**Dark Prince** David Gemmell, 2011-06-08 The chaos spirit had chosen the child Alexander to be its human host But Parmenion most powerful warrior of ancient Greece had won a small victory over the darkness that sought to rule through Alexander The boy's soul had not been destroyed by evil but instead had merged with it and now Parmenion aided Alexander in the battle between light and dark that constantly raged within him But there was another world where the creatures of Greece's legends still flourished There the chaos spirit already ruled through a demon king In this Greece there was a prophecy that a child of great power the legendary golden child would come and restore the fading magic of the land to the creatures of myth The demon king believed also that devouring the heart of this fabled child would give him immortality He believed Alexander with the power of the chaos spirit within him to be that child And so he called Alexander into his world Only Parmenion guided by the seeress Derae his lost love from another life could hope to save Alexander from the demon king But who could save the young prince from the chaos spirit that threatened to conquer his soul [In the Mirror of the Past](#) Tomasz Ratajczak, Bogdan Trocha, 2014-09-26 These days we are ever more often confronted by overwhelming events Searching for a way to understand them we turn to mythic archetypes still present in our culture The authors of these essays pose questions about the reliability of the archetypes found in tradition history and scattered mythologemes The essays in this collection deal with the presence of mythic time in modern speculative fiction such as fantasy and alternate histories and discuss major mythologemes and their functions in popular literature and extra literary reality The authors show how mythopoeic fiction becomes a genetically modified mythic mirror in which we hope to see answers to vexing questions or just a reality superior to the ordinary one In the Mirror of the Past Of Fantasy and History is a collection of seven essays by American and Polish authors including Brian Attebery Terri Doughty and Marek Oziewicz with Mircea Eliade's concept of return from history to History as their underlying theme **Dark Prince** David A.
