Dark Vanishings Dark Vanishings:

Dark Vanishings Patrick Brantlinger, 2014-01-15 Patrick Brantlinger here examines the commonly held nineteenth century view that all primitive or savage races around the world were doomed sooner or later to extinction Warlike propensities and presumed cannibalism were regarded as simultaneously noble and suicidal accelerants of the downfall of other races after contact with white civilization Brantlinger finds at the heart of this belief the stereotype of the self exterminating savage or the view that savagery is a sufficient explanation for the ultimate disappearance of savages from the grand theater of world history Humanitarians according to Brantlinger saw the problem in the same terms of inevitability or doom as did scientists such as Charles Darwin and Thomas Henry Huxley as well as propagandists for empire such as Charles Wentworth Dilke and James Anthony Froude Brantlinger analyzes the Irish Famine in the context of ideas and theories about primitive races in North America Australia New Zealand and elsewhere He shows that by the end of the nineteenth century especially through the influence of the eugenics movement extinction discourse was ironically applied to the great white race in various apocalyptic formulations With the rise of fascism and Nazism and with the gradual renewal of aboriginal populations in some parts of the world by the 1930s the stereotypic idea of fatal impact began to unravel as did also various more general forms of race based thinking and of social Darwinism

The Darkness Is Vanishing Ramesh Pokhriyal 'Nishank', 2020-01-01 Poems of Ramesh Pokhriyal Nishank are the innate passionate ramifications and poetical mystification to the readers which might include hymns singing and religious instructions but what cannot be missed is the sentimental piety of the poems that he offers in this collection As a poet Nishank surveys the possibilities compares them to the actualities facts theories the alternatives and the ideal and weighs them together Hence they are both insightful and foresighted to make a sense of worth of life Amazing is the fact that these poems are not complex but simple and pliable and the doctrines and practices endorsed in them are not something new and recent but in tandem with the established norms The poems in The Darkness is Vanishing stir the spirit or make our hearts dance and come over us like a mystical suppleness in a mood that is enchanting enough to pacify the distressed feelings refreshingly and absorb within a sense of truth clarity and refinement Nishank conjures the image of common place every day and affable life of socially intellectual and passionate men who dance croon and fall but rise shortly devastated but soon resilient His poems are popularly and peculiarly contemplative Hidden behind his voice Is every man Let the doors of the heart open If you want to understand His character Let them speak something The ardour for the humankind may pulsate In every throb of my heart Let there be a beautiful person within me Only desire to fulfill in this life To die for the country And my life Be the emblem for humanity Like wheezing wheat Like worms clothing Similarly jealousy man Termites the termite Similarly jealousy Makes hollow the preposterous To erase the darkness Who themselves Burn like torches Even in the adverse torrents They never douse Happiness Is always in the present Not in the future It is present In some depths of the mind from this collection Dark

Vanishings 4 Dan Padavona,2015-11-19 The much anticipated fourth and final book in the Dark Vanishings series On a May afternoon people awakened to find themselves alone in their towns their neighbors mysteriously vanished Those left behind searched for friends and family hoping to survive But they were not alone in the world The spellbinding post apocalyptic thriller Dark Vanishings continues in Episode Three After being left for dead by a brutal attack Viper must survive the Florida heat and find a way to reach the community Amy and Keeshana fight back against the lunatic boy chasing them through the southeast and the Florida Bliss survivors are forced to choose between a Utopian community and the rule of law While they decide an evil older than time stalks the new society

The Vanishing Black African Woman: Volume Two Olumide, Yetunde Mercy,2016-10-06 Skin lightening is currently one of the most common forms of potentially harmful body modification practices in the world and African women are among some of the most widely represented users of skin lightening products The overall objective of this book is to provide up to date evidence based recommendations for reducing the global burden of cosmetic skin bleaching and preventing injuries related to skin bleaching in sub Saharan Africa and Africans in diaspora The book aims to offer an appraisal of all relevant literature on cosmetic bleaching practices to date focusing on any key developments identify and address important medical public health issues as well as historical genetic psychosocial cultural behavioural socioeconomic political institutional and environmental determinants provide guideline recommendations that would help attenuate the burden and possibly eliminate the injuries related to skin bleaching discuss potential developments and future directions

