# Emile Durkheim A Biography

**Steven Lukes**

## Emile Durkheim A Biography:

Emile Durkheim Steven Lukes,1985 This study of Durkheim seeks to help the reader to achieve a historical understanding of his ideas and to form critical judgments about their value To some extent these two aims are contradictory On the one hand one seeks to understand what did Durkheim really mean how did he see the world how did his ideas related to one another and how did they develop how did they related to their biographical and historical context how were they received what influence did they have and to what criticism were they subjected what was it like not to make certain distinctions not to see certain errors of fact or of logic not to know what has subsequently become known On the other hand one seeks to assess how valuable and how valid are the ideas to what fruitful insights and explanations do they lead how do they stand up to analysis and to the evidence what is their present value Yet it seems that it is only by inducing oneself not to see and only by seeing them that one can make a critical assessment The only solution is to pursue both aims seeing and not seeing simultaneously More particularly this book has the primary object of achieving that sympathetic understanding without which no adequate critical assessment is possible It is a study in intellectual history which is also intended as a contribution to sociological theory     **Émile Durkheim, His Life and Work** Steven Lukes,1992-01-01     **Emile Durkheim** Robert Bierstedt,1966     **Emile Durkheim** Steven Lukes,1981     **Emile Durkheim and the Reformation of Sociology** Stjepan Mestrovic,1993 This book proposes a new representation of Emile Durkheim as the philosopher and moralist who wanted to renovate rationalism challenge positivism reform sociology and extend Schopenhauer's philosophy to the new domain of sociology Above all it highlights Durkheim's vision of sociology as the science of morality that would eventually replace moralities based on religion     **Emile Durkheim on Morality and Society** Emile Durkheim,1973 Selections from Durkheim's writings focus on the nature of his conception of society and its moral context     The Political Durkheim Matt Dawson,2023-05-31 This book presents Durkheim as an important political sociologist inspired by and advocating socialism Through a series of studies it argues that Durkheim's normative vision which can be called libertarian socialism shaped his sociological critique and search for alternatives With attention to the value of this political sociology as a means of understanding our contemporary world the author asks us to look again at Durkheim While Durkheim's legacy has often emphasised the supposed conservative elements and stability advocated in his thought we can point to a different legacy one of a radical sociology In dialogue with the decolonial critique this volume also asks was Durkheim white and in doing so shows how as a Jew he experienced significant racialisation in his lifetime A new reading and a vital image of a political Durkheim The Political Durkheim will appeal to scholars and students with interests in Durkheim social theory and political sociology     *The Elementary Forms of the Religious Life* Émile Durkheim,2012-06-07 A founder of modern sociology examines animism naturism totemism myth and ritual in this 1912 classic which traces the source of religion and morality to a collective consciousness     Modernity and the Jews in Western Social Thought Chad Alen Goldberg,2017-05-22 In the late

nineteenth and early twentieth centuries prominent social thinkers in France Germany and the United States sought to understand the modern world taking shape around them Although they worked in different national traditions and emphasized different features of modern society they repeatedly invoked Jews as a touchstone for defining modernity and national identity in a context of rapid social change In *Modernity and the Jews* in *Western Social Thought* Chad Alan Goldberg brings us a major new study of Western social thought through the lens of Jews and Judaism In France where antisemites decried the French Revolution as the Jewish Revolution mile Durkheim challenged depictions of Jews as agents of revolutionary subversion or counterrevolutionary reaction When German thinkers such as Karl Marx Georg Simmel Werner Sombart and Max Weber debated the relationship of the Jews to modern industrial capitalism they reproduced in secularized form cultural assumptions derived from Christian theology In the United States William Thomas Robert Park and their students conceived the modern city and its new modes of social organization in part by reference to the Jewish immigrants concentrating there In all three countries social thinkers invoked real or purported differences between Jews and gentiles to elucidate key dualisms of modern social thought The Jews thus became an intermediary through which social thinkers discerned in a roundabout fashion the nature problems and trajectory of their own wider societies Goldberg rounds out his fascinating study by proposing a novel explanation for why Jews were such an important cultural reference point He suggests a rethinking of previous scholarship on Orientalism Occidentalism and European perceptions of America arguing that history extends into the present with the Jews and now the Jewish state continuing to serve as an intermediary for self reflection in the twenty first century

