Catastrophe Or Cartharsis Stanislav Mikhaïlovich Men'shikov, Boris Menshikov, 1992-09-17 Catastrophe or Catharsis Lays bare the reasons why the Soviet economic reform has plunged into crisis In precise vivid prose Menshikov describes the exhaustion of the command system in the pre perestroika era His book exposes the bureaucratic irresponsibility which for example allowed industrial ministries to strip enterprises of their re investment funds ensuring that the simple maintenance of production would in time become impossible Analysing Soviet economic policy during the perestroika years Menshikov again paints a picture of adventurism and incompetence We learn of black holes in the state budget and of how finance ministry officials concealed huge deficits by annexing the savings bank deposits of the population Menshikov s analysis of the perestroika period is built around a powerfully argued thesis the Soviet state bureaucracy he sets out to show has increasingly fused with the shadow economy to form a new mechanism of fraud theft and economic disruption Can total catastrophe be avoided and can a process of purgation and recovery that is catharsis now ensue Menshikov advances a detailed program for getting economic reform back on track while avoiding a further collapse of living standards Here are specific proposals for curbing inflation reducing budget deficits and ending the sway of the shadow economy These tasks can still be accomplished the author argues without sacrificing the interests of the mass of the Soviet population *Catastrophe Or Catharsis?* Stanislav Mikhaïlovich Men'shikov, 1991 *Catastrophe or catharsis?* Станислав Меньшиков, 1991 *Soviet Labour Ideology and the Collapse of the State* B. Lo, 2016-02-03 This book examines the transformation of Soviet labour ideology during the last decade of the USSR and its critical relationship to the collapse of the Soviet state The author focuses on regime attempts to revive Soviet economic performance on the basis of increased labour productivity and shows how their failure had unforeseen and catastrophic consequences for the legitimacy of the state Far from reinvigorating concepts about the role and nature of labour in Soviet society the regime succeeded only in demonstrating its own impotence and unsustainability *The Aftermath of 'Real Existing Socialism' in Eastern Europe* Jacques Hersh, Johannes Dragsbaek Schmidt, 2016-07-27 The themes in this book concern former Soviet type societies 1 Is the capitalist world system willing and able to absorb these newcomers or are they condemned to Third worldization 2 Is the neoliberal advice of simultaneous political democratization and economic liberalization a viable path 3 Is the East Asian model of authoritarianism and governed markets a better option 4 Can the revolution of rising expectations be harnessed into a new structure of accumulation based on class polarisations 5 Are there lessons in Chinese market socialism In this topical and timely collection these questions are answered by an interdisciplinary and international team of specialists *Imperialism and Capitalism, Volume II* Dipak Basu, Victoria Miroshnik, 2020-08-17 This book discusses the case for socialism and the models of socialist planning Through examining different countries each chapter examines the successes and failures of contrasting socialist policies The theories and techniques of socialist planning are discussed in relation to the Soviet Union and India

with additional attention given to Great Britain Scandinavia and the former Yugoslavia Imperialism and Capitalism Volume 2 Normative Perspectives aims to explore the alternatives to capitalism within different sectors and situations The book is relevant to those interested in economics development studies international relations and global politics

Socialism Betrayed Roger Keeran, Thomas Kenny, 2010-10-20 A fresh multi faceted look at the overthrow of the Soviet State the dismemberment of the Soviet Union and the campaign to introduce capitalism from above Roger Keeran and Thomas Kenny have given us a clear and powerful Marxist analysis of the momentous events which most directly shaped world politics today the destruction of the USSR the Superpower of socialism Norman Markowitz author of The Rise and Fall of the People s Century I have not read anything else with such detailed and intimate knowledge of what took place This manuscript is the most important contribution I have read Phillip Bonosky author of Afghanistan Washington s Secret War A well researched work containing a great deal of useful historical information Everyone will benefit greatly from the mass of historical data and the thought provoking arguments contained in the book Bahman Azad author of Heroic Struggle Bitter Defeat Factors Contributing to the Dismantling of the Socialist State in the USSR *Russia's Path from Gorbachev to Putin* David Kotz, Fred Weir, 2007-05-07 Over the past few years many of the former Communist rule countries of Central and Eastern Europe have taken a steady path toward becoming more or less normal capitalist countries with Poland and Hungary cases in point Russia on the other hand has experienced extreme difficulties in its attempted transition to capitalism and democracy The pursuit of Western endorsed policies of privatization liberalization and fiscal austerity have brought Russia growing crime and corruption a distorted economy and a trend toward authoritarian government In their 1996 book Revolution from Above David Kotz and Fred Weir shed light on the underlying reasons for the 1991 demise of the Soviet Union and the severe economic and political problems of the immediate post Soviet period in Russia In this new book the authors bring the story up to date showing how continuing misguided policies have entrenched a group of super rich oligarchs in alliance with an all powerful presidency while further undermining Russia s economic potential New topics include the origins of the oligarchs the deep penetration of crime and corruption in Russian society the financial crisis that almost destroyed the regime the mixed blessing of an oil dependent economy the atrophy of democracy in the Yeltsin years and the recentralization of political power in the Kremlin under President Putin
