

Centuries ago, espionage and clandestine activities played significant roles in many countries' quests to rule over others.

Over more recent times, Clandestine Missions have helped shape intelligence agencies into well-organized covert organizations, maintained by substantial amounts of unaccountable funds.

After uncovering a secret message, Phillip Basso, an Executive Operations Officer from the British Foreign Office, inadvertently becomes involved in a puzzling murder case with links to a secretive Whitehall security organization and its illicit activities.

Phillip Basso, chief protagonist of *The Secret Salamanca* novel, once again confronts another perilous situation.
