**in One Minute** Cheryl McElhaney Garrett, 2012-02-29 Cheryl is facing tough times during a fourteen-month ordeal with two diseases that could change her life forever. She relies on strength that God gives her to overcome the situations. Doctors have misdiagnosed her symptoms for twenty-nine years. She doesn't give up even though she is in so much pain. She looks for doctor after doctor. Will Cheryl come out of her coma? Will she die or find a doctor who can cure her? **Marooned**, **The Dnr Trilogy** Don W. Hill M.D., 2018-10-17 J. D. Brewster is a bright medical student whose promising career is teetering on the edge of disaster. After the head nurse on the medical surgical unit dies from complications of injuries sustained in a vicious botched carjacking attempt, Brewster becomes demoralized. Sadly, the one person who tried to protect him from the dangerous pitfalls of the arduous clinical clerkship rotations was now gone. Forced to abandon his scientific research projects through no fault of his own, Brewster finds himself in a no-win situation as the pervasive culture of the Gulf Coast College of Medicine and University Hospital is brutal and unforgiving toward medical students. As a consequence to unrelenting and dehumanizing emotional abuse, Brewster and his colleagues become not only callous and largely indifferent to human suffering but also cruel and fully capable of dispensing retribution when perceived appropriate. The occult clinical justice system hidden within the bowels of the university turned out to be much more than just an unsubstantiated rumor whispered amongst the naïve medical students and members of the medical staff. The system of vigilante law and order has become fully manifest, and it is indeed a frightening entity to behold. Brewster is now evolving into an avenger who willingly participates in what he believes to be righteously sanctioned punishment dispensed to those who violate the laws that constitute the very fabric of social order. In this continuing tale, a young student at the Texas Medical Center in Houston is confronted with the intertwining world of healthcare and the dark and evil forces lurking within the encroaching shadows of moral decay.
