Employment Technology And Development Economic Development Series:

Employment, Technology and Development Amartya Sen,1999 This Study Conducted By Professor Sen For The Ilo In The 1970S Emphasizes The Use Of Social Benefit Cost Analysis As A Tool To Evaluate Employment Policies And Optimal Resource Allocation In Developing Countries *Employment, Technology and Development* Amartya K. Sen,1975

High-Technology Development in Regional Economic Growth Byung-Rok Choi,2019-06-04 This title was first published in 2003 Korea has had considerable success in developing its high technology industries and these have become significant employers in this region By analysing the situation in Korea this book explores the effects of dynamic externalities on the growth of regional employment in the high technology industries It puts forward innovative simultaneous equation models to test three sets of hypotheses related to so called Jacobs and MAR effects differentiated by firm size organizational type and product Clear evidence is found for endogenous technological progress marked by positive feedback especially for small firms in diversified high technology enclaves There are technological externalities associated with knowledge spillovers and local employment has indirect effects on employment growth via dynamic externalities The implications for local economic development policy are outlined in a concluding section **General X-Efficiency Theory and Economic Development**

Harvey Leibenstein,1978-08-31 Resources in Education ,1996 Staff Studies for the World Economic Outlook International Monetary Fund,1986-01-01 This paper reviews recent analytical and empirical research on the determination of employment to provide a framework for evaluating the merits of alternative policies to cope with unemployment Particular emphasis is placed on the mechanisms of employment and wage determination described in recent studies The lack of any systematic relationship between countries long run growth and employment performances reflects the fact that output per person employed labor productivity or conversely the labor intensity of production has developed quite differently across countries The main mechanism through which the rise in real wages has prevented greater employment gains in Europe over the past ten to fifteen years seems to have been a substitution of capital for labor which has lowered the labor intensity of production significantly more than in the United States There are a number of important caveats with respect to the apparent relationship between differences in employment and labor cost developments across countries Multinationals and Economic Development (Routledge Library Editions: International Business) James C.W. Ahiakpor,Alan Rugman,Fellow in Strategic Management Alan Rugman,2008-02-20 First published in 1990 Routledge is an imprint of Taylor Francis an informa company Theories of Local Economic Development Richard D. Bingham,Robert Mier,1993-08-24 Presenting state of the art theoretical positions on important development issues such as the inner city technological innovation and rebuilding economic infrastructure are explored in this volume The contributors to this volume drawn from various social science backgrounds explore a variety of theories and examine them in relation to the practical actions of local economic development **Australian national bibliography** ,1961 **SOCIAL AND ECONOMIC DEVELOPMENT - Volume VI**

Salustiano del Campo ,Tomoko Hamada ,Giancarlo Barbiroli,Saskia Sassen, Eleonora Barbieri-Masini, Paul Nchoji Nkwi, Owen Sichone, Abubakar Momoh,2010-11-15 Social and Economic Development is a component of Encyclopedia of Development and Economic Sciences in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Social and Economic Development provides the essential aspects and a myriad of issues of great relevance to our world such as Socioeconomic Developmental Social Work Perspectives on Contemporary Socioeconomic Development Sustainable Development of Natural Resource Capital Sustainable Development Of Human Resource Capital Intellectual And Knowledge Capital For Sustainable Development At Local National Regional And Global Levels Economic And Financial System Development Information And Knowledge Institutional And Infrastructure System Development Information And Knowledge Basic Principles Of Sustainable Development Environmental Economics And Sustainable Development Implementing Sustainable Development In A Changing World Economic Sociology Its History And Development The Socioeconomics Of Agriculture Agricultural And Rural Geography Impact Of Global Change On Agriculture Human Nutrition An Overview The Role Of Inter And Nongovernmental Organizations Nongovernmental Organizations Social And Cultural Development Of Human Resources This 8 volume set contains several chapters each of size 5000 30000 words with perspectives issues on social and Economic Development These volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs *International Agricultural Development* Carl K. Eicher,John M. Staatz,1998-11-20 Other topics include market failures food insecurity rural poverty environmental degradation income and asset inequality fiscally sustainable organizations the changing roles of the public and private sector in research input delivery systems marketing and low rates of agricultural growth in much of sub Saharan Africa **Rural Entrepreneurship and Small Business Development** Patricia La Caille John,1993 **Resources in Vocational Education** ,1980 *Infrastructure and the Complexity of Economic Development* David F. Batten,Charlie Karlsson,2012-12-06 The book examines the complex relationships between infrastructure and the rest of the economy In particular it focuses on the contentious issue of whether infrastructure investments stimulate productivity growth issues of pricing and ownership and also development problems such as environmental damage Methods range from traditional production function models and compensating variation approaches to nonlinear methods of dynamic analysis There is a unique emphasis on the ability of these different methods to allow for the complex interdependencies involved Six of the fifteen papers deal with these methodological aspects whereas the remainder addresses specific cases or examples in a variety of countries Europe USA and developing countries *Handbook of Research on Global Information Technology Management in the Digital Economy* Raisinghani, Mahesh S.,2008-01-31 Includes the most important issues concepts trends and technologies in the field of global information technology management covering topics such as the technical platform for

