1. View the "Inclusive" section of the "Setup Fence" configuration screen. Select the radio button next to the fence that is to be configured.

**Note:** The color on the "Fence Radius" slider coincides with the selected fence.

2. Type a description for the new fence in the "Description" field.
3. Use one of the following methods in order to define the center of a geographic fence:
  - **Click a point on the map.** To help establish the desired location, you can use the "Zoom" tool to the right of the map. You can also use the "North", "South", "East", and "West" buttons. These buttons are located on the borders of the map.
  - **Click on the icon of the magnifying glass.** This method enables you to enter a street address, city, state, and/or zip code. Note that this option is only available in North America.
4. In order to configure the radius of the fence, drag the "Fence Radius" slider to the appropriate location.

**Note:** The radius of the fence is displayed in kilometers. If your "Units of Measure" preference is miles, the fence will be configured in kilometers, converted to miles, and then displayed in miles.
