## **Empowering Women In Russia Empowering Women In Russia:**

Empowering Women in Russia Julie Hemment, 2007-03-12 Julie Hemment's engrossing study traces the development encounter through interactions between international foundations and Russian women's groups during a decade of national collapse. Prohibited from organizing independently under state socialism, women's groups became a focus of attention in the mid 1990s for foundations eager to promote participatory democracy but the version of civil society that has emerged the third sector is far from what Russian activists envisioned and what donor agencies promised. Drawing on ethnographic methods and Participatory Action Research, Hemment tells the story of her introduction to and growing collaboration with members of the group Zhenskii Svet Women's Light in the provincial city of Tver. **Women and Transformation in**

**Russia** Aino Saarinen, Kirsti Ekonen, Valentina Uspenskaia, 2013-11-26 This book looks at Russian women's mobilization and agency during the two periods of transformation: the turn of the 19th/20th century and the 20th/21st century. Bringing together the parallels between the two great transformations, it focuses on both the continuities and breaks and importantly it shows them from the grassroots point of view, emphasizing the local factor. Chapters show the international and transnational aspects of Russian women's agency of different spheres and different historical periods. The book goes on to raise new research questions such as the evaluation and comparison of Soviet society and contemporary Russia from the point of view of gender and women's possibilities in society. *Sexuality and Gender in Postcommunist Eastern Europe and Russia* Theo Sandfort, 2005 *Sexuality and Gender in Postcommunist Eastern Europe and Russia* is a groundbreaking look at the new sexual reality in Central Eastern and Southeast Europe after the fall of communism. The book presents the kind of candid discussion of sexual identities, sexual politics and gender arrangements that was often censored and rarely discussed openly before the breakup of the Soviet Union in 1987. Authors from a variety of disciplines examine how the changes caused by rapid economic and social transformation have affected human sexuality and if those changes can generate the social tolerance necessary to produce a well-rooted democracy. Handy tables and figures make the information easy to access and understand. Women's Roles and Agency in Russian Society Before and During the War in Ukraine Ann-Mari S  tre, 2025-02-04 *Women's Roles and Agency in Russian Society Before and During the War in Ukraine* tracks Russian societal development and transformation as reflected in women's experiences, views and agency. This book explores women's roles in various sectors of Russian society including the labor market in the 1990s, entrepreneurship, politics, the social sector and their engagement in civil society. The author employs interviews describing the experiences, views and agency of Russian women in leading positions in the social services, NGOs and elsewhere that serve to help vulnerable women. Their stories make visible how women's agency has changed in the face of growing authoritarianism in the region. Their work and position have become more perilous in the wake of the Russia-Ukraine War and the increased attempts by authorities to cover up and silence social unrest. Russia

and Development Charles Buxton,2014-12-11 Unique and insightful this book takes a look at Russia s development through the Tsarist and Soviet periods Rather than make the more familiar comparisons between Russia and the West Russia and Development focuses on political and social mobilization in adjacent Central Asia It examines the role of local government and civil society in development as well as popular responses to the policies of Putin and Medvedev aimed at modernizing Russia and forging a new Eurasia alliance in Russia s development neighbourhood The book uses local sources and case studies to pose important questions about the role of empire revolution nationalism and democratization in the twenty first century With unique insider knowledge Charles Buxton ultimately places Russia s current development model in an international context where Russia is increasingly becoming a competitor to Western led development practices Essential reading for anyone interested in the region or development thought and practice      **From the Shadows of Fortitude:**

study considers the impact of industrialisation revolution and world war on women s working lives in Russia Unlike existing studies this new text looks at women from all social classes In the process the authors reveal how the stereotypical portrayal of Russian women s work as a struggle of endurance and sacrifice distorts and oversimplifies the reality of their experience between 1880 and 1930      Russian Performances Julie Buckler,Julie Cassiday,Boris Wolfson,2018-09-18 Throughout its modern history Russia has seen a succession of highly performative social acts that play out prominently in the public sphere

This innovative volume brings the fields of performance studies and Russian studies into dialog for the first time and shows that performance is a vital means for understanding Russia's culture from the reign of Peter the Great to the era of Putin. These twenty-seven essays encompass a diverse range of topics from dance and classical music to live poetry and from viral video to public jubilees and political protest. As a whole, they comprise an integrated compelling intervention in Russian studies. Challenging the primacy of the written word in this field, the volume fosters a larger intellectual community informed by theories and practices of performance from anthropology, art history, dance studies, film studies, cultural and social history, literary studies, musicology, political science, theater studies, and sociology.