global IS applications information systems projects spanning cultures managing information technology in corporations and global information technology systems and socioeconomic development in developing countries *Science, Politics, And The Agricultural Revolution In Asia* Robert S Anderson, Paul R Brass, Edwin Levy, Barrie Morrison, 2019-05-28 Agriculture in southern Asia has undergone a radical transformation in recent years one that continues to alter the political economy of the area Beyond the familiar elements of the green revolution there has been an increase in resource exploitation for food production and a rise in the economic and political strength of food producers as well *Role of IT- ITES in Economic Development of Asia* Soumyen Sikdar, Ramesh Chandra Das, Rajib Bhattacharyya, 2020-10-09 This book focuses on the contribution of Information Technology IT and Information Technology Enabled Services ITES in shaping the current and future global economic scenario with a special focus on Asia and taking into account the three broad macroeconomic dimensions growth sustainability and governance mechanisms The last two decades have witnessed a structural shift in the world economy due to the tremendous growth in gross domestic product share for the service sector in fact service has emerged as the dominant sector and the main driver of GDP growth This is mainly attributable to the spectacular success of the IT sector in the new knowledge economy Tradability technology and transportability the three T s govern productivity growth in today s services Growing Asian economies such as India China and Vietnam using their demographic advantages have been reaping the benefits of this boom The book s content focuses on recent debates and discussions concerning the issue of long term sustainability and governance especially in India as these companies are facing continuous challenges in terms of international competition salary inflation health hazards scarcity of talent employee attrition security concerns global slowdown and many other technology related issues The book further highlights how the increased application of IT based products and services is resulting in harsh inequalities concerning income distribution in many developing countries of Asia mainly because of its labor shedding nature and hence might be detrimental to sustainable development if suitable policy measures are not implemented to counter these effects The book provides a wealth of information for researchers graduate students and political scientists alike as well as thought provoking insights for social scientists policymakers and government officials It also offers a valuable source of data for business and management professionals and for members of Chambers of Commerce and Industry *Economic Development, Poverty, And Income Distribution* William Loehr, 2019-04-10 The increasing inequality and poverty that seem inevitably to accompany economic growth in developing countries have become more and more evident in recent years The search for development paths that lead to growth with equality all too difficult to find is now an area of central concern for development economists One result of their concern is this volume in which internationally known representatives of a range of disciplines address themselves to ways in which growth with equity might be successfully achieved The book begins with both empirical and theoretical background to the development issues involved and with an overview of the experience of the international development assistance community

focuses on operational definitions of the poor that will permit analytical policy oriented research to lead to useful conclusions Specific concern is expressed for small business owners women peasants and recent migrants from rural to urban areas The basic question of course is what can be done about poverty and inequality includes suggestions for specific measures and provides a comprehensive comparison across a wide range of policy options The book does not solve the problem but it does point to directions that promise a reasonably high probability of success And throughout suggestions are made for the kind of interdisciplinary research required to raise that probability even further

Small- And Medium-scale Industries In The Asean Countries Mathias Bruch,Ulrich Hiemenz,2019-05-28 Small and Medium Scale Industries in the ASEAN Countries is a comparative study of SMIs in the five member countries of the Association of Southeast Asian Nations ASEAN analyzing the performance of SMIs to generate income and employment
