Down Elswick Slipways Armstrongs Ships And People 1884 1918:

Down Elswick Slipways Dick Keys, Richard E. Keys, Ken Smith, 1996 **William Armstrong** Henrietta Heald, 2011-03-01 William Armstrong was a brilliant and charismatic figure of the 19th Century a self made man whose achievements are now being more widely recognised Inventor scientist engineer and an early advocator of renewable energy he built a pioneering house in Northumberland in the North East of England called Cragside the first house in the world to be lit by hydroelectricity Armstrong s industrial powerhouse Elswick Works on the Tyne employed over 25 000 people in its heyday manufacturing hydraulic cranes warships and armaments He was a visionary who was loved and hated and feared in equal measure While he brought great fame and fortune to his native Newcastle upon Tyne and to his country as a whole he was condemned in some quarters as a merchant of death for his manufacturing of weapons of war This intimate authoritative portrait reveals as never before the extraordinary achievements of a multi faceted Victorian giant David Kynaston An excellent book hugely enjoyable Alexander Armstrong *The Political Life of Josiah C. Wedgwood* Paul Mulvey, 2010 New study of the Radical politician Josiah Wedgwood setting him in context and illuminating many of the political issues of the time In his day Josh Wedgwood was one of Britain s best known and most outspoken Radical politicians He served in three wars and in a Parliamentary career lasting from 1906 to 1943 first with the Liberals and then with Labour he fought to uphold personal liberty and to limit the power of the state Instead of the collectivism of socialists or social imperialists Wedgwood advocated a Radical vision of Victorian Individualism as the solution to the problems of social inequality at home and growing threats abroad that Britain faced in the first half of the twentieth century His support of individual freedom a redistribution of landowner s wealth and a voluntary and democratic British Empire received only limited support in his own lifetime but he fought for them with vigour and passion throughout his career This study of his life throws new light upon some of the defining ideological and policy issues of the most turbulent period of modern British history PAUL MULVEY teaches at the London School of Economics **Maritime Information: a guide to libraries and sources of information in the United Kingdom, 2004 Fourth Edition** Mike Macdonald, Roy Fenton, Nuala Briody, Maritime Information Association (MIA), 2004-01-01 The Maritime Information Guide provides a list of UK libraries record offices archives museums institutions associations and other bodies that have or can make available information on maritime matters Titles are listed in alphabetical order by the name by which users are most likely to look up This is the fourth volume produced in 2004 following the previous editions in 1973 1983 and 1993 *Legacy of the Lash* Zachary R. Morgan, 2014-11-12 A history of corporal punishment in the Brazilian navy and the four day mutiny that took Rio hostage and put an end to the violent practice *Legacy of the Lash* is a compelling social and cultural history of the Brazilian navy in the decades preceding and immediately following the 1888 abolition of slavery in Brazil Focusing on non elite mostly black enlisted men and the oppressive labor regimes under which they struggled the book is an examination of the four day Revolta da Chibata Revolt of

the Lash of November 1910 during which nearly half of Rio de Janeiro's enlisted men rebelled against the use of corporal punishment in the navy. These men seized four new powerful warships, turned their guns on Rio de Janeiro, Brazil's capital city, and held its population hostage until the government abolished the use of the lash as a means of military discipline. Although the revolt succeeded, the men involved paid dearly for their actions. This event provides a clear lens through which to examine racial identity, violence, masculinity, citizenship, modernity, and the construction of the Brazilian nation. Offering new insights into the spectacular sailors' revolt of 1910, Zachary R. Morgan treats the deep structure of Brazilian naval discipline, one based primarily on flogging. Slavery was only abolished in 1888, and the mutineers, largely of African descent, saw flogging as an intolerable holdover from the slave era. Morgan also shows the incompatibility of the old labor regime and modern naval technology. Trained on the new battleships in the English shipyards where they were built, Brazilian sailors increasingly viewed themselves as citizens in uniform. Joseph L. Love, University of Illinois Urbana-Champaign, *Legacy of the Lash* is a stellar contribution to the growing global scholarship on mutiny and maritime radicalism. Zachary R. Morgan brings back to vibrant life the history-making powers of Brazil's motley crews in the early twentieth century. Marcus Rediker, author of *The Slave Ship: A Human History*, *Ships Monthly*, 1997; *Sea Breezes*, 1997; **The British National Bibliography**, Arthur James Wells, 1998; *Bibliography of Nautical Books*, Alan Obin, 2000-02. This is the 15th annual edition of the *Bibliography of Nautical Books*, a reference guide to over 14,000 nautical publications. It deals specifically with the year 2000.
