### **Empty Meeting Grounds 1st First Edition:**

**Empty Meeting Grounds** Dean MacCannell, 2002-09-11 Empty Meeting Grounds continues Dean MacCannell's search for the cultural subject that is about to emerge from the encounter of the ex-primitive and the post-modern. It contains fascinating chapters on Cannibal Tours, The Desire to be Postmodern, the Vietnam Memorial in Washington D.C., the Statue of Liberty Restoration Project and the urbanization of Yosemite Park. *Political Economy and Tourism* Jan

Mosedale, 2010-01-11 Political economy in its various guises and transfigurations is a research philosophy that presents both social commentary and theoretical progress and is concerned with a number of different topics: politics, regulation and governance, production systems, social relations, inequality and development amongst many others. As a critical theory, political economy seeks to provide an understanding of societies and of the structures and social relations that form them in order to evoke social change toward more equitable conditions. Despite the early influence of critical development studies and political economy on tourism research, political economy has received relatively little attention in tourism research. *Political Economy and Tourism* the first volume to bring together different theoretical perspectives and discourse in political economy related to tourism. Written by leading scholars, the text is organised into three sequential Parts linked by the principle that the political and the economic are intimately connected. Part one presents different approaches to political economy including Marxist political economy, regulation, comparative political economy, commodity chain research and alternative political economies. Part two links key themes of political economy such as class, gender, labour, development and consumption to tourism and Part three examines the political economy at various geographical scales and focuses on the outcomes and processes of the political act of planning and managing tourism production. This engaging volume provides insights and alternative critical perspectives on political economy theory to expand discussions of tourism development and policy in the future. *Political Economy and Tourism* is a valuable text for students, researchers and academics interested in Tourism and related disciplines. *Consumer Tribes in Tourism* Christof Pforr, Ross Dowling, Michael Volgger, 2020-11-18

This book adopts a collectivist perspective on special interest tourism consumption, bringing together research on special interest tourism and niche tourism as well as more recent research into the interdisciplinary applications of the sociological concept of neo-tribes. It promotes a shift in perspective away from special interest tourism understood as a sum of similarly motivated individuals to a collective view of special interest tourists who share common characteristics, e.g. shared values, beliefs and mutual interests and group structures. This approach provides a better understanding of groupings that are not unified by a common tourism motivation but brought together by otherwise conditioned commonalities in actual behavior triggered by supply-side contexts, e.g. Airbnb. The book considers tourism micro-segments as consumer tribes, i.e. as symbolic communities in which individuals are embedded and loosely bound together. As there is limited research on the collectivist perspective on special interest tourism consumption, in the first part the book's conceptual/theoretical discourse contributes

to a better understanding of groupings in tourism behavior but also collectives that are not unified by a common tourism motivation Presenting international examples the book explores in Part 2 the group culture of a range of tourist tribes by describing emerging tourism micro segments identifying shared identities and analyzing their collective mechanisms

**Fiction** Marta Usiekniewicz,2023-07-12 Food Consumption and Masculinity in American Hardboiled Fiction draws on three related bodies of knowledge crime fiction criticism masculinity studies and the cultural analysis of food and consumption practices from a critical eating studies perspective In particular this book focuses on food as an analytical category in the study of tough masculinity as represented in American hardboiled fiction Through an examination of six American novels Dashiell Hammett s The Maltese Falcon Raymond Chandler s The Big Sleep Leigh Brackett s No Good from a Corpse Dorothy B Hughes s In a Lonely Place Jim Thompson s The Killer Inside Me and Rex Stout s Champagne for One this book shows how these novels reflect the gradual process of redefining consumption and consumerism in America which traditionally has been coded as feminine Marta Usiekniewicz shows that food and eating also reflect power relations and larger social and economic structures connected to class gender geography sexuality and ability to name just a few **Economies of Representation, 1790?2000** Leigh Dale,2017-11-30 Although postcolonialism has emerged as one of the most significant theoretical movements in literary and cultural studies it has paid scant attention to the importance of trade and trade relations to

debates about culture Focusing on the past two centuries this volume investigates the links among trade colonialism and forms of representation posing the question What is the historical or modern relationship between economic inequality and imperial patterns of representation and reading Rather than dealing exclusively with a particular industry or type of industry the contributors take up the issue of how various economies have been represented in Aboriginal art in literature by North American Caribbean Portuguese South African First Nations Australian British and Aboriginal authors and in a diverse range of writings that includes travel diaries missionary texts the findings of the Leprosy Investigation Commission early medical accounts and media representations of HIV AIDS Examining trade in commodities as various as illicit drugs liquor bananas tourism adventure fiction and modern Aboriginal art as well as cultural exchanges in politics medicine and literature the essays reflect the widespread origins of the contributors themselves who are based throughout the English speaking world Taken as a whole this book contests the commonplace view promoted by some modern economists that trade in and of itself has a leveling effect equalising cultures places and peoples demonstrating instead the ways in which commerce has created and exacerbated differences in power