White Vanishing Elspeth Tilley,2012-01-01 The story of the vulnerable white person vanishing without trace into the harsh Australian landscape is a potent and compelling element in multiple genres of mainstream Australian culture It has been sung in Little Boy Lost brought to life on the big screen in Picnic at Hanging Rock immortalized in Henry Lawson s poems of lost tramps and preserved in the history books tales of Leichhardt or Burke and Wills wandering in mad circles A world wide audience has also witnessed the many layered and oddly strident nature of Australian disappearance symbolism in media coverage of contemporary disappearances such as those of Azaria Chamberlain and Peter Falconio White Vanishing offers a revealing and challenging re examination of Australian disappearance mythology exposing the political utility at its core Drawing on wide ranging examples of the white vanishing myth the book provides evidence that disappearance mythology encapsulates some of the most dominant and durable categories at the heart of white Australian culture and that many of those ideas have their origin in colonial mechanisms of inequality and oppression White Vanishing deliberately and perhaps controversially reminds readers that while power is never absolute or irresistible some narrative threads carry a particularly authoritative inheritance of ideas and power relations through time

Dark Vanishings 3 Dan Padavona,2015-08-20 Book Three in the Dark Vanishings On a May afternoon people awakened to find themselves alone in their towns their neighbors mysteriously vanished Those left behind searched for friends and family hoping to survive But they were not alone in the world The spellbinding post apocalyptic

thriller *Dark Vanishings* continues in Episode Three After being left for dead by a brutal attack Viper must survive the Florida heat and find a way to reach the community Amy and Keeshana fight back against the lunatic boy chasing them through the southeast and the Florida Bliss survivors are forced to choose between a Utopian community and the rule of law While they decide an evil older than time stalks the new society

Denial of Genocides in the Twenty-First Century Bedross Der Matossian,2023-05 Throughout the twenty first century genocide denial has evolved and adapted with new strategies to augment and complement established modes of denial In addition to outright negation denial of genocide encompasses a range of techniques including disputes over numbers contestation of legal definitions blaming the victim and various modes of intimidation such as threats of legal action Arguably the most effective strategy has been denial through the purposeful creation of misinformation Denial of Genocides in the Twenty First Century brings together leading scholars from across disciplines to add to the body of genocide scholarship that is challenged by denialist literature By concentrating on factors such as the role of communications and news media global and national social networks the weaponization of information by authoritarian regimes and political parties court cases in the United States and Europe freedom of speech and postmodernist thought this volume discusses how genocide denial is becoming a fact of daily life in the twenty first century *Empire, Colony, Genocide* A. Dirk Moses,2008 In 1944 Raphael Lemkin coined the term genocide to describe a foreign occupation that destroyed or permanently crippled a subject population This text is a world history of genocide that highlights what Lemkin called the role of the human group and its tribulations

The Vanishing Race Ella Higginson,1911 *Better Britons* Nadine Attewell,2014-01-01 *Better Britons* charts an innovative approach to the politics of reproduction by reading an array of works and discourses that reflect on the significance of reproductive behaviours for civic national and racial identities

Genocide Adam Jones,2006-09-27 An invaluable introduction to the subject of genocide explaining its history from pre modern times to the present day with a wide variety of case studies Recent events in the former Yugoslavia Rwanda East Timor and Iraq have demonstrated with appalling clarity that the threat of genocide is still a major issue within world politics The book examines the differing interpretations of genocide from psychology sociology anthropology and political science and analyzes the influence of race ethnicity nationalism and gender on genocides In the final section the author examines how we punish those responsible for waging genocide and how the international community can prevent further bloodshed

Lost and Vanishing Birds Charles Dixon,1898

Rocks of nation Shelley Trower,2015-07-17 Considers how national fantasy has been constructed through a wide range of narratives that have described rocks and landscape not merely as inert substances but moving living beings

Time Travelers Adelene Buckland,Sadiah Qureshi,2020-05-11 The Victorians perhaps more than any Britons before them were diggers and sifters of the past Though they were not the first to be fascinated by history the intensity and range of their preoccupations with the past were unprecedented and of lasting importance The Victorians paved the way for our modern disciplines discovered the primeval monsters we now call the

dinosaurs and built many of Britain's most important national museums and galleries To a large degree they created the perceptual frameworks through which we continue to understand the past Out of their discoveries new histories emerged giving rise to fresh debates while seemingly well known histories were thrown into confusion by novel tools and methods of scrutiny If in the eighteenth century the study of the past had been the province of a handful of elites new technologies and economic development in the nineteenth century meant that the past in all its brilliant detail was for the first time the property of the many not the few

