## **Emotional Intelligence At Work The Untapped Edge For Success:**

**Emotional Intelligence at Work** Chi-Sum Wong, 2015-08-27 Emotional intelligence is a very popular concept since it was made known to the general public in 1995. However, it was under severe criticisms among scientific researchers and a lot of them did not believe that it should be accepted by scientists as true knowledge. The author of this book, who is one of the pioneers in this topic, spent sixteen years to study this concept. Together with other researchers, they gradually changed the conclusion of early researchers. Using rigorously scientific standards, this research team demonstrated that emotional intelligence is an intelligence dimension that has significant impact on various life outcomes such as life satisfaction and job performance. They developed testable theoretical framework for emotional intelligence in the workplace and attempted to show that the trainability of emotional intelligence is larger than traditional intelligence concept. The book looks at not only the scientific reports but all the stories behind some of the rigorous scientific studies in the author's 18-year journey. Their choice of research designs and how the designs are suitable to provide scientific evidence to demonstrate the validity of emotional intelligence are also described. Through this book, the process of scientific enquiry and important issues concerning the emotional intelligence concept are revealed in details by vivid stories and rigorous scientific reports. **EMOTIONAL INTELLIGENCE**

**S. K. MANGAL, SHUBHRA MANGAL**, 2015-01-17 Emotional Intelligence (EI) is a personality development tool which can be developed at any stage of life to enhance one's ability and get desired success in various life pursuits. This book is conceived to prove as an effective source of motivation and know how of getting imbued with the EI skills. The book describes emotional intelligence as a key to attain success in life. It highlights how managing emotional traits like anger, jealousy, empathy, love, and so on can help a person to be a better human being and emerge as a winner in life. Organized well, the chapters comprehensively explain the concept of emotional intelligence with relation to its development and utilization for getting desired success in one's personal, social, and professional life. The book thus has the needed potential to equip the readers with the knowledge, skills, and applied aspects of EI and its measure EQ for deriving rich dividends through the development and application of EI skills, mostly emotional and social in nature. The book also helps people with high IQ to analyze that EQ and IQ go hand in hand and by developing the EI skills, they can excel in those spheres of life where they otherwise fail to excel with IQ alone. The book is designed for the postgraduate students of Psychology, Education, and Management. Besides, the book is also useful for the professionals and general readers. It is going to prove an asset for those who are suffering from failures and lack of confidence. **Key features:** Provides an easy workable model of EI for utilizing EI skills as key to success. Includes reader-friendly features like key ideas within boxes, figures, tables, case studies, and illustrations from daily life and Panchatantra stories and folk tales. *Emotional Intelligence* Annamaria Di Fabio, 2012-02-01 Emotional intelligence is an emerging construct for applied research and possible interventions both in scholastic, academic, and educational contexts, organizational contexts as well as at an individual level in terms of people's well-being and life.