**Pun(k) Deconstruction** jan jagodzinski,2018-12-07 In Postmodern Dilemmas Outrageous Essays in Art Art Education and Pun k Deconstruction Experifigural Writings in Art Art Education jan jagodzinski presents a series of essays covering a timespan of approximately ten years These essays chart the theory and practice of art art education as it relates to issues of postmodernity and poststructuralism concerning representation identity politics consumerism postmodern architecture ecology phallocentrism of the artistic canon pluriculturalism media and technology and AIDS As a former editor of The Journal of Social Theory in Art Education and a founding member for the Caucus on Social Theory in Art Education the author attempts to deconstruct the current art education paradigm which is largely based on modernist tenets and to reorient art education practice to social issues as developed in both media education and cultural studies Part of the intent in these two volumes is to undertake a sustained critique of the 1982 Art in the Mainstream A I M statement which continues to be considered as the core value for art education The distinct intention of this critique is to put forward a new value base for art art education in these postmodern times Many of the essays raise the need to be attentive to sex gender issues in art art education and the need to read the artistic discourse otherwise There is a sustained critique of the art programs developed by the Getty Center for the Arts whose arts curriculum presents the paradigm case of late modernist thinking Some essays are written in a provocative form that tries to accommodate such content This is particularly the case in Pun k Deconstruction where architectural discourse is deconstructed and which includes an artistic performance given by the author in 1987 This singular set of volumes combines scholarship in the areas of gender studies aesthetics art history art education poststructuralism and cultural studies in a unique blend of theory and practice for rethinking the field of art education

**The British Abroad Since the Eighteenth Century, Volume 1** Xavier Guégan,2013-11-19 This book considers the British travelling beyond their isles over the last three hundred years and through a range of interdisciplinary

perspectives reflects on their taste for discovery and self discovery both through the exploration and exploitation of other lands and peoples

**A History of Modern Tourism** Eric Zuelow, 2015-10-26 Tourism is one of the largest industries in the world yet leisure travel is more than just economically important It plays a vital role in defining who we are by helping to place us in space and time In so doing it has aesthetic medical political cultural and social implications However it hasn't always been so Tourism as we know it is a surprisingly modern thing both a product of modernity and a force helping to shape it A History of Modern Tourism is the first book to track the origins and evolution of this pursuit from earliest times to the present From a new understanding of aesthetics to scientific change from the invention of steam power to the creation of aircraft from an elite form of education to family car trips to see national shrines this book offers a sweeping and engaging overview of a fascinating story not yet widely known

**From Martyr to Monument** Janet T. Marquardt, 2009-03-26 After the French Revolution and the dissolution of the monastic orders the great Abbey of Cluny in France was closed and the buildings were sold for materials This process went on for nearly thirty years just as a romantic appreciation of the medieval past was gaining popularity Although the government was unable to halt most of the demolition work one transept arm with a large and small tower was saved from ruin along with a few small Gothic buildings and the eighteenth century cloister Efforts to preserve repair and reuse the remains waxed and waned for a century while historians wrote with regret about the abbey's demise In 1927 Kenneth Conant came from Harvard to excavate the site with American funding in order to prepare full scale reconstructive drawings of the abbey Conant's vision of medieval Cluny entered the art historical canon and placed Cluny at the center of debates about Romanesque architecture and sculptural decoration in Europe This study follows the discursive history of the site while investigating the role of memory in the construction of the past and the development of the conception of heritage and patrimony in France FOREWORD BY GILES CONSTABLE AND AVANT PROPOS D'ERIC PALAZZO Marquardt's account of the modern resurrections of medieval Cluny is a riveting one her research urges a rethinking of the modern conceptual structures that guide our study and interpretation of medieval art and culture Marquardt meditates on the complex ideas histories events and touristic activities including the performance of pageants that contributed to the fashioning of Cluny as a memory site Kathryn L Brush University of Western Ontario Canada