Time Travelers is a book about the myriad ways in which Victorians approached the past offering a vivid picture of the Victorian world and its historical obsessions *On Vanishing* Lynn Casteel Harper, 2020-04-14 A New York Times Book Review Editors Choice This beautifully unconventional book on dementia reframes our understanding of Alzheimer's and aging with sensitivity and accuracy New York Times Personal stories weave with meditations on history philosophy and more in this moving collection of essays for dementia patients and their families An estimated 50 million people in the world suffer from dementia Diseases such as Alzheimer's erase parts of one's memory but are also often said to erase the self People don't simply die from such diseases they are imagined in the clichés of our era as vanishing in plain sight fading away or enduring a long goodbye In *On Vanishing* Lynn Casteel Harper a Baptist minister and nursing home chaplain investigates the myths and metaphors surrounding dementia and aging addressing not only the indignities caused by the condition but also by the rhetoric surrounding it Harper asks essential questions about the nature of our outsized fear of dementia the stigma this fear may create and what it might mean for us all to try to vanish well Weaving together personal stories with theology history philosophy literature and science Harper confronts our elemental fears of disappearance and death drawing on her own experiences with people with dementia both in the American healthcare system and within her own family In the course of unpacking her own stories and encounters of leading a prayer group on a dementia unit of meeting individuals dismissed as already gone and finding them still possessed of complex vital inner lives of witnessing her grandfather's final years with Alzheimer's and discovering her own heightened genetic risk of succumbing to the disease Harper engages in an exploration of dementia that is unlike anything written before on the subject A rich and startling book on dementia *On Vanishing* reveals cognitive change as it truly is an essential aspect of what it means to be mortal

The Nature of Endangerment in India Ezra Rashkow, 2023-01-30 This book is a study of the concepts of endangerment and extinction Examining interlinking discourses of biological and cultural diversity loss in western and central India it problematizes the long history of human endangerment and extinction discourse the Vanishing American Zane Grey, 1925 Settler Colonial Governance in Nineteenth-Century Victoria Leigh Boucher, Lynette Russell, 2015-04-29 This collection represents a serious re-examination of existing work on the Aboriginal history of nineteenth century Victoria deploying the insights of postcolonial thought to wrench open the inner workings of territorial expropriation and its historically tenacious variability Colonial historians have frequently asserted that the management and

control of Aboriginal people in colonial Victoria was historically exceptional by the end of the century colonies across mainland Australia looked to Victoria as a model for how to manage the problem of Aboriginal survival This collection carefully traces the emergence and enactment of this model in the years after colonial separation the idiosyncrasies of its application and the impact it had on Aboriginal lives It is no exaggeration to say that the work on colonial Victoria represented here is in the vanguard of what we might see as a new Australian colonial history This is a quite distinctive development shaped by the aftermath of the history wars within Australia and through engagement with the new imperial history of Britain and its empire It is characterised by an awareness of colonial Australia's positioning within broader imperial circuits through which key personnel ideas and practices flowed and also by local settler society's impact upon and entanglements with Aboriginal Australia The volume heralds a new spatially aware movement within Australian history writing Alan Lester This is a timely astutely assembled and well nuanced collection that combines theoretical sophistication with empirical solidity Theoretically it engages knowledgeably but not uncritically with a broad range of influences including postcolonialism the new imperial history settler colonial studies and critical Indigenous studies Empirically contributors have trawled an impressive array of archival sources both standard and relatively unknown bringing a fresh eye to bear on what we thought we knew but would now benefit from reconsidering Though the collection wears its politics openly it does so lightly and without jeopardising fidelity to its sources Patrick Wolfe

Nocturne Hélène Valance, 2018-01-01 A beautifully illustrated look at the vogue for night landscapes amid the social political and technological changes of modern America The turn of the 20th century witnessed a surge in the creation and popularity of nocturnes and night landscapes in American art In this original and thought provoking book Hélène Valance investigates why artists and viewers of the era were so captivated by the night Nocturne examines works by artists such as James McNeill Whistler Childe Hassam Winslow Homer Frederic Remington Edward Steichen and Henry Ossawa Tanner through the lens of the scientific developments and social issues that dominated the period Valance argues that the success of the genre is connected to the resonance between the night and the many forces that affected the era including technological advances that expanded the realm of the visible such as electric lighting and photography Jim Crow era race relations America's closing frontier and imperialism abroad and growing anxiety about identity and social values amid rapid urbanization This absorbing study features 150 illustrations encompassing paintings photographs prints scientific illustration advertising and popular media to explore the predilection for night imagery as a sign of the times

Scottish Romanticism and Collective Memory in the British Atlantic Kenneth McNeil, 2020-09-04 This book provides an in depth examination of Scottish Romantic literary ideas on memory and their influence among various cultures in the British Atlantic