*The Oxford Handbook of Émile Durkheim* Hans Joas, Andreas Pettenkofer, 2024 mile Durkheim remains one of the most controversial and one of the most deeply misunderstood classics of social theory The Oxford Handbook of mile Durkheim takes stock of the different recent debates on Durkheimian sociology and makes them accessible to a wide audience spanning various disciplines this includes crucial debates that due to language barriers are not easily accessible for an English reading public In doing so this volume is an important resource for all scholars and students looking to understand Durkheimian sociology

[The Social Thought of Emile Durkheim](#) Alexander Riley, 2014-02-04 This new volume of the SAGE Social Thinkers series provides a concise introduction to the work life and influences of mile Durkheim one of the informal holy trinity of sociology's founding thinkers along with Weber and Marx The author shows that Durkheim's perspective is arguably the most properly sociological of the three He thought through the nature of society culture and the complex relationship of the individual to the collective in a manner more concentrated and thorough than any of his contemporaries during the period when sociology was emerging as a discipline

*The French Sociological Tradition* Hichem Karoui, 2024-07-06 The research background of this book is the rich and complex history of French sociology characterized by rigorous intellectual inquiry and diverse theoretical perspectives that have profoundly impacted global sociology The driving idea behind the book *Unlock the Legacy of French Sociology* is to provide a comprehensive exploration of the rich

and influential history of French sociology The book aims to detail the development of French sociological thought examining the contributions of key figures like mile Durkheim Pierre Bourdieu and others It also seeks to highlight both well known and lesser known aspects of French sociological theory as well as contemporary trends and practical applications in modern research The ultimate goal is to offer an authoritative reference and engaging read for students scholars and anyone interested in understanding the legacy and ongoing impact of French sociology on global sociological thought The research methodology proposed in this book involves a comprehensive examination of the development of French sociology its historical context key figures and contributions to sociological theory and research The task is to provide an authoritative reference and engaging read for students scholars and anyone interested in understanding French sociology s history and influence The performance achieved is a detailed exploration of French sociological thought which supports their goals

Methods Examination of the historical context of French sociology Analysis of key figures and their contributions to sociological theory Exploration of lesser known but significant aspects of French sociological thought Discussion of contemporary trends and practical applications in modern research Conclusion The significance of this piece of work lies in its detailed exploration of the rich and influential history of French sociology and its ongoing impact on sociological thought Innovation point Comprehensive examination of both well known and lesser known aspects of French sociological thought Performance Detailed and insightful analysis of key figures and theories Workload Extensive research and synthesis of historical and contemporary sociological contributions

*Emile Durkheim* Stephen Turner,2003-09-02 International scholarship over the last twenty years has produced a new understanding of Emile Durkheim as a thinker It has contributed to reassembling what for Durkheim was always a whole a sociological selection on morals and moral activism This volume presents an overview of Durkheim s thought and is representative of the best of contemporary Durkheim scholarship

On Durkheim's Elementary Forms of Religious Life N.J. Allen,W.S.F. Pickering,W. Watts Miller,2012-10-12 This is the first collection of essays to be published on Durkheim s masterpiece The Elementary Forms of Religious Life It represents the work of the most important international Durkheim scholars from the fields of anthropology philosophy and sociology The essays focus on key topics including the method Durkheim adopted in his study the role of ritual and belief in society the nature of contemporary religion The contributors also explore cutting edge debates about the notion of the soul and collective rituals

The Cambridge Companion to Durkheim Jeffrey C. Alexander,Philip Smith,2005-05-26 An authoritative and comprehensive collection of essays redefining the relevance of Durkheim to the human sciences in the twenty first century

