**The Containment of Organised Crime and Terrorism** Cyrille J.C.F. Fijnaut, 2016-11-21 This unique volume collects articles and contributions to edited books published throughout his distinguished career by Professor Cyrille Fijnaut one of the world's leading experts in the fields of organised crime security and criminology It makes clear what issues the author systematically explored over the years and how he helped to shape the fields in which he has worked and continues to work The texts reflecting the author's profound understanding of these complex fields and wealth of experience on a practical level are presented according to topic In addition the volume offers English translations of seminal articles published originally in Dutch thus making these important texts accessible to international scholars for the first time The volume thus constitutes a unique and indispensable resource for scholars and practitioners inside and outside the Netherlands Crime in Europe Martin Farrell, Frances Heidensohn, 2002-11-01 While some European nations share similar crime rates and trends many differ widely in their approach to criminal justice And as Europe's internal frontiers prepare to give way to a single market issues such as the movement of terrorists international fraud and drug trafficking take on new significant dimensions This is the first book to address these issues and attempt a comparative criminology for Europe The contributors cover a range of subjects including crime prevention women and crime the relationship of ethnic minorities to crime and the police corporate crime accountability in the prison system **Policing World Society** Mathieu Deflem, 2002 This book offers a sociological analysis of the history of international police cooperation in the period from the middle of the 19th century until the end of World War II It is a detailed exploration of international cooperation strategies involving police institutions from the United States and Germany as well as other European countries Police Cooperation in Europe Cyrille Fijnaut, R. Interpol D. J. Vledder, Gerard de Groot, 1990 In korte hoofdstukken wordt verteld hoe de politie over de hele wereld samenwerkt bij het opsporen van misdadigers Met zwart witte foto's Vanaf ca 10 jaar **Inside Interpol** Louise Spilsbury, 2018-12-15 The International Criminal Police Organization better known as Interpol has 192 member countries making it the largest international police organization in the world What does Interpol do and how can someone start working for this organization The answers to these questions and more are found in this educational and exciting look at a leading global law enforcement agency Fascinating facts are presented to readers in creative ways including sidebars fact boxes and graphic organizers Captivating full color photographs are also included to give readers a closer look at exactly how Interpol is working to create a safer world **Interpol** Fenton Bresler, Erik Rook, Gerard M.L. Harmans, 1992 Geschiedenis en werkwijze van Interpol **Interpol** H.L. Rensen, 1970 In dit boekje wordt beschreven hoe door middel van Interpol de Internationale Criminele Politie Organisatie veel landen elkaar helpen om de misdaad te bestrijden en gegevens te verschaffen bij opsporingen waarbij een ongeluk wordt gevreesd *The Legal Foundations of INTERPOL* Rutsel Silvestre J Martha, 2010-07-23 This book is a study of the legal aspects of the birth and development of an international organisation using the example of INTERPOL as a detailed case study It is not a constitutional manual for INTERPOL but an organisational study and does not seek to be exhaustive in terms of its description of INTERPOL's operations Its main focus is the examination of the question whether an international organisation in this case INTERPOL can be created without a solemn and formally celebrated treaty At the same time the book sets out the legal foundations for extra judicial international police enforcement cooperation and explains the creation structure and operation of INTERPOL the organisation that

promotes that cooperation For practitioners who for whatever reason have to deal with INTERPOL it provides a much needed explanation of the legal foundations of the Organisation its legal status and some basic guidance on its operations It also includes information relevant for lawyers litigating issues with INTERPOL about how their clients can challenge the way the Organisation has processed information concerning them or has alerted police forces worldwide about them The work is to be welcomed not only because of its thorough research and main conclusions but primarily because it submits known facts about INTERPOL to a rigorous legal analysis from the perspective of public international law The practical as well as theoretical importance of the study needs to be underlined The study provides practitioners who for whatever reason have to deal with INTERPOL with the much needed explanation about the legal foundation of the Organisation its legal status and some basic guidance on its operations Foreword by Ronald K Noble Secretary General of INTERPOL July 2009 Interpol: Issues in World Crime and International Justice Michael Fooner, 1989-08-31 Often regarded as a mystery Interpol the world association of national police forces for mutual assistance in the fight against international crimes and criminal conspiracies is analyzed in this book by a research scientist and its inner workings scrutinized Annotation copyright Book News Inc