*Unmaking Russia's Abortion Culture* Michele Rivkin-Fish, 2024-11-25. As the predominant form of birth control in Soviet society, abortion reflected key paradoxes of state socialism: women held formal equality but lacked basic needs such as contraceptives. With market reforms, Russians enjoyed new access to Western contraceptives and new pressures to postpone childbearing until economically self-sufficient. But habits of family planning did not emerge automatically; they required extensive physician retraining, public education, and cultural transformation. In *Unmaking Russia's Abortion Culture*, author Michele Rivkin-Fish examines the creative strategies of Russians who promoted family planning in place of routine abortion. Rather than emphasizing individual rights, they explained family planning's benefits to the nation, its potential to strengthen families and prevent the secondary sterility that resulted when women underwent repeat, poor-quality abortions. Still, fierce debates about abortion and contraceptives erupted as declining fertility was framed as threatening Russia's demographic sovereignty. Although Russian family planners embraced a culturally meaningful liberalism that would rationalize public policy and reenchant relations, nationalist opponents cast family planning as suspicious for its association with the individualistic, child-free West. This book tells the story of how Russian family planners developed culturally salient frameworks to promote the acceptability of contraceptives and help end routine abortion. It also documents how nationalist campaigns for higher fertility denounced family planning and ultimately dismantled its institutions. By tracing these processes, *Unmaking Russia's Abortion Culture* demonstrates the central importance of reproductive politics in the struggle for liberalizing social change that preceded Russia's 2022 descent into war, repression, and global marginalization.

**Gender Equality on a Grand Tour** Eva Blomberg, Yulia Gradska, Ylva Waldemarson, Alina Zvinkliene, 2017-07-20 Gender Equality on a Grand Tour Politics and Institutions the Nordic Council Sweden Lithuania and Russia explores the politics around the establishment development and transformation of gender equality institutions in the Nordic countries on the example of Sweden in the former communist countries east of the Baltic Sea region the example of Lithuania and in the northwestern part of Russia The authors analyze the interplay between the internationalization and Europeanization of gender equality on the one hand and national and local contexts on the other Gender Equality on a Grand Tour also is the first study to explore the role of one of the leading transnational actors in the region the Nordic Council and the Nordic Council of Ministers in gender equality institutionalization in the Baltic Sea region

**Russia's Futures** Richard Sakwa, 2019-03-04 Russia is back as a major force in global politics but what does this mean Is Russia the dangerous revisionist foe that meddles in Western elections and tries to subvert the liberal international order Or is it a country precariously trying to maintain security and enhance prosperity at home while re asserting its place as a great power in the world today In this book renowned Russia scholar Richard Sakwa explores current debates on Russia placing them in historical context and outlining the fundamental challenges currently facing the country Post communist Russia had to grapple with a unique set of problems including reconstituting the political system rebuilding the economy re imagining the nation and rethinking Russia's place in the world The solutions are still being sought but this hard hitting study argues that the failure to create an international system in which Russia's transformation became part of a revised world order has made the search far more difficult than it may otherwise have been Although Russia is one of the oldest states in Europe in its contemporary guise it is one of the youngest Russia has had many pasts and given its size centrality and complexity it will also have many futures

**Trafficking Justice** Lauren A. McCarthy, 2015-11-16 In response to a growing human trafficking problem and domestic and international pressure human trafficking and the use of slave labor were first criminalized in Russia in 2003 In Trafficking Justice Lauren A McCarthy explains why Russian police prosecutors and judges have largely ignored this new weapon in their legal arsenal despite the fact that the law was intended to make it easier to pursue trafficking cases Using a combination of interview data participant observation and an original dataset of more than 5 500 Russian news media articles on human trafficking cases McCarthy explores how trafficking cases make their way through the criminal justice system covering multiple forms of the crime sexual labor and child trafficking over the period 2003 2013 She argues that to understand how law enforcement agencies have dealt with trafficking it is critical to understand how their institutional machinery the incentives culture and structure of their organizations channels decision making on human trafficking cases toward a familiar set of routines and practices and away from using the new law As a result law enforcement often chooses to charge and prosecute traffickers with related crimes such as kidnapping or recruitment into prostitution rather than under the 2003 trafficking law because these other

charges are more familiar and easier to bring to a successful resolution In other words after ten years of practice Russian law enforcement has settled on a policy of prosecuting traffickers not trafficking
