Mediated Maternity Linda Seidel, 2013-05-09 Mediated Maternity Contemporary American Portrayals of Bad Mothers in Literature and Popular Culture by Linda Seidel explores the cultural construction of the bad mother in books movies and TV shows arguing that these portrayals typically have the effect of cementing dominant assumptions about motherhood in place or less often of disrupting those assumptions causing us to ask whether motherhood could be constructed differently Portrayals of bad mothers not only help to establish what the good mother is by depicting her opposite but also serve to illustrate what the culture fears about women in general and mothers in particular From the ancient horror of female power symbolized by Medea or more recently by Casey Anthony to the current worry that drug addicted pregnant women are harming their fetuses we see a social desire to monitor the reproductive capabilities of women resulting in more formal and informal surveillance than in material or even moral support *Spiritual Parenting* Gopika Kapoor, 2010-01-01 A child is possibly life s greatest miracle raising one is possibly life s greatest challenge But fear not help is at hand In this indispensable guide Gopika Kapoor a writer and mother of twins shares with you all that she has learned both as a parent herself and as a close observer of other parents From managing your toddler s tantrums to advice on kiddie birthday parties and from suggestions on positive discipline to ideas on how to connect with your child she provides not just solutions but also useful tips on pre empting the common problems that every parent encounters in bringing up Baby However this book is much more than primer on how to raise happy kids it is also about how to be happy parents In her typically reassuring compassionate tone she shows us how to tackle the physical and emotional difficulties we face as parenting adults post partum depression sleeplessness strains on spousal relationships and much more with suggestions for body and soul based

on practical experience and spiritual lessons Focused on both parent and child Spiritual Parenting is an invaluable compendium of common sense and spiritual wisdom Read this book and you ll see how one of life s greatest challenges can also be one of its greatest joy

The Vulnerable Empowered Woman Tasha N. Dubriwny,2012-11-14 The feminist women s health movement of the 1960s and 1970s is credited with creating significant changes in the healthcare industry and bringing women s health issues to public attention Decades later women s health issues are more visible than ever before but that visibility is made possible by a process of depoliticization The Vulnerable Empowered Woman assesses the state of women s healthcare today by analyzing popular media representations television print newspapers websites advertisements blogs and memoirs in order to understand the ways in which breast cancer postpartum depression and cervical cancer are discussed in American public life From narratives about prophylactic mastectomies to young girls receiving a vaccine for sexually transmitted disease the representations of women s health today form a single restrictive identity the vulnerable empowered woman This identity defuses feminist notions of collective empowerment and social change by drawing from both postfeminist and neoliberal ideologies The woman is vulnerable because of her very femininity and is empowered not to change the world but to choose from among a limited set of medical treatments The media s depiction of the vulnerable empowered woman s relationship with biomedicine promotes traditional gender roles and affirms women s unquestioning reliance on medical science for empowerment The book concludes with a call to repoliticize women s health through narratives that can help us imagine women and their relationship to medicine differently
