by the world's foremost experts in preparedness for terrorism, natural disasters, and other unanticipated health emergencies, the text has been revised and updated with significant new content, including 10 new chapters and a digital adjunct teacher's guide with exercises and critical thinking questions. This new edition has strengthened its pediatric focus with updated and expanded chapters on caring for children's physical, mental, and behavioral health following a disaster. New chapters address climate change, global complex human emergencies, caring for patients with HIV/AIDS following a disaster, information technology and disaster response, and hospital and emergency department preparedness. The text provides a vast amount of evidence-based information on disaster planning and response for natural and environmental disasters and those caused by chemical, biological, and radiological elements, as well as disaster recovery. It also addresses leadership, management, and policy issues in disaster nursing and deepens our understanding of the importance of protecting mental health throughout the disaster life cycle. Each chapter is clearly formatted and includes Key Messages and Learning Objectives. Appendices present diagnosis and treatment regimens, creating personal disaster plans, a damage assessment guide, a glossary of terms, and more. Consistent with the Federal Disaster Response Framework, the book promotes competency-based expert nursing care during disasters and positive health outcomes for small and large populations. Key Features: Provides 10 new chapters and new content throughout the text. Includes digital teacher's guide with exercises and critical thinking questions. Consistent with current U.S. federal guidelines for disaster response. Disseminates state-of-the-science, evidence-based information. New Chapters: Management of the Pregnant Woman and Newborn During Disasters; Management of Patients With HIV/AIDS During Disasters; Disaster Nursing in Schools and Other Child Congregate Care Settings; Global Complex Human Emergencies; Climate Change and the Role of the Nurse in Policy and Practice; Human Services Needs Following Disaster Events; and Disaster Case Management. Hospital and Emergency Department Preparedness. National Nurse Preparedness. Achieving Competency-Based Expert Practice. Medical Countermeasures Dispensing. National Library of Medicine Current Catalog. National Library of Medicine (U.S.), 1990. **Behavioral Emergencies for the Emergency Physician**

Leslie S. Zun, Lara G. Chepenik, Mary Nan S. Mallory, 2013-03-21. Emergency physicians in all practice settings care for patients with both undifferentiated psycho-behavioral presentations and established psychiatric illness. This reference-based text goes beyond diagnostics, providing practical input from physicians experienced with adult emergency psychiatric patients. Physicians will increase their understanding and gain confidence working with these patients even when specialized psychiatric back-up is lacking. *Behavioral Emergencies for the Emergency Physician* is comprehensive, covering the pre-hospital setting and advising on evidence-based practice from collaborating with psychiatric colleagues to establishing a psychiatric service in your ED. Sedation, restraint, and seclusion are outlined. Potential dilemmas when treating pregnant, geriatric, or homeless patients with mental illness are discussed in detail, along with the more challenging behavioral diagnoses such as malingering, factitious, and personality disorders. This go-to comprehensive volume is invaluable for trainees.

care in Canada Varcarolis's Canadian Psychiatric Mental Health Nursing 3rd Edition uses a practical clinical perspective to provide a clear understanding of this often intimidating subject. It provides a foundation in nursing techniques and a guide to psychobiological disorders such as bipolar and depressive disorders, trauma, interventions, and interventions for distinct populations such as children and older adults. Adapted to meet the needs of Canadian nurses by Cheryl L. Pollard and Sonya L. Jakubec, this market-leading text prepares you for practice with real-world examples presented within a Canadian legal, ethical, and cultural context. Canadian focus throughout includes key considerations such as our nation's cultural and social diversity with federal/provincial/territorial distinctions. Canadian research and statistics reflect mental health and mental health practice in Canada. Research Highlight boxes are updated with examples of Indigenous research methodologies by Indigenous researchers and settler allies. DSM-5 boxes provide criteria for disorders covered by the American Psychological Association. Learning features include key terms and concepts, learning objectives, key points to remember, critical thinking, and chapter reviews reinforcing important information and helping to apply textbook content to the clinical setting. Assessment Guidelines boxes summarize the steps of patient assessment for various disorders. Drug Treatment boxes feature the most current generic and trade names for drugs used in Canada. Patient and Family Teaching boxes provide important details that should be discussed with patients and care givers. Integrative Therapy boxes highlight the different types of therapy that may be used to enhance treatment. Considering Culture boxes discuss the importance of cultural safety in providing competent care to diverse populations within various clinical situations. NEW Safety Tip boxes highlight important issues of safety for psychiatric mental health care, patient experiences, and nursing interventions. NEW Added mental health content covers Indigenous populations, migrant populations, and gender differences with a focus on cultural safety, equity, informed approaches, relational, and trauma-informed practices. Updated Chapter 29 covers recovery, survivorship, and public mental health approaches. Enhanced topics include substance use disorders, harm reduction, and support among nurses; changes related to Medical Assistance in Dying (MAiD) legislation; and mental health in view of climate change and the COVID-19 pandemic.
