Work Accommodation and Retention in Mental Health Izabela Z. Schultz, E. Sally Rogers, 2010-11-16 Growing interest in the field of mental health in the workplace among policy makers clinicians and researchers alike has been fueled by equal employment rights legislation and increasing disability statistics in mental health The importance of addressing this topic is underscored by the fact that depression now ranks second on the hierarchy of occupational disabilities The problem is compounded by a host of factors including major difficulties in job retention and productivity experienced by persons with mental health disabilities younger age and higher education of persons with mental health problems and labor shortages and an aging workforce in many industrialized countries In addition particularly in the United States the vocational needs of army veterans returning from duty with mental health disorders require system based solutions and new rehabilitation approaches The pressure created by these powerful legislative societal and economic forces has not been matched by the state of evidence based practices in the field of employment retention and job accommodation in mental health Current research evidence is fragmented limited in scope difficult to access and adversely affected by the traditional divide between the fields of psychiatry and psychology on one hand and interdisciplinary employment research and practices on the other As a result policy makers employers disability compensation systems and rehabilitation and disability management professionals have been left without a critical how to evidence informed toolbox for occupational practices to accommodate and retain persons with mental health disabilities in the workplace Currently no single source of knowledge and research evidence exists in the field that would guide best practices Yet the need for workplace accommodations for persons with mental health disabilities has been growing and based on epidemiological trends is anticipated to grow even more in the future These trends leave physicians psychologists occupational therapists vocational rehabilitation professionals disability managers human resource professionals and policy makers poorly prepared to face the challenge of integrating and maintaining persons with mental health disabilities in the workplace The aim of the Handbook is to close the gap between the needs of the professionals and networks that work with or study persons with mental health disorders in an employment context and the actual knowledge base in the field The Handbook will be written in language that can easily be understood by readers representing a multitude of disciplines and research paradigms spanning the mental health rehabilitation and employment fields of inquiry The Handbook will contribute an integration of the best quantitative and qualitative research in the field together with experts

consensus regarding effective work retention and accommodation strategies and practices in mental health The book will consist of five major sections divided into chapters written by recognized experts in these areas

A Change of Heart Kevin J. McCarthy, Ph.D, 2014-09-25 Any attempt to produce a change of mind or a change in behaviors is doomed to fail given our human natures While we may have thoughts of creating this process in our personal life we are unable to sustain our focus given the constant barrage of worldly distractions Slowly or quickly our resolve ebbs away and once more we re caught up in the choices that bring pain and shame into our life and the lives of those we love Nothing changes until we experience a change of heart This is not an event but rather a journey that guides life and transforms character This change of heart is a gift that is extended to those who have come to the realization that of themselves they can do nothing Surrender is the key word and that is likely a difficult concept to tolerate in our human condition Yet as you surrender your will on a regular basis your life purpose will slowly and consistently be revealed in the opportunities that arise With each succeeding door that opens there will come a flow of challenges blessings and gifts that serve to sustain and nourish continued growth Out of this

process you will come to fully understand that there is a purpose for life and that the greatest joy comes from fulfilling that promise This is not a preachy book filled with solemn sayings rather it is a tribute to Jesus Christ who can work His purpose in any surrendered life My desire is that you join me on this pathway to personal transformation Your faith will grow as you come to understand the dynamic of surrender Out of your faith will grow a new and profound sense of hope that will complete its work in your life You cannot buy this gift or steal it as a possession yet it is offered freely to those who are committed to finding the truth
