**A Walk Through Paris** Eric Hazan,2018-03-27 Eric Hazan author of the acclaimed *The Invention of Paris* leads us by the hand in this walk from Ivry to Saint Denis passing such familiar landmarks as the Luxembourg Gardens the Pompidou Centre the Gare du Nord and Montmartre as well as little known alleyways and arcades Filled with historical anecdotes geographical observations and literary references Hazan s walk guides us through an unknown Paris He shows us how through planning and modernisation the city s revolutionary past has been erased in order to enforce a reactionary future but by walking and observation he shows us how we can regain our knowledge of the radical past of the city of Robespierre the Commune Sartre and the May 68 uprising And by drawing on his own life story as surgeon publisher and social critic Hazan vividly illustrates a radical life lived in the city of revolution

**Literary Trials** Ralf Gröttemeier,2017-07-27 From the 19th century onwards famous literary trials have caught the attention of readers academics and the public at large Indeed it is striking that more often than not it was the texts of renowned writers that were dealt with by the courts as for example Gustave Flaubert s *Madame Bovary* and Charles Baudelaire s *Les Fleurs du Mal* in France James Joyce s *Ulysses* and Henry Miller s *Tropic of Cancer* in the US D H Lawrence s *Lady Chatterley s Lover* in Great Britain up to the more recent trials on Klaus Mann s *Mephisto* and Maxim Biller s novel *Esra* in Germany By bringing together international leading experts Literary Trials represents the first step towards a systematic discussion of literary trials on a global scale Beginning by first reassessing some of the most famous of these trials it also analyses less well known but significant literary trials Special attention is paid to recent developments in the relationship between literature and judicature pointing towards an increasing role for libel and defamation in the societal demarcation of what literature is and is not allowed to do

**Reactionary Nationalists, Fascists and Dictatorships in the Twentieth Century** Ismael Saz,Zira Box,Toni Morant,Julián Sanz,2019-07-23 This book provides a comparative study of fascisms and reactionary nationalisms It presents these as transnational political cultures and examines the dictatorships and regimes in which these cultures played significant roles The book is organised into three main sections focusing on nationalists fascists and dictatorships in turn The chapters range across French Italian Spanish Portuguese and German experiences and include a broader overview of the political cultures in Central and Eastern Europe as well as Latin America The chapters consider the identities organizations and evolution of the various cultures and specific political movements alongside the intersections between these movements and how they adapted to changing contexts By doing so the book offers a global view of fascisms and reactionary nationalisms and promotes debate around these political cultures

**France's Purveyors of Hatred** Richard Griffiths,2020-12-30 This book examines the extreme right in France during the interwar period It begins by describing the background of the French right before 1914 and then provides commentary and analysis of the broad range of the extra parliamentary right in interwar France Organisations such as Action Française and the militant ligues are examined as well as prominent extreme right

intellectuals such as Lucien Rebet Robert Brasillach and Pierre Drieu la Rochelle The various forms of French anti-Semitism are assessed and the book also situates the French extreme right within a broader context by assessing its impact on other European countries including the UK It concludes by exploring the complicated politics of wartime France where some extreme right activists collaborated with the Nazis while others opposed them and where few generalisations prove possible This volume will be of great interest to scholars and students of French history the extreme right and interwar politics

**Studies in Contemporary Jewry** Jonathan Frankel, 1998-02-05 Was the Holocaust a natural product of a long German history of Anti-Semitism Or were the Nazi policies simply a wild mutation of history not necessarily connected to the past Or does the truth lie somewhere in between This latest volume in the acclaimed Studies in Contemporary Jewry series edited by internationally known scholars at the Hebrew University in Jerusalem presents essays on the origins of the Holocaust The works in this volume are diverse in scope and opinion ranging from general philosophical discourses to detailed analyses of specific events and often reflecting the divergent ideologies and methods of the contributors But each adds to the whole and the result is a fascinating panorama that is sure to be indispensable to all students and scholars of the subject