**Emile Durkheim and His Sociology (Classic Reprint)** Harry Alpert,2016-09-14 Excerpt from Emile Durkheim and His Sociology Part II discusses only a few of the problems raised by Durk heim s conception of the nature scope and method of soci ology Our main effort here is to indicate the advantages of Durkheim s broad view of sociology as a positive science of social behavior as a rejuvenating method of social investiga tion and as a solid foundation for an integral social

philosophy Sociology must don overalls and dig deeply for the fact stuff that is its life blood But it must also without trepidation soar into the higher regions of rational thought whence alone come proper synthesis and integration About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*Emile Durkheim and His Sociology* Harry Alpert, 1966      *Emile Durkheim on the Family* Mary Ann Lamanna, 2001-10-24 This valuable source for a systematic and comprehensive understanding of Durkheim's ideas on the family constitutes a major addition to the literature on the family social theory women's studies and family law Highly recommended for upper division undergraduates and above CHOICE *Emile Durkheim on the Family* is intended to bring attention to this classical sociologist's work on the family Durkheim's writings in this area are little known but the family was nevertheless one of his primary interests the subject of an intended book that was never written Durkheim's ideas on the family appear only in scattered sources and a number of those sources have not been translated into English Durkheim's Sociology of the family has not heretofore been presented and analyzed holistically The purpose of Lamanna's book is to bring together Durkheim's ideas on the family from diverse sources and to present his family sociology systematically and comprehensively Quotations from Durkheim's writing or speaking enrich the analysis Durkheim's work on the family is situated in its historical context and comparisons are drawn to present day sociology of the family is situated in its historical context and comparisons are drawn to present day sociology of the family and family issues Chapter topics include Durkheim's life and times His evolutionary theory of the family Methodologies for studying the family The changing relationship of kin Conjugal family and the state The interior of the family Family policy Gender Sexuality An examination of Durkheim's work on the family reveals its close connections to his well known books and theories *Emile Durkheim on the Family* should interest audiences in sociology of the family social theory family science European intellectual history women's studies legal history and those generally interested in family studies and or nineteenth and early twentieth century Europe

**Contemporary Sociological Theory and Its Classical Roots** George Ritzer, Jeffrey Stepnisky, 2017-12-22 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Now with SAGE Publishing *Contemporary Sociological Theory and Its Classical Roots The Basics* is a brief survey of sociology's major theorists and theoretical approaches from the Classical founders to the present With updated scholarship in the new Fifth Edition authors George Ritzer and Jeffrey Stepnisky connect many theorists and schools of thought together under broad headings that offer

students a synthesized view of sociological theory This text is perfect for those who want an accessible overview of the entire tradition of sociological thinking with an emphasis on the contemporary relevance of theory     *The Power of the Sacred*  
Hans Joas, 2021-02-16 Disenchantment is a key term in the self understanding of modernity But what exactly does this concept mean What was its original meaning when Max Weber introduced it And can the conventional meaning or Max Weber's view really be defended given the present state of knowledge about the history of religion In *The Power of the Sacred* Hans Joas develops the fundamentals of a new sociological theory of religion by first reconstructing existing theories from the eighteenth century to the present Through a critical reading and reassessment of key texts in the three empirical disciplines of history psychology and sociology of religion including the works of David Hume J G Herder Friedrich Schleiermacher William James Emile Durkheim and Ernst Troeltsch Joas presents an understanding of religion that lays the groundwork for a thorough study of Max Weber's views on disenchantment After deconstructing Weber's highly ambiguous use of the concept Joas proposes an alternative to the narratives of disenchantment and secularization which have dominated debates on the topic He constructs a novel interpretation that takes into account the dynamics of ever new sacralizations their normative evaluation in the light of a universalist morality as it first emerged in the Axial Age and the dangers of the misuse of religion in connection with the formation of power Built upon the human experience of self transcendence rather than human cognition or cultural discourses *The Power of the Sacred* challenges both believers and non believers alike to rethink the defining characteristics of Western modernity

## Decoding **Emile Durkheim A Biography**: Revealing the Captivating Potential of Verbal Expression
