Patrona, 2017-08-29 This book is a comparative study of six Italian American and Greek American literary works written in the three last decades of the 20th century and examined in pairs. Based on the common theme of the authors' return either metaphorical or literal to the country of origin and its culture *Return Narratives* explores the common motifs of mythology ritual and storytelling where the third generation writers resort to in their quest for self-definition. With a common historical and cultural background in the old neighboring countries Greece and Italy and a similar reception in the new world facilitating a comparative approach the ethnic writers of the two literatures clearly envisage ethnic space as a site of resilience and empowerment *It's Not TV* Felix Gillette, John Koblin, 2022-11-01 A read so riveting it's not hard to imagine watching it unfold on Sunday nights. The Associated Press An incisive account that is more than a rosy victory lap for one of TV's most influential channels. Eric Deggans NPR's Books We Love *It's Not TV* proves to be a lively companion to all these shows. Andrew O'Hagan The New York Review of Books The inside story of HBO the start-up company that reinvented television by two veteran media reporters. HBO changed how stories could be told on TV. The Sopranos Sex and the City The Wire Game of Thrones The network's meteoric rise heralded the second golden age of television with serialized shows that examined and reflected American anxieties fears and secret passions through complicated characters who were flawed and often unlikable. HBO's own behind-the-scenes story is as complex compelling and innovative as the dramas the network created driven by unorthodox executives who pushed the boundaries of what viewers understood as television at the turn of the century. Originally conceived by a small upstart group of entrepreneurs to bring Hollywood movies into living rooms across America the scrappy network grew into one of the most influential and respected players in Hollywood. *It's Not TV* is the deeply reported definitive story of one of America's most daring and popular cultural institutions laying bare HBO's growth dominance and vulnerability within the capricious media landscape over the past fifty years. Through the visionary executives showrunners and producers who shaped HBO seasoned

journalists Gillette and Koblin bring to life a dynamic cast of characters who drove the company's creative innovation in astonishing ways outmaneuvering copycat competitors taming Hollywood studios transforming 1980s comedians and athletes like Chris Rock and Mike Tyson into superstars and in the late 1990s and 2000s elevating the commercial free serialized drama to a revered art form But in the midst of all its success HBO was also defined by misbehaving executives internal power struggles and a few crucial miscalculations As data driven models like Netflix have taken over streaming HBO's artful instinctual and humanistic approach to storytelling is in jeopardy Taking readers into the boardrooms and behind the camera It's Not TV tells the surprising fascinating story of HBO's ascent its groundbreaking influence on American business technology and popular culture and its increasingly precarious position in the very market it created