**The Collaborator** Sandra Nina Kaplan, 2001

**The Collaborator** Alice Kaplan, 2014-11-20

On February 6 1945 Robert Brasillach was executed for treason by a French firing squad He was a writer of some distinction a prolific novelist and a keen literary critic He was also a dedicated anti-Semite an acerbic opponent of French democracy and editor in chief of the fascist weekly *Je Suis Partout* in whose pages he regularly printed wartime denunciations of Jews and resistance activists Was Brasillach in fact guilty of treason Was he condemned for his denunciations of the resistance or singled out as a suspected homosexual Was it right that he was executed when others who were directly responsible for the murder of thousands were set free Kaplan's meticulous reconstruction of Brasillach's life and trial skirts none of these ethical subtleties a detective story a cautionary tale and a meditation on the disturbing workings of justice and memory *The Collaborator* will stand as the definitive account of Brasillach's crime and punishment A National Book Award Finalist A National Book Critics Circle Award Finalist A well-researched and vivid account John Weightman New York Review of Books A gripping reconstruction of Brasillach's trial The New Yorker Readers of this disturbing book will want to find moral touchstones of their own They're going to need them This is one of the few works on Nazism that forces us to experience how complex the situation really was and answers won't come easily Daniel Blue San Francisco Chronicle Book Review *The Collaborator* is one of the best written most absorbing pieces of literary history in years David A Bell New York Times Book Review Alice Kaplan's clear-headed study of the case of Robert Brasillach in France has a good deal of current-day relevance Kaplan's fine book shows that the passage of time illuminates different understandings and she leaves it to us to reflect on which understanding is better Richard Bernstein The New York Times

**Les vérités cachées de la Seconde Guerre mondiale** Dominique Lormier, 2019-05-02 Après des débats cennies de témoignages d'ouvrages d'articles de documentaires télévisés et de missions radio

on croit tout connaître de la Seconde Guerre mondiale. Pourtant aux mythes de la propagande des belligerants de cette époque sont venues s'ajouter les théories fumeuses de certains auteurs et médias qui continuent de véhiculer une idéologie formatée et sans nuances. Cet ouvrage captivant reposant sur des documents et des témoignages issus de la bataille de Normandie et de la France et ses Alliés pouvaient gagner la guerre en 1940, les Français sont tous des collabos et des antisémites. La Résistance française est surestimée et à ce titre inefficace. Mussolini a toujours été acquis au nazisme, le débarquement et la bataille de Normandie sont avant tout une victoire américaine. Dominique Lormier revient sur ces affirmations et nous ici quelques unes des vertus cachées de cette période cruciale du XXe siècle. Historien et écrivain, Dominique Lormier est l'auteur de plus de 140 ouvrages, documents historiques, biographies littéraires, spiritualité. Lieutenant colonel de réserve, il est également membre de l'Institut Jean Moulin, prix de la Légion d'honneur et chevalier de la Légion d'honneur. Il est l'un des meilleurs spécialistes de la Seconde Guerre mondiale. Parmi ses derniers ouvrages, Ces chrétiens qui ont résisté à Hitler, paru en 2018.

### **Le grand**

**écrivain, cette névrose nationale** Johan Faerber, 2021-03-10. Quand le dessinateur de la pandémie claque les journaux de confinement fleurissent comme autant de bruyères la Toussaint. Comment la littérature qui aime tant de mesurer l'histoire pouvait-elle rester silencieuse devant cette tragédie ? Mieux encore, la littérature n'a pas eu de définitive la seule pouvoir rendre compte d'un événement d'une telle ampleur dans toute sa complexité et toute sa puissance de sidération. Quand la marche du monde se fait tumultueuse, la France comme par exemple elle appelle ses écrivains grands si possible. Mais qu'est-ce qu'un grand écrivain ? Comment se construit entre critique et politique cette figure légendaire ? Et quel insatiable, sinon coupable, désir se propose-t-il d'assouvir ? Convoquant Michel Houellebecq, Virginie Despentes, Sylvain Tesson, Emmanuel Carrère ainsi que Sartre, Zola ou Hugo notamment, ce livre décrypte ce mythe bien français et les fatalités nées qu'il engendre. Johan Faerber est docteur en littérature critique et directeur. Il est notamment l'auteur d'Après la littérature, PUF, 2018. Il est l'un des co-fondateurs du magazine culturel Diacritik.

