## **Dorothy Richardson An Adventure In Self Discovery:**

*Dorothy Richardson; an Adventure in Self Discovery* Horace Gregory, 1967      **Dorothy Richardson** Horace Gregory, 1967      Dorothy Richardson's 'Art of Memory' Elisabeth Bronfen, 2024-07-30 Addresses the question of how identity is formed as a result of corporeal and cultural positioning by mapping Dorothy Richardson's early modernist text *Pilgrimage* against our postmodern interest in real and imagined geographies      The Pilgrimage of Dorothy Richardson Joanne Winning, 2000 *Pilgrimage* Dorothy Richardson's thirteen volume opus of autobiographical fiction follows the entire arc of an independent woman's life in early twentieth century Britain. It is one of the major works of the modernist period; indeed, it is considered by many a classic of modernist literature. In this book, Joanne Winning argues in this book, however, that Richardson's novels continue to be misunderstood in several important ways. Winning is the first critic to fully explore the issues of lesbian identity in the novels. Examining primary materials, manuscript drafts, and Richardson's previously unstudied correspondence, Winning demonstrates that *Pilgrimage* contains a carefully constructed though concealed subtext of lesbian desire and sexuality. *The Pilgrimage of Dorothy Richardson* explores the ways in which Richardson used such cultural forms as sexology, psychoanalysis, and other lesbian and modernist literature of her time to create an intertextual dialogue about lesbian identity. Winning suggests that a sustained reading of lesbian sexuality in *Pilgrimage* is crucial to a more complete understanding of Richardson's long and sometimes difficult work. Winning also places *Pilgrimage* in the context of other works by female modernist writers that record lesbian identity. This approach, Winning suggests, is the first step toward recognizing and defining a literary movement that can be termed lesbian modernism, as well as toward a deeper understanding of how lesbian modernist writers helped shape modernist literature as a whole.      The Tunnel Dorothy Richardson, 2014-09-19 *The Tunnel* is the fourth volume in Dorothy Richardson's novel series *Pilgrimage*. The series, set in the years 1893-1912, chronicles the life of Miriam Henderson, a New Woman rejecting the Victorian ideals of femininity and domesticity in favour of a modern life of independence. In addition to the formal and stylistic innovations in *The Tunnel*, its attention to women's experience of modernity is groundbreaking. It chronicles Miriam's working day as a dental receptionist and her forays into the public space of cafés, city streets, and political and intellectual talks. Richardson matches her focus on Miriam's consciousness with remarkable detail, giving the narrative a powerful realism. Contemporary reviews, including those by Virginia Woolf and Katherine Mansfield, personal letters, and Richardson's essays on modernism, feminism, and aesthetics place this important novel in context.      **Dorothy Richardson** Thomas F. Staley, 1976      *Her Quest for Self: a Journey* Gayreen Lyngdoh, 2015-10-14 To journey into the pages of this book is to journey into the colourful world of Chinese and Chinese American culture, into slivers of history, into gender politics, into myth, and perhaps even into ourselves. In the private struggles and triumphs of Pearl S. Bucks and Amy Tan's women characters, in their quest to re-frame and re-define themselves, and their lives, echo the universal experience of women in time and space: the stories of love and loss, the yearnings, and

heartaches the joys and sorrows the laughter and the tears and above all their quiet strength and resilience in the face of great odds and injustices that more often than not have marked the female experience through generations The book will no doubt strike a chord in the hearts of the readers and offer a fascinating insight into the heart of a woman's world and what it is to be a woman Pearl S Buck and Amy Tan the two authors revisited in this book may both be described as writers who have in their own ways written about the lives of women Through their work they challenged patriarchal assumptions about women by attempting to fashion a distinctive feminine voice that allows for the articulation of women's experiences in their own voices and or through the female perspective This book takes a re look at the women characters in select novels of these two writers examining and analysing their experiences and subjectivities as they journey in quest of the self Special attention is drawn to the role of stories storytelling as a potent means of female expression and of bridging multifarious human divides The urgency of reframing and reinterpreting popular myths as a way of critiquing and changing mindsets where these need to be changed is also explored in depth The book is therefore a critical and insightful study of the works of two women that although written in different periods yet intersect in these pages The novels studied are those relating specifically to China and the Chinese American experience the main subject being the Chinese woman both in her own local space as well as outside of it Storytelling enables the transmission and perpetuation of values culture and history which as depicted here are crucial to self knowledge and to an understanding of one's place and identity in the universe The self that is represented in these novels therefore is not a self in isolation but a self that is a part and parcel of the human tapestry where race gender culture and history meet and intersect

**Look Who's Laughing** Gail Finney, 2014-07-10 First Published in 1994 Look Who's Laughing belies the notion that in a joke the only place for a woman is in the butt Rather than analysing women's humor in isolation Gail Finney and twenty scholars map the terrain that the genders share and the areas that each hold exclusively Their essays investigate witty heroines sexual parodies domestic humor and romantic power They focus on comic drama and fiction stand up comedy cartoons and film describing the roles gender has played in the creation reception and interpretation of comedy from the sixteenth century to present They consider works by Shakespeare Oscar Wilde Zora Neale Hurston and Virginia Woolf whilst discussing characters such as V I Warshawski Molly Bloom and Elizabeth Bennet The book's emphasis on comedy's diverse sources uncovers critical prejudices and defines new contexts enabling men and women to understand more about each other's attitudes towards humor its means and ends

