An Outline History of the United States Benson John Lossing,1875 **A History of All Nations, from the Earliest Periods to the Present Time, Or, Universal History in which the History of Every Nation, Ancient and Modern, is Separately Given** Samuel Griswold Goodrich,1857 *American Standard* ,1924 *Reality TV's Real Men of the Recession* Shannon O'Sullivan,2022-10-11 In this book Shannon O Sullivan explores blue collar frontier shows a subgenre of reality television showcasing white working class men performing hazardous occupations in remote wilderness settings O Sullivan argues that the proliferation of these programs represents a subtle yet potent reactionary veneration of white rural working class men as real Americans amid the Great Recession and social movements challenging white supremacy heteropatriarchy and capitalism nearly a decade before Donald Trump kicked off his presidential campaign Through analyses of *Deadliest Catch* *Ax Men* *Ice Road Truckers* and *Gold Rush* O Sullivan reframes dominant understandings of social class and challenges the neoliberal tendency to configure identity and social categories as stylized performances delinked from power relations

The author highlights the political significance of these series in relation to Donald Trump's rhetorical strategy and media narratives about his supporters. O'Sullivan also incorporates an analysis of Duck Dynasty which exemplifies how affluent white men take up stereotypical white rural working class masculine performances to attain a public perception of masculine authenticity. Scholars of media studies, gender studies, television studies, communication and political rhetoric will find this book of particular interest.