### **Police and Politics in Marseille, 1936-1945** Simon

Kitson, 2014-05-01. Simon Kitson's Police and Politics in Marseille 1936-1945 offers a history from below analysis of the attitude of the Marseille Police between the Popular Front and the Liberation of France. Kitson highlights the specificities of policing France's largest port, clientelism, corruption, a floating population and high levels of criminality, including organised

crime But he also demonstrates why many of his conclusions about Police attitude can be generalised to other parts of France and in so doing challenges many of the assumptions of the existing historiography Although they zealously hunted down Jews and communists the Police were not as reliable for the Vichy government as is commonly assumed and were undoubtedly far more involved in Resistance than most sectors of society

### **Right/left/right Revolving Commitments**

Jennifer Birkett, Stan Smith, 2008 By the late 1920s the European mood had changed from postwar disenchantment nihilism or apolitical hedonism to a more serious engagement with a politics of crisis economic collapse and social and cultural disintegration The emergence of fascist movements throughout Europe the failure of the social democracies to respond adequately to their threat and the consequent rise to influence of an authoritarian Moscow dominated Communism found the European intelligentsia in ferment in the early 1930s The deeply ambiguous mood of the years preceding Hitler's accession to power in 1933 led many writers to espouse authoritarian and radical allegiances of Left or Right or to vacillate between extremes In the mid 1930s a shift in Comintern policy to class collaboration strategies against fascism appeared to be vindicated by the election of Popular Front governments in Spain and France The Spanish Civil War and Hitler's seizure of Austria and Czechoslovakia in 1938 put such strategies under strain until they were destroyed by the Nazi-Soviet Pact and the partition of Poland in late 1939 The Second World War saw the final dissolution of the old Left consensus bringing new disillusionments or the hardening of commitments to rigid dogmas or renunciation of political commitment altogether Extending from the origins of the European crisis in the late 1920s to its consequences in the aftermath of World War II this collection of essays examines the complex and contradictory responses in British and French intellectual and cultural circles to that key political moment of the twentieth century when as Leon Trotsky put it in 1932 history was poised like a ball on top of a pyramid and the slightest impact could cause it to roll down either to the left or to the right It offers a review of the radical shifts and reversals of political allegiance over this period in France and Britain seeks to explore some of the tensions and confusions in cultural and everyday life that produced them and presents a comparative account of

writers who have shaped subsequent understanding of these two momentous decades

*Le dossier Rebabet* Bénédicte Vergez-Chaignon, 2015-10-02 Lucien Rebabet est l'auteur d'un livre maudit qui fut le best seller de l'Occupation. Les D combres livre qui lui a valu entre autres raisons d'être condamné à mort en 1946 avant qu'il voie sa peine commuée en détention perpétuelle. Ce texte est rédigé dans son intégralité pour la première fois depuis 1942 après avoir réapparu dans les années 1970 amputé de ses chapitres les plus déroutants notamment celui intitulé "Le ghetto". Pour la première fois aussi alors que l'ouvrage est en libre accès sur le Net il est accompagné d'un appareil critique conséquent qui permet de le lire en connaissance de cause de la résister dans le climat de l'époque avec ses outrances, ses haines et ses préjugés dont Rebabet fut l'un des plus véhéments porte-parole. Annoté par l'une des meilleures spécialistes de l'Occupation, Bruno dicte Vergez Chaignon ce livre emprunté d'un antisémitisme viscéral et obsessionnel apparaît aujourd'hui comme un document historique défiant sur l'état d'esprit les phobies et les dérives de toute une génération d'intellectuels se réclamant du fascisme. L'auteur n'a pas d'autre talent d'écriture comme il l'a prouvé dans ses romans notamment "Les Deux Etendards" publiés par la NRF et son "Histoire de la musique" qui figure au catalogue Bouquins. Les D combres constituent également une œuvre littéraire part entière reconnue comme telle y compris par ses détracteurs les plus résolus. Ce dossier ne manquera pas de susciter des actions et commentaires quant l'opportunité de sa publication. Pascal Ory qui a soutenu dès l'origine l'idée d'une édition intégrale mais encadrée et commentée fournit dans une préface très claire les explications qui la justifient aujourd'hui.

Venue d'outre Atlantique la cancel culture menace de saper les fondements de notre civilisation. Statues déboulonnées, auteurs classiques rayés des programmes scolaires, livres mis hors index. Ce second volume est tout entier consacré aux œuvres de fiction des récits mythologiques la poésie en passant visiblement par le roman ou la bande dessinée. Plus de 400 œuvres sont présentées et analysées offrant un précis guide de lecture pour tous les âges. Le panorama ainsi offert de l'Antiquité nos jours des pays latins la Scandinavie de l'Irlande la Russie donne voir la richesse de l'univers esthétique européen. Les sensibilités qui s'y incarnent les styles qui nous invitent les motions dont on se enivre par les grandes œuvres dessinent par petites touches la vaste fresque de notre héritage culturel propre. Alain de Benoist essayiste philosophe est l'auteur d'une centaine de livres portant sur la philosophie politique et l'histoire des idées.
