Learning to Survive Infinity Steven J. Bingel, 2015-08-17 Some things are like this and our attempts to scrutinize only make the obscurity worse For those of us always on this edge is where we function best Chaos erratic behavior it all adds fuel to the fire Makes us keep chasing the elusive answer always there right on the tip of your tongue Like a familiar face sharing some space on a crowded subway in Manhattan while visiting your daughter you nod your head smile and say how you been hoping that the face will divulge who he is so you wont feel terrible because he remembered you but you cant remember his name Like the human psyche going through a mid life crisis where the divergence of two opposing behaviors causes one to have a nervous breakdown quantum physics seeks to lie on the outskirts of our imagination The outskirts are its perturbation point as referred to by physicists The place where we barely are cognizant of its existence Like our unconscious mind small glimpses appear fleetingly that titillate our conscious mind They may appear in a Jungian dream They may appear as synchronicities or de ja vu There is something guttural in human nature about new discovery It has been inside all of us a sleeping giant awakened occasionally It teases us gives us a view that is obscured like flying IFR on a socked in day The instruments can only tell you so much and you are forced to their attention giving in to stolen glances outside the cockpit window at the elusive ground below It is a hair raising experience albeit thrilling

Stomped On Jacob Chacko, 2024-06-25 In this emotionally charged drama *Stomped On* is a remarkable portrayal of powerful captivation of souls and minds The book insightfully explores the intricacies complexities and vulnerabilities of the human experience For Jeffrey life has been a roller coaster for as long as he can remember with events and experiences merely flashing by and rendering him more and more powerless with each passing The characters breathe with authenticity their struggles and triumphs echoing the universal themes that connect us all As we turn the pages we are invited into a world where words dance with eloquence where every sentence is a brushstroke painting vivid images in our minds It is a testament to the author s literary craftsmanship and dedication to the art of storytelling The central message of *Stomped On* is that by embracing and confronting the difficult aspects of life such as loss or adversities one is not only learning to cope but becoming stronger This is an adventure where

the very essence of humanity is tested to reveal the power of resilience and perseverance in the face of life's challenges and the liberating effect that hope has even in the darkest of hours. It is a manifestation of the powerful and truth-telling ability of literature to set reality ablaze through its examinations of the human condition as told in a work of fiction.
