Understanding Children's Spirituality Kevin E. Lawson, 2012-03-22 How important is childhood in the spiritual formation of a person How do children experience God in the context of their lives as they grow What does God do in the lives of children to draw them to himself and help them grow into a vital relationship with him How can adults who care about children better support their spiritual growth and direct it toward relationship with God through Jesus Christ These are critical questions that church leaders face as they consider how best to nurture the faith of the children God brings into our lives In this book over two dozen Christian scholars and ministry leaders explore important issues about the spiritual life of children and ways parents church leaders and others who care about children can promote their spiritual formation

Christ in the Classroom Jared Dees, 2018-09-07 If the goal of catechesis is to cultivate an encounter with Christ why do religious educators spend so much time focused almost exclusively on ideas and not experiences The reason is that many have never been shown a method that inspires the heart while also instructing the mind Jared Dees creator of the popular website The Religion Teacher shows how applying the steps of lectio divina to teaching can reorient religious education toward encountering the person of Christ rather than merely sharing information about him In Christ in the Classroom Catholic author and speaker Jared Dees applies the five steps of lectio divina reading learning meditation prayer contemplation and action to the ministry of catechesis He offers teachers and catechists a practical framework for preparing lessons that broaden the focus of teaching from mostly intellectual learning to also encountering Christ in prayer reflection and action Using this method students and catechists come to know intimately the person of Christ at the same time that they are learning the tenets and traditions of the Church Dees shares stories of success and failure from his own teaching experience and he offers dozens of field tested strategies tactics and teaching methods to effectively integrate the steps of lectio divina into the classroom or other catechetical setting Outfitted with these tools both experienced and new religious educators will feel confident in their ability to teach effectively and lead their students to a life changing encounter with Jesus

The Church School Journal, 1895

Missional Youth Ministry Brian Kirk, Jacob Thorne, 2011-06-07 The mainline church in the past few decades has witnessed a ghettoization of youth within the church segregating them off to a particular room perhaps in the basement where they engage in ministry in isolation from the rest of the congregation They are assigned a youth minister or youth director often

the staff person with the least experience freeing up the real ministers to serve the adults in the church. They seldom serve on church boards or governing bodies in anything other than a cursory manner. Their leadership in worship is limited to one special Sunday a year; their activities seen more as programming than ministry and their place often described as the church of the future rather than the body of Christ in the here and now. For decades youth ministry in mainline churches has been program driven, assuming that the primary function of youth ministry was to use activities and events to attract young people to church and keep them occupied until they were ready to be adult members in the faith. In recent years it has become increasingly obvious that this paradigm has failed to develop youth as life-long participants in the Christian church and in the Christian faith. The result of such a model of ministry is that youth come to see church only as those segregated activities reserved for teenagers, most of which bear little resemblance to the practices of the rest of church life. Consequently, when youth graduate from high school and youth group, they perceive that their most meaningful church experiences are ended. Mainline congregations are now seeing the evidence of the real lack of impact of their youth ministries as the population of young adults in churches continues to shrink, even those young adults who were once regular participants in church youth group programs. In short, the program-driven model of youth ministry has failed to help youth find their place within the mission of the Church. *Rethinking Youth Ministry* critiques this older paradigm and invites the reader into a dialogue to help rethink many of the deepest assumptions of youth ministry in the mainline church. We challenge the consumerist goal of judging a youth ministry's success by the number of its participants. We push back against the notion that a youth ministry is the sum total of the events on the calendar. We rethink the place of volunteers and parents, calling for a greater role of adults as spiritual mentors in the lives of church youth. We send out a call for greater understanding of modern methods of teaching and the impact of brain research on the intellectual and spiritual development of youth, and we re-imagine a new role for mission within youth ministry which calls youth to see mission not as isolated activities but as the very heart of their faith journey. *Rethinking Youth Ministry* serves as a theological companion and practical guide for all those working in the trenches of youth ministry who are seeking to offer students a deeper, more consequential and active, life-long relationship with God through the ministry of Jesus Christ.

Temporary Stages III Jo Beth Gonzalez, 2025-09-01 Theatre activities ask adolescents to empathize with those who are different from themselves.
