and the cessation of that growth in 1980 It evaluates the creation of tort causes of action during the period of 1400 1980 Re evaluation and limitation of those developments from 1980 to the present are specifically considered The unique focus of the book is first to argue that civil justice no longer rests on historic foundations such as precedent fairness and impartiality but has shifted to power and influence Reform in the law legislative judicial and regulatory is today driven by financial interests not precedent not a neutral desire for fairness and not to make it better It uses products cases and policies for much of its argument These policies can be summarized as a shift from a balanced playing field negligence to one that favors injured consumers The strict liability foreshadowed by Judge Traynor in *Escola v Coca Cola* 1944 was not adopted until 1962 when Traynor wrote the majority opinion in *Greenman v Yuba Power Products* for the California Supreme Court Second the book examines the role of persuasive non governmental agencies such as the American Law Institute in reforming and shaping civil justice Never has it been less true that we live under the rule of law Congress agencies and the courts make the law but they are driven by those who have a large financial stake in the outcome Today those with power shape the character of products liability law at every turn