**Lady Joker, Volume 1** Kaoru Takamura, 2021-04-13 One of Japan's great modern masters Kaoru Takamura makes her English language debut with this two volume publication of her magnum opus Tokyo 1995 Five men meet at the racetrack every Sunday to bet on horses They have little in common except a deep disaffection with their lives but together they represent the social struggles and griefs of post War Japan a poorly socialized genius stuck working as a welder a demoted detective with a chip on his shoulder a Zainichi Korean banker sick of being ostracized for his

race a struggling single dad of a teenage girl with Down syndrome The fifth man bringing them all together is an elderly drugstore owner grieving his grandson who has died suspiciously after the revelation of a family connection with the segregated buraku community historically subjected to severe discrimination Intent on revenge against a society that values corporate behemoths more than human life the five conspirators decide to carry out a heist kidnap the CEO of Japan's largest beer conglomerate and extract blood money from the company's corrupt financiers Inspired by the unsolved true crime kidnapping case perpetrated by the Monster with 21 Faces Lady Joker has become a cultural touchstone since its 1997 publication acknowledged as the magnum opus by one of Japan's literary masters twice adapted for film and TV and often taught in high school and college classrooms *People and Places of Nature and Culture* Rod Giblett, 2014-05-27 Using the rich and vital Australian Aboriginal understanding of country as a model *People and Places of Nature and Culture* affirms the importance of a sustainable relationship between nature and culture While current thought includes the mistaken notion perpetuated by natural history ecology and political economy that humans have a mastery over the Earth this book demonstrates the problems inherent in this view In the current age of climate change this is an important appraisal of the relationship between nature and culture and a projection of what needs to change if we want to achieve environmental stability *The Ethics of Sightseeing* Dean MacCannell, 2011-05-19 Is travel inherently beneficial to human character Does it automatically educate and enlighten while also promoting tolerance peace and understanding In this challenging book Dean MacCannell identifies and overcomes common obstacles to ethical sightseeing Through his unique combination of personal observation and in depth scholarship MacCannell ventures into specific tourist destinations and attractions picturesque rural and natural landscapes hip urban scenes historic locations of tragic events Disney theme parks beaches and travel poster ideals He shows how strategies intended to attract tourists carry unintended consequences when they migrate to other domains of life and reappear as staged authenticity Demonstrating each act of sightseeing as an ethical test the book shows how tourists can realize the productive potential of their travel desires penetrate the collective unconscious and gain character insight and connection to the world *Tourism and Citizenship* Raoul Bianchi, Marcus Stephenson, 2014-02-24 More than sixty years since the 1948 Universal Declaration of Human Rights first enshrined the right to freedom of movement in an international charter of human rights the issue of mobility and the right to tourism itself have become increasingly significant areas of scholarly interest and political debate However despite the fact that cross border travel implies certain citizenship rights as well as the material capacity to travel the manifold intersections between tourism and citizenship have not received the attention they deserve in the literature This book endeavours to fill this gap by being the first to fully examine the role of tourism in wider society through a critically informed sociological reflection on the unfolding relationships between international tourism and distinct renderings of citizenship with particular emphasis on the ideological and political alignments between the freedom of movement and the right to travel The text weaves its analysis of

citizenship and travel in the context of addressing large scale societal transformations engendered by globalization neoliberalism and the geopolitical realignments between states as well as comprehending the internal reconfiguring of the relationship between citizens and states themselves By doing so it focuses on key themes including tourism and social citizenship rights race culture and minority rights states markets and the freedom of movement tourism peace and geopolitics consumerism and class and ethical tourism global citizenship and cosmopolitanism The book concludes that the advancement of genuinely democratic and just forms of tourism must be commensurate with demands for distributive justice and a democratic politics of mobility encompassing all of humanity This timely and significant contribution to the sociology and politics of international tourism through the lens of citizenship is a must read for students and scholars in both in the fields of tourism and social science The royalties received from this book will be donated to the International Porter Protection Group

**Leisure and Feminist Theory** Betsy Wearing, 1998-12-04 Wide ranging and challenging this book offers a host of new insights into how leisure theory has handled the question of gender difference and inequality Providing a critical introduction to the leading positions in leisure theory Betsy Wearing guides the reader through their strengths and weaknesses from a feminist perspective This book draws attention to the various leisure experiences that women encounter and construct in their everyday lives and the meanings that these experiences have for them Her perspective takes into account such poststructuralist ideas as multiple subjectivities of women and multiple femininities the possibilities of resistance to male dominance in leisure the potential through leisure of rewriting masculine and feminine scripts and leisure as a site of struggle to challenge hegemonic masculinity