**Experimenting on the Borders of Modernism** Kristin Bluemel, 1997 As one of the first English novelists to employ stream of consciousness as a narrative technique Dorothy Richardson ranks among modernism's most important experimentalists yet her epic autobiographical novel Pilgrimage has rarely received the kind of attention given to the writings of her contemporaries James Joyce Virginia Woolf and Marcel Proust Kristin Bluemel's study explores the relationship between experimental forms and oppositional politics in Pilgrimage demonstrating how the novel challenged the literary conventions and cultural expectations of the late Victorian and

Edwardian world and linking these relationships to the novel's construction of a lesbian sexuality its use of medicine to interrogate class structures its feminist critique of early twentieth century science and Richardson's short stories and nonfiction

**Modernism** Lawrence Rainey, 2005-07-15 Modernism An Anthology is the most comprehensive anthology of Anglo American modernism ever to be published Amply represents the giants of modernism James Joyce Gertrude Stein Virginia Woolf T S Eliot Ezra Pound Wallace Stevens Marianne Moore Samuel Beckett Includes a generous selection of Continental texts enabling readers to trace modernism's dialogue with the Futurists the Dadaists the Surrealists and the Frankfurt School Supported by helpful annotations and an extensive bibliography Allows readers to encounter anew the extraordinary revolution in language that transformed the aesthetics of the modern world *Excursions into Modernism* Joyce Kelley, 2017-05-15 Positioned at a crossroads between feminist geographies and modernist studies *Excursions into Modernism* considers transnational modernist fiction in tandem with more rarely explored travel narratives by women of the period who felt increasingly free to journey abroad and redefine themselves through travel In an era when Western artists writers and musicians sought primitive ideas for artistic renewal Joyce E Kelley locates a key similarity between fiction and travel writing in the way women authors use foreign experiences to inspire innovations with written expression and self articulation She focuses on the pairing of outward journeys with more inward introspective ones made possible through reconceptualizing and mobilizing elements of women's traditional corporeal and domestic geographies the skin the ill body the womb and the piano In texts ranging from Jean Rhys's *Voyage in the Dark* to Virginia Woolf's *The Voyage Out* and from Evelyn Scott's *Escapade* to Dorothy Richardson's *Pilgrimage* Kelley explores how interactions between geographic movement identity formation and imaginative excursions produce modernist experimentation Drawing on fascinating supplementary and archival materials such as letters diaries newspaper articles photographs and unpublished drafts Kelley's book cuts across national and geographic borders to offer rich and often revisionary interpretations of both canonical and lesser known works

**Breaking the Sequence** Ellen G. Friedman, Miriam Fuchs, 2014-07-14 These nineteen essays introduce the rich and until now largely unexplored tradition of women's experimental fiction in the twentieth century The writers discussed here range from Gertrude Stein to Christine Brooke Rose and include among others Virginia Woolf Jean Rhys Jane Bowles Marguerite Young Eva Figes Joyce Carol Oates and Marguerite Duras Friedman and Fuchs demonstrate the breadth of their research first in their introduction to the volume in which they outline the history of the reception of women's experimental fiction and analyze and categorize the work not only of the writers to whom essays are devoted but of a number of others too and second in an extensive and wonderfully useful bibliography Emma Kafalenos *The International Fiction Review* After an introduction that is practically itself a monograph eighteen essayists too many of them distinguished to allow an equitable sampling take up three generations of post modernists American Literature The editors see this volume as part of the continuing feminist project of the recovery and foregrounding of women writers Friedman and Fuchs's substantive

K. Ludwig Pfeiffer,2018-03-19 This book focuses on the tensions between processes of consciousness and their products like worldviews theories models of thought etc Staying close to their technical meanings in chaos and catastrophe theory chaotic processes are described in mainly neurobiological and evolutionary terms while products are delineated in their evolutionary logic Given both a relative opacity of processes of the mind and of the outside world the dramatic quality of the processes a certain closeness to hysterical and schizophrenic tendencies and within the context of the weakening orientating power of worldviews an alarming catastrophic potential emerge As a consequence the book aims at a comparative cost benefit analysis of the transitionality between chaotic processes of consciousness and the often catastrophic implications of their products within historical frameworks The central thesis consists in the increasing failure in the orientation of action which cannot be contained by systems of ethics Materials for this analysis are mainly drawn from texts normally called literary in which the tension between biographical and historical dimensions provides profiles of chaos and catastrophe A Pathway to Reality David Stamm,2000 *The Diaries of Marya Zaturenska, 1938-1944* Mary Beth Hinton,2001-12-01 At age thirty six acclaimed poet Marya Zaturenska s work reached its full potential even as she battled emotional and physical illness Recently rediscovered diaries published here for the first time reflect that crucial period in the poet s life Born in Kiev Russia Marya Zaturenska moved to New York City at the age of eight To help support her family she dropped out of public high school and held various jobs in a factory a publishing house and bookstore By taking night courses she managed to complete high school Meanwhile she wrote poetry
