovernmental task force to investigate The main purpose of the task force is to shift the responsibility to the two county sheriffs After trying unsuccessfully to escape the task each sheriff finally assigns his best investigator to serve on the task force The two people selected Dan Showalter and Becky Yoder have a history They were lovers two decades ago Now they are thrown together and have to deal with what appears at first to be a throwaway assignment determining whether or not a few more additional deaths really amount to anything Dan is the son of country farmers His socialite wife has deep misgivings about the new partnership Becky is the daughter of an old order Mennonite farm couple She left the religion in early adulthood Other key characters include Dan s humorous neighbor Idamay Jones and Harry Shipplett a former Special Forces soldier The two county sheriffs also play important supporting roles One is straight laced formal and new to the job The other is comical but competent Because the two counties lie at the southern end of the beautiful Shenandoah Valley the Valley itself is a central character in the book Dan and Becky utilize very different approaches to investigation which causes them to clash at times They finally determine that there must be someone conducting serial killings But who is doing it Becky and Dan ultimately enter into a dangerous cat and mouse game that leads to even more killings There is a strong possibility that the investigation will be taken over by the state police if they don t resolve the case quickly and engage in some deception How far does Becky and Dan s new relationship go Will Dan s marriage last How will the deadly cat and mouse game end This novel of over 124 000 words answers these questions Readers who enjoy travelling to the locations and businesses identified in novels can certainly do so with this one It should be noted that there is strong language in Clarity which might offend some This is the first in the Shenandoah Mystery series and

a web site shenandoahmysteries.com provides insights into Clarity and the next novel Farmer's Daughter Recommended which should be available by January 2016 **MYSTERY STONE FROM THE SHENANDOAH** Michael A.

Susko, 2022-01-01 Near Holy Cross Abbey Virginia a beautiful tablet like stone has been found by the Shenandoah River Under its brown orange patina peck marked shapes reveal a crystalline heartstone and intriguing designs While a variety of opinions have been offered by experts on the origin of the designs the author takes you on a tour so you can make your own judgement Findings reveal aesthetic proportions and intriguing gestalts which resonate with Eastern Woodland cosmology of early America These include archetypes of the avian man skeletal and twinned shaman earth mother and a cosmology which shows a three layered and four cornered world With an abundance of imagery supported by commentary this mystery stone illustrates the Indigenous way of viewing the universe and one that can enrich our lives **Shenandoah**, 1997 Secret

Lady Beth Trissel, 2019-01-09 At Lavender House Evie McIntyre is haunted by the whispers from her bedroom closet Before she can make sense of their murmurs the house warbles between times and transports her to the Civil War Past and present have blended and Evie wishes she'd paid more attention to history Especially since former Confederate officer Jack Ramsey could use a heads up Torn between opposing forces Jack struggles to defend the valley and people he loves Meeting Evie turns his already tumultuous world upside down Will solving the mystery of the whispers return her home and will the handsome scout be by her side Against the background of Sheridan's Burning of the Shenandoah Valley Jack and Evie fight to save their friends and themselves or is history carved in stone *Fables of the Self* Rosanna Warren, 2008 *Fables of the Self* traces ideas of imagined selfhood through the lyric poetry of classical Greece and Rome the modernist poetry of France and modern and contemporary English and American lyrics Rosanna Warren's work emerges from the tradition of British and American poet critics such as William Empson Donald Davie and Randall Jarrell Her readings of Sappho Virgil Baudelaire Melville Rimbaud Mark Strand and Louise Glück among others combine Helen Vendler's passionate attention to detail and something of Harold Bloom's panoramic view Warren opposes both the literalizing autobiographical approach to self in so called confessional poetry and the other extreme of avant garde erasures of self Framing her critical studies between a memoir of childhood and a concluding journal entry Warren has composed an occult autobiography showing the imagination as a transfiguring and potentially moral force Poets in the South, 1977 **The Founders at Home: The Building of**

Race, War, and Remembrance in the Appalachian South John Inscoe, 2010-09-12 Among the most pervasive of stereotypes imposed upon southern highlanders is that they were white opposed slavery and supported the Union before and during the Civil War but the historical record suggests far different realities John C Inscoe has spent much of his scholarly career exploring the social economic and political significance of slavery and slaveholding in the mountain South and the complex

nature of the region's wartime loyalties and the brutal guerrilla warfare and home front traumas that stemmed from those divisions. The essays here embrace both facts and fictions related to those issues often conveyed through intimate vignettes that focus on individuals, families and communities, keeping the human dimension at the forefront of his insights and analysis. Drawing on the memories, memoirs and other testimony of slaves and free blacks, slaveholders and abolitionists, guerrilla warriors, invading armies and the highland civilians they encountered, Insko considers this multiplicity of perspectives and what is revealed about highlanders' dual and overlapping identities as both a part of and distinct from the South as a whole. He devotes attention to how the truths derived from these contemporary voices were exploited, distorted, reshaped, reinforced or ignored by later generations of novelists, journalists, filmmakers, dramatists and even historians with differing agendas over the course of the late nineteenth and twentieth centuries. His cast of characters includes John Henry, Frederick Law Olmsted and John Brown, Andrew Johnson and Zebulon Vance and those who later interpreted their stories: John Fox and John Ehle, Thomas Wolfe and Charles Frazier, Emma Bell Miles and Harry Caudill, Carter Woodson and W. J. Cash, Horace Kephart and John C. Campbell, even William Faulkner and Flannery O'Connor. Their work and that of many others have contributed much to either our understanding or misunderstanding of nineteenth-century Appalachia and its place in the American imagination.

John Brown, Abolitionist David S. Reynolds, 2009-07-29 An authoritative new examination of John Brown and his deep impact on American history. Bancroft Prize-winning cultural historian David S. Reynolds presents an informative and richly considered new exploration of the paradox of a man steeped in the Bible but more than willing to kill for his abolitionist cause. Reynolds locates Brown within the currents of nineteenth-century life and compares him to modern terrorists, civil rights activists and freedom fighters. Ultimately he finds neither a wild-eyed fanatic nor a Christ-like martyr but a passionate opponent of racism so dedicated to eradicating slavery that he realized only blood could scour it from the country he loved. By stiffening the backbone of Northerners and showing Southerners there were those who would fight for their cause, he hastened the coming of the Civil War. This is a vivid and startling story of a man and an age on the verge of calamity. The American Directory of Writer's Guidelines Stephen Blake Mettee, Michelle Doland, Doris Hall, 2005-12 Perhaps the best kept secret in the publishing industry is that many publishers, both periodical publishers and book publishers, make available writer's guidelines to assist would-be contributors. Written by the staff at each publishing house, these guidelines help writers target their submissions to the exact needs of the individual publisher. The American Directory of Writer's Guidelines is a compilation of the actual writer's guidelines for more than 1,600 publishers.
