## **Enamoured Knight Dalkey Archive Scholarly:**

**The Enamoured Knight** Douglas H. Glover, 2005 This book is filled with a great love for the art of writing and is a celebration of the act of reading Through the prism of the renowned Russian Formalist Viktor Shklovsky Douglas Glover provides a scrupulous reading of Cervantes's Don Quixote By showing us how Cervantes constructed his novel and how we as readers participate in his magical creation he opens the 400 year old Spanish masterpiece to a new generation of readers Glover seduces us with his stunning prose while making it possible for even the casual reader to understand and enjoy Cervantes's genius **BOOK JACKET** **When Blackness Rhymes with Blackness (Dalkey Archive Scholarly Series)**

Rowan Ricardo Phillips, 2010-07-20 Lyrical provocative and highly original a groundbreaking book by one of America's smartest young poet critics In *When Blackness Rhymes with Blackness* Rowan Ricardo Phillips pushes African American poetry to its limits by unraveling our desire to think of African American poetry as African American poetry Phillips reads African American poetry as inherently allegorical and thus a successful shorthand for the survival of a poetry but unsuccessful shorthand for the sustenance of its poems Arguing in favor of the counterintuitive imagination Phillips demonstrates how these poems tend to refuse their logical insertion into a larger vision and instead dwell indefinitely at the crux between poetry and race where when blackness rhymes with blackness it is left for us to determine whether this juxtaposition contains a vital difference or is just mere repetition From *When Blackness Rhymes with Blackness* Phillis Wheatley like the epigraphs that writers fit into the beginning of their texts is first and foremost a cultural sign a performance It is either in the midst of that performance at a concert or in that performance's retrospection in a cafe that a retrievable form emerges from the work of a poet whose biography casts a far longer shadow than her poems ever have Next to Langston Hughes of all African American poets Wheatley's visual image carries the most weight recognizable to a larger audience by her famed frontispiece her statue in Boston and the drama behind the publication of her book *Poems on Various Subjects Religious and Moral* All of this will be fruit for discussion in the pages that follow Yet I will also be discussing the prophetic nature with which African American literature talks if you will Phillis Wheatley **Knight's Move** Виктор Шкловский, 2005 First published in 1923 *Knight's Move* is a collection of articles and short critical pieces that Viktor Shklovsky no doubt the most original literary critic and theoretician of the twentieth century wrote for the newspaper *The Life of Art* between 1919 and 1921 With his usual epigrammatic acerbic wit and genius Shklovsky pillories the bad writers artists and critics of his time especially those who used art as a political or social tool And at no time is Shklovsky better than when he insists with indignation and outrage that Art has always been free of life Its flag has never reflected the color of the flag that flies over the city fortress As fresh and revolutionary today as they were when written nearly a century ago these pieces promise to infuriate an English speaking readership as much as the Russian one of the 1920s **Phantasms of Matter in Gogol (and Gombrowicz)** Michal Oklot, 2009 An investigation into the problem of writing about matter in Nikolai

Gogol's work and indirectly into the entire Neoplatonic tradition in Russian literature this book is not intended to be an exhaustive historical survey of the concept of matter but rather an effort to enumerate the images of matter in Gogol's texts and to specify the rules of their construction. The trajectory of the book is directed by movement from Gogol to Gogol. Its major assumption is that Gogol successfully develops a language for grasping the Neoplatonic concept of matter and subsequently rejects it, abandoning literature. Since then the Gogolian form of the image of a sheer negation of form has recurred frequently in Russian literature. Yet the direction of the movement is always towards Gogol. Somewhere at the margin of this circular trajectory one can inscribe a Polish writer Witold Gombrowicz who established one hundred years later a similar rhythm governing Polish literature from Gombrowicz to Gombrowicz. *Literature and Cinematography* Viktor Shklovskii, 2008. In this essay a leading figure of the Russian Formalist movement of the 1910s and 1920s enunciates the function of the arts, what they are and more importantly what they are not. His views of the other arts lead him into speculations about cinematography which was just emerging at the time of writing 1923. **The Counterfeiters** Hugh Kenner, 2005. Wide ranging enough to encompass Buster Keaton, Charles Babbage, horses and a man riding a bicycle while wearing a gas mask. *The Counterfeiters* is one of Hugh Kenner's greatest achievements. In this fascinating work of literary and cultural criticism Kenner seeks the causes and outcomes of man's ability to simulate himself, a computer that can calculate quicker than we can and his world a mechanical duck that acts the same as a living one. This intertangling of art and science of man and machine of machine and art is at the heart of this book. He argues that the belief in art as a uniquely human expression is complicated and questioned by the prevalence of simulations or counterfeits in our culture. Kenner with his characteristically accessible style and wit brings together history, literature, science and art to locate the personal in what is an increasingly counterfeit world. **I Am Otherwise** Alex E. Blazer, 2007. *I Am Otherwise: The Romance between Poetry and Theory after the Death of the Subject* examines the contemporary poet's relationship with language in the age of theory. As the book works through close readings and interpretations of Adrienne Rich and Harold Bloom, John Ashbery and Paul de Man, Jorie Graham and Maurice Blanchot and Barrett Watten and Jacques Lacan, it shows how the main psychological modes of contemporary poetry and the postmodern poet are anxiety, irony, abjection and destitution. The book ultimately concludes that the new theoretical poetry self-consciously renders the effect of critical theory in its own construction. Whereas poets of the past tarried with nature, self or philosophy, poets of our time unite lyric feeling with literary theory itself. **Joyce in the Belly of the Big Truck; Workbook** Joyce A. Cascio, 2005-05. *Paradox of Freedom* Shiva Rahbaran, 2007. As the first book length study of Nicholas Mosley, *The Paradox of Freedom* combines a discussion of the author's incredible biography with an investigation of his writing, nearly all of which is published by Dalkey Archive Press. The son of Oswald Mosley, the leader of Britain's fascist Blackshirts, a British Lord, a Christian convert, a war veteran, a voracious reader and an important thinker, Nicholas Mosley has, this book argues, employed all of these experiences and ideas in novels and memoirs that seek to

describe the paradoxical nature of freedom how can man be free when limiting structures are necessary Can it be achieved and how The answer lies in the books themselves in the ways telling and re telling stories allows one to escape the seemingly logical boundaries of life and discover new meanings and possibilities This is a much needed companion to the work of one of Britain s most important post War writers      **“The” Review of Contemporary Fiction** John O'Brien,2005      **The Enamoured Knight** Douglas Glover,Douglas H. Glover,2004-01-01      *Library Journal* ,2005      *The Publishers Weekly* ,2005      *Jewish Quarterly* ,2006      **The Jewish Quarterly** ,2007
