*Don Rosa Classics: The Complete Pertwillaby Papers* Don Rosa, 2012      *The best of Don Rosa. Artist edition* Don Rosa, Pier Luigi Gaspa, 2023      *Don Rosa - I Still Get Chills* Alex Jakubowski, Don Rosa, Lois Lammerhuber, 2017 Don Rosa is one of the world's most popular cartoonists. For over 20 years he kept up the duck universe of his idol Carl Barks with his stories about Scrooge McDuck, Donald Duck and the Beagle Boys Inc. He is adored for his detailed duck adventures. His biography *Life and Times of Scrooge McDuck* earned him immortality and an Eisner Award, the world's most important comics prize. But who is the man behind the ducks? I STILL GET CHILLS knows the answers. It is published in honour of Don Rosa's 66th and Scrooge McDuck's 70th birthday. German public broadcast journalist Alex Jakubowski and Lois Lammerhuber, one of the best photographers of his generation, spent a lot of time with the star cartoonist on his fantastic remote home in the wide reaches of Kentucky. Surrounded by one of the largest comics collections in North America, White Castle fast food memorabilia, amazing libraries of books, films and CDs, countless huge monitors, exquisite vintage cars and an enviable pinball collection, they talked for days in the artist's studio, traced Don Rosa's childhood on trips to Louisville and discovered the many facets of a man who has become almost as legendary as a passionate collector as he has for his art as a cartoonist. And what's more, Don Rosa himself lent a hand with this book, commenting on photos and drawings, creating typical Don Rosa quotes and turning it into a unique Don Rosa work.

**Creation, Translation, and Adaptation in Donald Duck Comics** Peter Cullen Bryan, 2021-05-17 This book examines the scope and nature of Donald Duck and his family's popularity in Germany in contrast to the diminished role they play in America. This is achieved through examination of the respective fan communities, business practices and universality of the characters. This work locates and understands the aspects of translation and adaptation that inform the spread of culture that have as yet been underexplored in the context of comic books. It represents a large scale attempt to incorporate adaptation and translation studies into comics studies through a lens of fan studies used to examine both the American and German fan communities as well as the work of Don Rosa. This

work builds on the efforts of other scholars including Janet Wasko and Illaria Meloni while expanding the historical understanding of what might be the world's best selling comics. Peter Cullen Bryan is Lecturer at Pennsylvania State University USA. His areas of study include American Studies, Intercultural Communications and 21st Century American culture, emphasizing comic art and fan communities. His research has appeared in the *Journal of Fandom Studies*, *The Journal of American Culture* and *Popular Culture Studies Journal*. He serves on the boards of the Mid Atlantic Popular Culture Association and the Popular Culture Association as well as Secretary for the Intercultural Communication section of the International Communication Association.

Cartoonists, Works, and Characters in the United States through 2005 John Lent, 2006-04-30. This penultimate work in John Lent's series of bibliographies on comic art gathers together an astounding array of citations on American cartoonists and their work. Author John Lent has used all manner of methods to gather the citations: searching library and online databases, contacting scholars and other professionals, attending conferences and festivals, and scanning hundreds of periodicals. He has gone to great length to categorize the citations in an easy to use scholarly fashion and in the process has helped to establish the field of comic art as an important part of social science and humanities research. The ten volumes in this series covering all regions of the world constitute the largest printed bibliography of comic art in the world and serve as the beacon guiding the burgeoning fields of animation, comics, and cartooning. They are the definitive works on comic art research and are exhaustive in their inclusiveness, covering all types of publications: academic, trade, popular, fan, etc. from all over the world. Also included in these books are citations to systematically researched academic exercises as well as more ephemeral sources such as fanzines, press articles, and fugitive materials, conference papers, unpublished documents, etc., attesting to Lent's belief that all pieces of information are vital in a new field of study such as comic art.
